Panagia Houses At Mycenae

**Cheryl R. Floyd, Philip P.
Betancourt, Costis Davaras**

Panagia Houses At Mycenae:

The Panagia Houses at Mycenae Ione Mylonas Shear, 1987-11-29 Domestic architecture at the site of Mycenae was systematically explored for the first time in a series of investigations sponsored by the Archaeological Society of Athens and Washington University in St Louis between 1962 and 1966 and again in 1977 The work revealed a block of houses in the area north of the Treasury of Atreus the so called Panagia Houses The author describes the artifacts and reconstructed floor plans and draws comparisons with other Bronze Age sites University Museum Monograph 68

The Wall Paintings of the West House at Mycenae Iphiyenia Tournavitou, 2017-08-31 The wall paintings from the West House at Mycenae are discussed in relation to their context within the building Their iconography and stylistic details are explored in relation to other Aegean Bronze Age wall paintings The fragments are fully cataloged and illustrated with drawings and photos

The "ivory Houses" at Mycenae Iphiyenia Tournavitou, 1995 Final publication of excavations started by Alan Wace between 1950 and 1955 and finished by Nicolas Verdis between 1957 and 1963 The houses lying outside the citadel walls to the south west of the Tomb of Clytemnestra contained 22 000 ivories as well as the first Linear B tablets found at Mycenae Finds of all categories the excavation and architecture are all published here The function of the houses and their role in the 13th century BC bureaucracy is assessed The microfiche contain detailed catalogues of all the material and scientific analyses of the stirrup jars

A World History of Architecture Marian Moffett, Michael W. Fazio, Lawrence Wodehouse, 2003 The Roman architect and engineer Vitruvius declared firmitas utilitas and venustas firmness commodity and delight to be the three essential attributes of architecture These qualities are brilliantly explored in this book which uniquely comprises both a detailed survey of Western architecture including Pre Columbian America and an introduction to architecture from the Middle East India Russia China and Japan The text encourages readers to examine closely the pragmatic innovative and aesthetic attributes of buildings and to imagine how these would have been praised or criticized by contemporary observers Artistic economic environmental political social and technological contexts are discussed so as to determine the extent to which buildings met the needs of clients society at large and future generations

Kingship in the Mycenaean World and Its Reflections in the Oral Tradition Ione Mylonas Shear, 2004-12-31 During the last few decades there has been great interest in the problems of defining the extent and nature of kingship in the Mycenaean world Questions concerning the degree of economic and religious power held by the king have been given special emphasis This book surveys the conclusions drawn by individual scholars studying the Linear B tablets contrasts their theories with our knowledge of the Mycenaean kingdoms as derived from the archaeological record and finally compares this evidence with possible reflections in the oral tradition specifically in the Iliad and Odyssey This approach leads to the suggestion that the king in the Mycenaean period had only limited power over the society and its economy Although the king appears to have controlled a large segment of the economy it is argued here that other individuals and family groups within the kingdom also had a

