Marxismus Ideologie Politik:

Marx on Campus: A Short History of the Marburg School Lothar Peter, 2019-10-01 Alongside the critical theory of the Frankfurt School West Germany was also home to another influential Marxist current known as the Marburg School In this volume Marburg disciple Lothar Peter traces the school's history and situates it in the political discourse and developments of its time The renowned political scientist Wolfgang Abendroth plays a large role but unlike most histories of the Marburg School Peter also takes the sociologists Werner Hofmann and Heinz Maus into account as well as their many students and successors They were united by the conviction that teaching and scholarship must necessarily be tied to the practical goal of transforming society an approach that met with considerable opposition in the harshly anti Communist atmosphere of the period This book was first published in 2014 as *Marx an die Uni Die Marburger Schule Geschichte Probleme Akteure* by PapyRossa Verlag Cologne ISBN 978 38 94 38546 0 With a new Introduction by Ingar Solty

Ideology and the Rationality of Domination Gerhard Wolf, 2020-06-09 This well researched clear and convincing historical study examines the ideology and politics of Germanization during the WWII occupation of Poland Nicholas Stargardt author of *The German War* Following the brutal invasion and occupation of Poland the Nazis moved swiftly to realize one of their key ideological aims the expansion of German living space This involved deporting Jews bringing in German settlers and establishing an evaluation process that separated Poles from ethnic Germans As simple as this might have seemed initially the various parts of the German occupation machinery were soon embroiled in a bitter fight about the essence of Germanness and how to identify a German In this illuminating study Gerhard Wolf reveals an astonishing development in which a more inclusive understanding of Germanness based on the notion of Volk won out against an exclusive definition based on Rasse As Wolf demonstrates this decision paved the way for turning three million Poles into German citizens Parallel to the mass deportation and murder of Christian Poles and the genocide of Jewish Poles the Nazis paradoxically also presided over the largest forced assimilation program in German history Students and scholars of the Second World War the Holocaust and Nazism will find new analysis of German imperialism ethnic cleansing and genocide in this important book

Ideology and Utopia Karl Mannheim, 2013-07-04 Ideology and Utopia argues that ideologies are mental fictions whose function is to veil the true nature of a given society They originate unconsciously in the minds of those who seek to stabilise a social order Utopias are wish dreams that inspire the collective action of opposition groups which aim at the entire transformation of society Mannheim shows these two opposing elements to dominate not only our social thought but even unexpectedly to penetrate into the most scientific theories in philosophy history and the social sciences This new edition contains a new preface by Bryan S Turner which describes Mannheim s work and critically assesses its relevance to modern sociology The book is published with a comprehensive bibliography of Mannheim s major works

Wenn die Befreiung der Arbeiter nur das Werk der Arbeiter sein kann, wie es im Einheitsfrontlied so oft gesungen wurde, dann sind wir Arbeiterinnen eingeschlossen von diesem Befreiungswerk gegenwärtig weit entfernt. Weiter denn je. Auf der anderen Seite wächst nicht nur in der Jugend das Gefühl, dass die versteinerten Verhältnisse zum Tanzen gebracht werden müssen. Und mit ihm wächst die Bereitschaft sich aufzumachen, sich für eigene Interessen und eine lebenswerte Zukunft politisch zu engagieren und auch links zu organisieren. Grund genug, diese Artikelsammlung aus Anlass des 100. Geburtstages von Robert Steigerwald herauszugeben.

Material Discourse—Materialist Analysis Veit Schwab, Johannes Beetz, 2017-12-21. *Material Discourse: Materialist Analysis* explores the entanglement of material realities and discourse and shows how a materialist discourse analysis can be put into practice. A cognate concern for language and discourse as well as materiality and materialism can look back on a long tradition in the Social Sciences and Humanities. This book makes their relation an explicit focus. Located at the intersections of materialism and Discourse Studies, it highlights the materiality of discourse and the entanglement of matter and meaning. The essays collected in this volume are united by a rejection of static dichotomies such as discursive/material, language/materiality or material/immaterial. Rather than presenting materialism and Discourse Studies as distinct from one another, they are shown to be intimately entwined. The book brings together theoretical and empirical contributions from a whole range of disciplines, fields and academic contexts in a truly transdisciplinary and global manner. *Material Discourse: Materialist Analysis* is a timely intervention into the ongoing debates revolving around materiality, materialism, discourse and language as well as the intricate relations between them.
