Marxist Local Government In Western Europe And Japan:

Marxist Local Governments in Western Europe and Japan Bogdan Szajkowski, 1986 *Local Self-Government and the Right to the City* Warren Magnusson, 2015-06-01 Despite decades of talk about globalization democracy still depends on local self government In *Local Self Government and the Right to the City* Warren Magnusson argues that it is the principle behind claims to personal autonomy community control and national self determination and holds the promise of more peaceful politics Unfortunately state centred thinking has obscured understanding of what local self government can mean and hindered efforts to make good on what activists have called the right to the city In this collection of essays Magnusson reflects on his own efforts to make sense of what local self government can actually mean using the old ideal of the town meeting as a touchstone Why cannot communities govern themselves Why fear direct democracy As he suggests putting more trust in the proliferating practices of government and self government will actually make cities work better and enable us to see how to localize democracy appropriately He shows that doing so will require citizens and governments to come to terms with the multiplicity indeterminacy and uncertainty implicit in politics and steer clear of sovereign solutions The culmination of a life's work by Canada's leading political theorist in the field *Local Self Government and the Right to the City* ranges across topics such as local government social movements constitutional law urban political economy and democratic theory **Comrades!** Robert Service, 2007 Service offers a history of communism drawing the uncomfortable conclusion that the poverty and injustice that enabled its rise are still dangerously alive Unsettling and compelling this is a comprehensive study of one of the most important movements of the modern world **Political Parties and Coalitional Behaviour in Italy** Geoffrey Pridham, 2013-07-04 Coalitional behaviour is central to the Italian system of government but has been largely neglected by research As a result coalitions in post war Italy have been viewed as simply unstable short lived and incohesive In this book the author corrects this one sidedness by analysing Italian coalition politics as a continuous and dynamic process His comprehensive interpretative approach takes account of other new developments in coalition studies and relates his subject both to the literature on Italian politics and to the comparative study of party systems in liberal democracies An introductory section places Italian coalitional behaviour in a theoretical and comparative context This inductive framework is then used as a reference for examining the historical institutional motivational internal socio political and environmental dimensions of the phenomenon Ending the LDP Hegemony Ray Christensen, 2000-01-01 From its founding in 1955 and for the next thirty eight years Japan's conservative Liberal Democratic Party LDP won all but one national election and selected every prime minister and nearly every cabinet member Other democracies have had similarly dominant parties but none approaches the LDP for longevity in power and complete dominance of the political scene Then in 1993 a political earthquake transformed Japan from a country of unchanging one party rule into a nation of ever changing and free flowing political coalitions For the rest of the decade the LDP struggled to regain its position of dominance and for

the most part succeeded At the end of the millennium the LDP lacked a majority in the House of Councillors the upper house of the Japanese Diet but it was nevertheless strong and confident once again while the opposition was in disarray The LDP's loss of control in 1993 however brief made obsolete much of what had been written on Japanese politics Ending the LDP Hegemony answers the need for an up to date analysis of the political scene providing both the information and framework needed to unravel the tangle of coalition politics in the 1990s and anticipate the composition and policies of future Japanese governments It is the first study in English to focus on and put into historical context interparty relations in Japan Western scholars and media heretofore have focused either on the LDP's successes or the peculiarities of the individual opposition parties ignoring interparty relations that are well known to the Japanese Ray Christensen offers here a new perspective on the interaction among members of the Democratic New Frontier Japan Socialist Japan Communist Democratic Socialist and Clean Government parties as well as on their general political orientation and tactics He challenges the assumption that the LDP's accomplishments can be attributed to its being the most efficient capable and intelligent party and describes in detail the strategies of the opponents demonstrating the political savvy of their leaders His analysis of key data on cooperation and elections reveals that opposition parties actually outperformed the LDP This study not only fills a gap in our understanding of modern Japanese politics it also adds a critical non European perspective to analyses of opposition politics and social democracy It argues that the Japanese experience requires a modification of analytical frameworks which are based almost exclusively on Western European examples and questions those who support a more authoritarian Asian model of democracy by revealing the vibrancy of the opposition in Japan and the technical reasons for the LDP's success Ending the LDP Hegemony amply demonstrates that democracy indeed Western style democracy can take root and flourish in the fertile soil of East Asia and offers the experience of Japan's opposition parties as crucial evidence of Japanese democracy It will be essential reading for all those interested in the functioning of democracy in Asia and other non Western settings **Power**

and Politics in the City Janice Caulfield, John Wanna, 1995 This study of community power in Brisbane analyses the challenges posed by growth and the shifting of the balance of power from the country to the city Consists of a series of case studies focusing on discrete policy issues and key areas and exploring topics such as relations between state and city governments and between public and private sectors and their impact on the Brisbane community Caulfield is a lecturer in public administration at the University of Queensland and Wanna is a senior lecturer in politics and public policy at Griffith University *Policy Analysis in Japan* Adachi, Yukio, Hosono, Sukehiro, 2018-03-01 While studies of policy analysis in other countries have assessed their needs and integrated them into training programmes for professional policy analysts Japanese studies have been very limited Policy analysis in Japan brings together for the first time a detailed examination of the theory and practice of policy analysis systems in Japan at different levels As part of the successful International Library of Policy Analysis series edited by Iris Geva May and Michael Howlett the book provides expert analysis to closely examine to what