certain degree of economic independence **Mycenaean Civilization** Bryan Feuer,2004-03-16 Classical Greeks considered the Mycenaean civilization to be the basis of their glorious and heroic heritage but its material existence was not confirmed until the excavations of Heinrich Schliemann in the late nineteenth century In the ensuing years as with the field of archaeology in general emphasis has shifted from revealing monuments and finding treasure to dealing with less glamorous more scientifically oriented investigations concerning aspects such as social and political organization economic functions and settlement patterns With its more than 2000 entries this reference work serves as both an introduction to and a summary of the study of ancient Mycenaean civilization Considerably expanded from the first edition there are 500 new entries representing materials published since 1991 The largest part of the book is made up of annotated bibliography entries arranged topically with introductory material for each section The book also includes a general introduction to Mycenaean civilization a glossary and author place and subject indexes *Midea* Gisela Walberg,2007-12-30 Two volume set of text and figures and plates This volume presents the 1994 1997 excavation of the Lower Terraces of the Mycenaean citadel of Midea in the Argolid Plain of Greece It compliments the author s previous volume on the Lower Terraces of Midea which was published in 1998 A shrine and megaron were discovered on Terraces 9 and 10 The stratigraphy architecture pottery lithics small finds and human and faunal remains dating from the Final Neolithic through Byzantine periods are discussed and cataloged Additionally the continuous sequence of LH IIIB LH IIIC strata on the Lower Terraces revealed the ground plan and expansion of the megaron complex *The Mycenaean Cemetery at Achaia Clauss near Patras* Constantin Paschalidis,2018-11-30 Presents the study of the finds from the Mycenaean cemetery of Clauss near Patras carried out between 1988 1992 under the direction of Prof Thanassis Papadopoulos During the excavation project fifteen chamber tombs were located and researched in detail to be added to those already known from the pre war excavations by Nikolaos Kyprarissis *The Mycenaean Settlement on Tsoungiza Hill* Mary K. Dabney,James C. Wright,2020-12-04 A hill dominating the Nemea Valley Tsoungiza is located only 10 kilometers northwest of the citadel of Mycenae Excavations there have uncovered the remains of a Late Helladic settlement that stood at its southern end This volume presents the results of these investigations with an unprecedented study of a small settlement s economy and society in the Mycenaean period Through an interdisciplinary approach that incorporates a wide variety of general and specialist studies the authors demonstrate how agricultural production craft activities and ceremonial practices integrated the inhabitants of Tsoungiza into a regional exchange system within the Bronze Age world The volume includes contributions by P Acheson S E Allen K M Forste P Halstead S M A Hoffmann A Karabatsoli K Kaza Papageorgiou B Lis R Mersereau H Mommsen J B Rutter T Theodoropoulou and J E Tomlinson **Rethinking Mycenaean Palaces II** Michael L. Galaty,William A. Parkinson,2007-12-31 This revised and expanded edition of the classic 1999 edited book includes all the chapters from the original volume plus a new updated introduction and several new chapters The current book is an up to date review of research into Mycenaean palatial systems

with chapters by archaeologists and Linear B specialists that will be useful to scholars instructors and advanced students This book aims to define more accurately the term palace in light of both recent archaeological research in the Aegean and current anthropological thinking on the structure and origin of early states Regional centers do not exist as independent entities They articulate with more extensive sociopolitical systems The concept of palace needs to be incorporated into enhanced models of Mycenaean state organization ones that more completely integrate primary centers with networks of regional settlement and economy

Pseira III Cheryl R. Floyd, Philip P. Betancourt, Costis Davaras, 2015-09-30 The Pseira project began in 1985 Excavations were conducted from 1986 to 1991 as an American Greek collaboration directed by Philip P. Betancourt and Costis Davaras The Plateia Building Building BS BV is located at the north of the Town Square or Plateia It occupies the entire northern side of the square with one room built on the eastern side as well The structure is the largest building excavated at Pseira The building was discovered by small tests made in 1986 and it was excavated in subsequent seasons From the beginning the building was recognized as an important structure in the town Its excavation was conducted slowly and meticulously with careful attention to the proper recovery and recording of its data University Museum Monograph 102

Country in the City: Agricultural Functions of Protohistoric Urban Settlements (Aegean and Western Mediterranean) Dominique Garcia, Raphael Orgeolet, Maia Pomadere, Julian Zurbach, 2019-07-31 This volume assembles contributions on the place of agricultural production in the context of the urbanization of Late Bronze and Early Iron Age Mediterranean concentrating on the second millennium Aegean and the protohistoric north western Mediterranean

Mycenaean Greece, Mediterranean Commerce, and the Formation of Identity Bryan E. Burns, 2010-03-08 A new understanding of the effects of Mediterranean trade on Mycenaean Greece which considers the possibilities represented by the traded objects themselves

Household Archaeology in Ancient Israel and Beyond Assaf Yasur-Landau, Jennie R. Ebeling, Laura B. Mazow, 2013-02-06 Despite the large number of well preserved domestic contexts in Bronze and Iron Age sites household archaeology has not been a common approach to studying the material culture of Ancient Israel Until recently the dictates of Biblical Archaeology led to a narrow set of questions that ignored issues such as gender status and production within the household The present volume which grew out of a session at the 2008 Annual Meeting of the American Schools of Oriental Research attempts to redress this issue The seventeen papers herein reflect innovative viewpoints on the theory and praxis of household archaeology in this region The next step in household research is presented here with the use of tailor made data collection strategies designed to answer specific questions posed by household archaeology The neglect of households and the archaeology of the activities of its members are ambitiously attended to in this volume Its exceptional breadth of various modes of inquiry coupled with the application thereof justifies the household as a topic of discussion I would highly recommend this book for institutions libraries scholars and students interested in any aspect of daily life in the southern Levant and I very much look forward to the future research projects it will inspire Cynthia

