

The Other Universals Consortium

Virtual Talk Title :

On Non Western Marxisms

The Other Universals consortium engages with anti-imperial political and cultural thought, internationalist intellectual traditions and practices of solidarity that have emerged from locations marked by the struggle to refuse subordination and negation as embodied in blackness, Orientalism, untouchability and non-normative sexualities in 19th and 20th century Africa, the Caribbean, the Middle East, South Asia and Latin America.

In this seminar we explore the relationship of Marxism/s to race, ethnicity, religion and sexuality? What can a living tradition of left thinking on labour and Marxist thought proffer our current imaginings of a future beyond colonial modernity?
