Biography Carl Rollyson, 2006-02 This collection of reviews selected from Rollyson s New York Sun column is as much about the romance of biography as it is about the American lives Certain concerns resonate throughout the book the American left s failure to reckon with Communist subversion McCarthyism and Stalinism the problematic nature of authorized biography the history of American biography definitive biographies literary biography the differences between autobiography and biography the importance of interviews in biographies of contemporary figures the differences between history and biography comparative biographies the virtues of short biographies and of biographies for children the tendency of biographers to fictionalize and of novelists to biographize psychology and biography Rollyson s own experience as a biographer and the way biographers treat one another s work Too many biographers he believes evince no interest in the

biographical tradition Concerned only with possession of their subjects their proprietorial attitude deforms not only their biographies but also the genre itself If biography is reviewed badly receiving hardly more than a summary of the subject's life with a perfunctory nod to the biographer it is because the biographical tradition has been disregarded or discounted This book in other words has been written on the behalf of biography a genre that still awaits a full vindication **The National Cyclopaedia of American Biography**, 1906 Includes cumulative subject index of the entire set 1 v Appletons' *Cyclopaedia of American Biography* James Grant Wilson, John Fiske, 1888 American Biography ... forming part VI. of the Treasury of Knowledge and Library of Reference Samuel Lorenzo Knapp, 1833 **Life and Times of Charles Dickens: Autobiographical Novels, Stories, London Society Sketches, Travel Memoirs, Letters & Biographies (Illustrated)** Charles Dickens, 2022-06-12 In *Life and Times of Charles Dickens Autobiographical Novels Stories London Society Sketches Travel Memoirs Letters Biographies Illustrated* Charles Dickens offers an intricate tapestry of his life through a selection of autobiographical writings that span the breadth of his literary career Richly illustrated the volume combines narrative finesse with social critique showcasing Dickens's masterful ability to blend personal experience with acute observations of London society during the Victorian era This work serves not only as a memoir but also as a contextual lens into the societal dynamics and pressing issues of 19th century England illustrating how his personal hardships such as his troubled childhood profoundly informed his storytelling and character development Dickens born into a modest family in Portsmouth faced the adversities of poverty and child labor in his youth experiences that indelibly shaped his literary voice His career as a writer was marked by an earnest desire to expose social injustices and advocate for reform drawing from his own experiences in the gritty backstreets of London This collection reveals the man behind the pen reflecting his passion for storytelling as a vehicle for social change and empathy This essential volume not only enriches the reader's understanding of Dickens's oeuvre but also provides insight into the man himself making it perfect for scholars fans and newcomers alike It stands as a testament to Dickens's enduring legacy inviting readers to explore the intersections of life and literature in one of the greatest authors of the English language **Memoirs of Mrs. Harriet Newell, Wife of the Rev. Voss, 2019-11-05 This is the only collection ever made of Bryant's letters two thirds of which have never before been printed Their publication was foreseen by the late Allan Nevins as one of the most important and stimulating enterprises contributory to the enrichment of the nation's cultural and political life that is now within range of individual and group effort William Cullen Bryant 1794-1878 was America's earliest national poet His immediate followers Longfellow Poe and Whitman unquestionably began their distinguished careers in imitation of his verses But Bryant was even more influential in his long career as a political journalist and in his encouragement of American art

from his lectures at the National Academy of Design in 1828 to his evocation of the Metropolitan Museum of Art in 1870 Between the appearance of his first major poem *Thanatopsis* in 1817 and his death sixty one years later at the age of eighty three Bryant knew and corresponded with an extraordinary number of eminent men and women More than 2 100 of his known letters have already been recovered for the present edition When William Cullen Bryant signed the first of 314 letters in the present volume in 1809 he was a frail and shy farm boy of fourteen who had nonetheless already won some fame as the satirist of Thomas Jefferson When he wrote the last in 1836 he had become the chief poet of his country the editor of its principal liberal newspaper and the friend and collaborator of its leading artists and writers His collected poems previously published at New York Boston and London were going into their third edition His incisive editorials in the *New York Evening Post* were affecting the decisions of Andrew Jackson's administration His poetic themes were beginning to find expression in the landscape paintings of Robert Weir Asher Durand and Thomas Cole The early letters gathered here in chronological order give a unique picture of Cullen Bryant's youth and young manhood his discipline in the classics preparatory to an all too brief college tenure his legal study and subsequent law practice the experiments with romantic versification which culminated in his poetic masterpieces and those with the opposite sex which led to his courtship and marriage his eager interest in the politics of the Madison and Monroe Presidencies and his subsequent activities as a local politician and polemicist in western Massachusetts his apprenticeship as magazine editor and literary critic in New York City from which his later eminence as journalist was the natural evolution the lectures on poetry and mythology which foreshadowed a long career as occasional orator the collaboration in writing *The Talisman* *The American Landscape* and *Tales of Glauber Spa* and in forming the National Academy of Design and the Sketch Club which brought him intimacy with writers artists and publishers his first trip to the American West and his first long visit to Europe during which he began the practice of writing letters to his newspaper which throughout nearly half a century proved him a perceptive interpreter of the distant scene to his contemporaries Here in essence is the first volume of the autobiography of one whom Abraham Lincoln remarked after his first visit to New York City in 1860 It was worth the journey to the East merely to see such a man And John Bigelow who of Bryant's many eulogists knew him best said in 1878 of his longtime friend and business partner There was no eminent American upon whom the judgment of his countrymen would be more immediate and unanimous The broad simple outline of his character and career had become universally familiar like a mountain or a sea
