Marxism, Ideology and Myths David Flakser,1971

Philosophy and Myth in Karl Marx Robert C.

Tucker,2017-07-05 In Karl Marx s early writing first made available many years after his death his economic interpretation of history and his concept of communism were set in a comprehensive philosophical framework Marx s main preoccupation at this time was with man estranged from himself in an alienated world a subjective almost religious theme Taking full account of these earlier writings Robert Tucker critiques and reinterprets Marx s thought He shows how its origins can be located in earlier German philosophers in particular Kant Hegel and Feuerbach Reconstructing the genesis of Marxism in its founder s own mind he clarifies Marx s mystifying contention that Marxism represented Hegelianism turned on its head He then presents a new interpretation based on close textual analysis of the relation between Marx s early philosophical system and the subsequent materialist conception of history as expounded in the later and best known writings of Marx and Engels Against this background Tucker presents Das Kapital as a work belonging to the post Hegelian mythical development of Germany philosophy Considering in turn the genesis of Marxism and the underlying continuity of his thought from the early writings to Das Kapital Tucker shows the theme of alienation is central throughout In the years since the book was first written comments and criticism have encouraged Tucker to change his position somewhat This is explained in a new introduction that goes beyond the interpretative enterprise of the rest of the book to assess Marx in relation to contemporary concerns first it presents a critique of Marx s treatment of alienation and then it comments on the moot problem of the continuing relevance of his social and economic thought On the latter point his views have matured and altered during the intervening years and he now finds the economic and social aspects of Marx s thought considerably more relevant than he did before

Marxism and Alienation Nicholas Churchich,1990 An exposition and critique of the views of Marx and Marxists in which Marx s views are compared with other views and are explored in terms of theories causes and the transcendence of alienation self alienation and self realization and economic religious philosophic scientific social and political alienation

Political Ideologies Mostafa Rejai,1994-12-02 Designed for classroom use this book develops a framework for the comparative analysis of political ideologies and examines the most prominent political ideologies of modern time This revised edition has been enlarged to include feminism and environmentalism

British Marxism and Cultural Studies Philip Bounds,David Berry,2016-04-20 A comprehensive exploration of the profound influence of Marxist ideas on the development of Cultural Studies in Britain this volume covers a century of Marxist writing balancing synoptic accounts of the various schools of Marxist thought with detailed analyses of the most important writers Arguing that a recognisably Marxist tradition of cultural analysis began in the last two decades of the nineteenth century and continues unbroken to the present day British Marxism and Cultural Studies traces the links between contemporary developments in the field and the extended tradition of which they form a part With discussion of figures such as Jack Lindsay C L R James

Julian Stallabrass and Mike Wayne as well as the cultural thinking of the New Left Gramscian Althusserian and Political Economy schools this book shows that the history of British cultural Marxism is broader and richer than many people realise As such it will be of interest to scholars and students of sociology cultural studies intellectual history and the history of the Left

The War Against Marxism Tony McKenna, 2021-05-06 Marxism has provided the ideological impetus to liberation movements radical struggles and revolutions across the world But in the 20th century the emancipatory and democratic power of its thought has often been distorted and overridden by various Stalinist dictatorships which claimed to be acting in its name A similar undermining of freedom of thought has been accomplished at an intellectual level various schools have transformed Marxist thought in line with some of the most fashionable but gentrified forms of contemporary philosophy shifting the focus from the democratic power of the masses and their ability to challenge the capitalist order to concentrate on superstar thinkers and elite theories The War Against Marxism traces the war against Marxism which paradoxically has been conducted in the name of Marxism itself As such it provides a fiery philosophical and polemical indictment of so called Marxists such as Adorno Horkheimer Althusser Jameson Eagleton Mouffe Laclau and Zizek and asks what can be done to stem this counterrevolution