extent the Japanese government has succeeded in providing key policy actors with evidence informed policy options thereby improving the likelihood of better policies being adopted and implemented The book also assesses Japan s future policy directions allowing policy researchers and practitioners to draw a number of lessons from the Japanese experience The book includes empirical case studies to aid teaching and further research and will be a valuable resource for students and academics as well as policymakers Features of the ILPA series include a country specific systematic study of policy analysis systems by government and non governmental actors a history of the country s policy analysis empirical case studies and a comparative overview of alternative approaches a key reference collection for research and teaching in comparative policy analysis and policy studies *Stabilising Fragile Democracies* Paul Lewis,Geoffrey Pridham,2002-11-01 Political parties play a central if not the central political role in parliamentary democracies They are also likely to play a key role in the establishment of new parliamentary democracies This volume provides a systematic comparison of the democratic transitions in both Eastern and Southern Europe from this point of view There are four main themes concerning the role of parties that are examined coping with the past party identities and inheritances the formation and performance of new democratic political elites parties and alliances and their electoral behaviour These themes guide the case studies which are written in comparative perspective in four countries in both Southern and Eastern Europe The countries covered include Italy Spain Greece Portugal Hungary Romania Poland and Bulgaria Democratization is a very complex process but what the study of political parties does is to focus on an area that links many of them This book is intended to be a guide to students wishing to make sense of democratization and the role of political parties in that process Crisis and Compensation Kent E. Calder,2021-04-13 Why does Japan with its efficiency oriented technocracy periodically adopt welfare oriented economically inefficient domestic policies In answering this question Kent Calder shows that Japanese policymakers respond to threats to the ruling party s preeminence by extending income compensation entitlements and subsidies with market oriented retrenchment coming as crisis subsides Quite simply the most ambitious and strongly argued interpretation of a key dimension of Japanese political life to appear in English this decade David Williams Japan Times Historically dense and conceptually rich Forces readers attention to the domestic underpinnings of Japanese foreign policy Donald S Zagoria Foreign Affairs Punctures the myth of Japan Inc as a cool rational monolith Kathleen Newland Millennium A bold reinterpretation of Japanese politics that will force us to rethink many of our current assumptions and will influence our research agenda Steven R Reed Journal of Japanese Studies **The Ways of the World** David Harvey,2016-02-05 In The Ways of the World David Harvey has gathered his most important essays from the past four decades They form a career spanning collection that tracks not only the development of Harvey over time as an intellectual but also a dialectical vision that gradually expanded its reach from the slums of Baltimore to global environmental degradation to the American imperium Western European Communists and the Collapse of Communism David Bell,1993-08-11 This book examines the

predicament of Western Communist Parties faced with the impact of reforms in the Soviet Union initiated by Gorbachev the collapse of the Eastern bloc and the end of really existing socialism in the USSR in the early 1990s **Japanese Civilization** S. N. Eisenstadt, 1996 One of the world's leading social theorists provides a monumental synthesis of Japanese history religion culture and social organization Equipped with a thorough command of the subject S N Eisenstadt focuses on the non ideological character of Japanese civilization as well as its infinite capacity to recreate community through an ongoing past **Parties and the Party System in France** A. Knapp, 2004-03-12 The French elections of 2002 broke all records for fragmentation abstention and far right protest voting yet returned incumbent President Chirac in triumph and gave him a solid basis of parliamentary support Parties and the Party System in France seeks to explain the paradox of France's current relationship to politics through a comprehensive analysis of French political parties and their interaction over the last fifty years set against the two contexts of French history and of contemporary theories of parties and party systems Between Hollywood and Moscow Stephen Gundle, 2000-12-04 A study of the cultural policies of the Italian communist party following the collapse of fascism and the struggle with popular consumer culture that led to its demise in 1991 **Italian Politics** Martin J. Bull, James L. Newell, 2005 This wide ranging book seeks to unravel the complexities of post 1992 Italian democracy It takes as its point of departure the dramatic political tensions of the early 1990s and evaluates these against the background of an analysis of the First Republic that predates these changes Martin Bull and James Newell renowned scholars of Italian Politics argue that the early 1990s revolution in Italian party politics should be seen both as a major cause of subsequent changes in the political system and as a consequence of longer term still ongoing changes in the Italian polity The book explains how we can understand in this light the mixed success of the parties in attempting to act as autonomous vehicles of reform and therefore why if we are witnessing a transformation to a Second Republic many of its key features still remain to be shaped Each of the thematic chapters clearly juxtaposes Italy as it was before the 1990s with Italy today thereby evaluating the degree to which the early 1990s can be seen as a watershed In this way the book offers a novel account of both contemporary political developments and their historical significance in the context of the Italian political model that took shape in the period after 1945 This will be essential reading for all students of Italian and Comparative Politics who will find the clarity and breadth of the book invaluable Equally scholars will be fascinated by this new and compelling argument *Books on Japan in Western Languages Recently Acquired by the National Diet Library* Kokuritsu Kokkai Toshokan, 1990 **The Cumulative Book Index**, 1988 A world list of books in the English language **International Handbook of Local and Regional Government** Alan Norton, 1994 The Handbook offers a comparative analysis of local and regional government in a wide range of countries discussing their histories traditions national and internal institutional structures financing competences and functions *PAIS Bulletin*, 1987 **The Regions and European Integration** European University Institute, 1990 The acceleration of European integration in the drive to create a

single European market by the end of 1992 has focused increasing attention on the impact that the single market will have on the functioning of regional governments and strategies in promoting economic development

Marxist Local Government In Western Europe And Japan Introduction

In the digital age, access to information has become easier than ever before. The ability to download Marxist Local Government In Western Europe And Japan has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Marxist Local Government In Western Europe And Japan has opened up a world of possibilities. Downloading Marxist Local Government In Western Europe And Japan provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Marxist Local Government In Western Europe And Japan has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Marxist Local Government In Western Europe And Japan. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Marxist Local Government In Western Europe And Japan. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Marxist Local Government In Western Europe And Japan, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Marxist Local Government In Western Europe And Japan has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to

engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