Kenneth Burke on Myth Lawrence Coupe, 2013-10-18 Kenneth Burke rhetorician philosopher linguist sociologist literary and music critic crank was one of the foremost theorists of literary form He did not fit tidily into any philosophical school nor was he reducible to any simple set of principles or ideas He published widely and is probably best known for two of his classic works A Rhetoric of Motive and Philosophy of Literary Form His observations on myth however were never systematic and much of his writing on literary theory and other topics cannot be fully understood without fleshing out his thoughts on myth and mythmaking

Political Myth Christopher Flood, 2013-12-02 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company

[The Rise of Modern Mythology, 1680-1860](#) Burton Feldman, Robert D. Richardson, 2000-04-22 A book on modern mythology

Myths of the Cold War Albert L. Weeks, 2014-07-02 Myths of the Cold War Amending Historiographic Distortions provides a corrective for the distortions and omissions of many previous domestic and foreign including Russian studies of the Cold War especially those published since 2000 The present interest motivation in Weeks s analysis is gaining a clear understanding of the bi polar 4 trillion nuclear war threatening standoff that lasted over 40 years after World War II until the demise of the Soviet Union in 1991 Without such knowledge and understanding of this dangerous conflict any future encounter of the cold war type with another nation state is liable to be construed in confusing ways just as the U S Soviet Cold War was The consequence of such misunderstanding in the historiographic sense as well as in policy making at the highest level is that the populations of the contending powers will have distorted conceptions of the reasons for the confrontation The result of this in turn is skewed tendentiousness that masks concrete underlying causes of intense inter state contention Practical benefits thus flow from an unprejudiced analysis of the past Cold War with Communist Russia This understanding can help prevent a future conflict

such as one with Communist China which some reputed sinologists are currently predicting as well as one with post Soviet Russia Conversely if a new cold war is imposed on the West a clearer understanding of the post World War II archetypical Cold War will be edifying

The Mythology of American Politics John T. Bookman, 2008 In this provocative set of essays John Bookman delves beneath the transitory issues of the day to identify and respond to the fundamental perennial questions of American politics The questions concern the myths that shape the thinking of so many Americans about politics These myths are the popular narratives that impart meaning to the American experience and define for many what it is to be an American For the first time readers have under one cover a sober informed examination of these myths Among the myths subjected to critical examination are the following

- 1 The Framers of the Constitution were fundamentalist Christians Americans at the time of the founding constituted a Christian nation
- 2 The Framers were disinterested demigods who wrote a constitution for the ages
- 3 James Madison intended separation of powers and checks and balances to protect the general citizenry against government
- 4 Constitutional constraints on democratic majorities are necessary to prevent tyranny of the majority
- 5 The United States is exceptional It is more populist egalitarian religious patriotic and prosperous than other nations
- 6 Americans are a chosen people marked out by God or history to carry out a world historical mission
- 7 The unfettered market uses resources more efficiently better promotes growth and confers more freedom than other ways of organizing the production and distribution of goods and services

In his examination of these myths Bookman does not slight argument in favor of description and explanation He does not neglect description and explanation but he enlists them in the service of arguments and those arguments reach conclusions sure to be controversial

Thinking Through Myths Kevin Schilbrack, 2003-09-02 Eight outstanding essays from leading academics deconstruct perennial problems of rationality imagination and narrative to trace the influence of myth in our own beliefs origins and potential futures *Thinking Through Myths* attempts to reconcile the opposed claims of pragmatism and beauty calling for the acknowledgement of myths in everyday experience

A

Theory of the Origin and Evolution of Man Based on Hegel's Philosophy Sergey Peruanskiy, 2020-03-30 This volume provides a scientific justification for the optimal formula of social justice through a critical analysis of the basic principles of Marxism While interest in Marxism is particularly prevalent in China today the theory developed here concerning the origins and evolution of man will be of interest to everyone and will help to contextualise questions of social justice within a scientific framework By providing a new interpretation of Hegelian thought alongside a synthesis of the thinking of Darwin and Marx the book details a law of the development of society using notable events from world history particularly the collapse of the USSR to verify it

Hegel, Marx, Nietzsche Henri Lefebvre, 2020-02-11 With the translation of Lefebvre's philosophical writings his stature in the English speaking world continues to grow Though certainly within the Marxist tradition he consistently saw Marx as an unavoidable necessary but insufficient starting point Unsurprisingly Lefebvre always insisted on the importance of Hegel to understanding Marx But the imposing Metaphilosophy also suggested the significance he ascribed to Nietzsche in the realm of shadows through which philosophy seeks to think the world Lefebvre proposes here that the modern world is at the same time Hegelian in terms of the state Marxist in terms of the social and society and Nietzschean in terms of civilization and its values As early as 1939 Lefebvre pioneered a French reading of Nietzsche that rejected the philosopher's appropriation by fascism bringing out the tragic implications of Nietzsche's proclamation that God is dead long before this approach was followed by such later writers as Foucault Derrida and Deleuze Forty years later in the last of his philosophical writings Lefebvre juxtaposes the contributions of the three great thinkers in a text whose themes remain surprisingly relevant today

Myth of Universal Human Rights David N. Stamos, 2015-11-17 In this groundbreaking and provocative new book philosopher of science David N Stamos challenges the current conceptions of human rights and argues that the existence of universal human rights is a modern myth Using an evolutionary analysis to support his claims Stamos traces the origin of the myth from the English Levellers of 1640s London to our modern day Theoretical defenses of the belief in human rights are critically examined including defenses of nonconsensus concepts In the final chapter Stamos develops a method of naturalized normative ethics which he then applies to topics routinely dealt with in terms of human rights In all of this Stamos hopes to show that there is a better way of dealing with matters of ethics and justice a way that involves applying the whole of our evolved moral being rather than only parts of it and that is fiction free

The Myth of the Reformation Peter

Opitz,2013-06-19 Im Juni 2011 fand die erste Konferenz des Reformation Research Consortium RefoRC am Institut für Schweizerische Reformgeschichte an der Theologischen Fakultät Zürich statt. Der Titel 'Mythos der Reformation' ermutigte kritische Perspektiven auf herkömmliche Vorstellungen über die Reformation des 16. Jahrhunderts. Peter Opitz bietet eine Auswahl von dort gehaltenen Vorträgen und versammelt facettenreiche Aspekte und Perspektiven zur Thematik. Dadurch gelingt es Opitz zumindest einen Mythos zu widerlegen, nämlich dass die Reformationszeit eine langweilige Periode war, in der es nicht viel mehr außer den herkömmlichen Mythen zu entdecken gab.

From Georges Sorel Georges Sorel,2018-01-16 The prophet of social decadence, the theorist of violence and advocate of the general strike, the critic who stood Marx on his head, Georges Sorel was one of the foremost writers of this century to write extensively on the great importance of the moral aspects of social movements. His reconstruction of socialist ethics established him as one of the most remarkable critics of Marxist thought, and his writings in many aspects anticipated contemporary interpretations. From Georges Sorel, the first of two volumes of Sorel's work presents his major contributions to social thought: articles on Marxism, religion, syndicalism, social myths, the philosophy of history and science, as well as a large and newly translated segment of 'Reflections on Violence'. In his introduction, John Stanley disputes the frequently encountered view of Sorel as a reactionary or extreme rightist and emphasizes Sorel's attempt to provide Western society with a morality based on labor struggle and family life.

Myths and Politics in Western Societies John Girling,2024-11-01 In an intriguing and provocative book, an important thesis. An important addition to libraries serving both academic and general readers. Choice.

Marxism Ideology And Myths Introduction

In today's digital age, the availability of Marxism Ideology And Myths books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Marxism Ideology And Myths books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Marxism Ideology And Myths books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Marxism Ideology And Myths versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Marxism Ideology And Myths books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Marxism Ideology And Myths books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Marxism Ideology And Myths books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from

the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Marxism Ideology And Myths books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals.