Shafer Elliot William Jessup University as a whole the work is impressive and most contributions are commendable for their sophistication in engaging interdisciplinary research in order to understand the nature and function of households in ancient Israel and surrounding areas Carol Meyers Duke University

The Cambridge Companion to the Aegean Bronze Age

Cynthia W. Shelmerdine, 2008-08-04 This book is a comprehensive up to date survey of the Aegean Bronze Age from its beginnings to the period following the collapse of the Mycenaean palace system In essays by leading authorities commissioned especially for this volume it covers the history and the material culture of Crete Greece and the Aegean Islands from c 3000 1100 BCE as well as topics such as trade religions and economic administration Intended as a reliable readable introduction for university students it will also be useful to scholars in related fields within and outside classics The contents of this book are arranged chronologically and geographically facilitating comparison between the different cultures Within this framework the cultures of the Aegean Bronze Age are assessed thematically and combine both material culture and social history

The Philistines and Aegean Migration at the End of the Late Bronze Age

Assaf Yasur-Landau, 2014-06-16 In this study Assaf Yasur Landau examines the early history of the biblical Philistines who were among the Sea Peoples who migrated from the Aegean area to the Levant during the early twelfth century BC Creating an archaeological narrative of the migration of the Philistines he combines an innovative theoretical framework on the archaeology of migration with new data from excavations in Greece Turkey Cyprus Syria Lebanon and Israel and thereby reconstructs the social history of the Aegean migration to the southern Levant The author follows the story of the migrants from the conditions that caused the Philistines to leave their Aegean homes to their movement eastward along the sea and land routes to their formation of a migrant society in Philistia and their interaction with local populations in the Levant Based on the most up to date evidence this book offers a new and fresh understanding of the arrival of the Philistines in the Levant

Ashlar Maud Devolder, Igor Kreimerman, 2020-06-25 This volume focusses on ashlar masonry probably the most elaborate construction technique of the Eastern Mediterranean Bronze Age from a cross regional perspective The building practices and the uses of cutstone components and masonries in Egypt Syria the Aegean Anatolia Cyprus and the Levant in the 3rd and 2nd millennium BC are examined through a series of case studies and topical essays The topics addressed include the terminology of ashlar building components and the typologies of its masonries technical studies on the procurement dressing tool kits and construction techniques pertaining to cut stone investigations into the place of ashlar in inter regional exchanges and craft dissemination the extent and significance of the use of cut stone within the communities and regions and the visual effects social meanings and symbolic and ideological values of ashlar

Biblical Peoples and Ethnicity Ann E. Killebrew, 2012-09-01 Ancient Israel did not emerge within a vacuum but rather came to exist alongside various peoples including Canaanites Egyptians and Philistines Indeed Israel's very proximity to these groups has made it difficult until now to distinguish the archaeological traces of early Israel and other contemporary groups Through an analysis of the results

from recent excavations in light of relevant historical and later biblical texts this book proposes that it is possible to identify these peoples and trace culturally or ethnically defined boundaries in the archaeological record Features of late second millennium B C E culture are critically examined in their historical and biblical contexts in order to define the complex social boundaries of the early Iron Age and reconstruct the diverse material world of these four peoples Of particular value to scholars archaeologists and historians this volume will also be a standard reference and resource for students and other readers interested in the emergence of early Israel

Excavations at Nemea IV Jorge J. Bravo III, 2018-03-02 The Sanctuary of Zeus at ancient Nemea has been a rich resource for archaeological investigation and analysis conducted by the University of California over the past forty years The Sanctuary hosted one of the preeminent athletic festivals of ancient Greece the Nemean Games Just as the Olympics were celebrated in connection with the cult of Pelops at Olympia the games at Nemea were founded on the worship of the hero Opheltes The Shrine of Opheltes in the Sanctuary of Zeus at Nemea offers one of the best examples of an ancient Greek hero cult documented in the archaeological record This final and most significant volume in the Excavations at Nemea series presents the results of the excavation of the Shrine from 1979 through 2001 and analyzes the Shrine s features and contents in order to understand its history and use A study of the literary and artistic evidence about the myth and cult of Opheltes contextualizes the archaeological findings and illuminates the hero s significance to the Sanctuary and its renowned festival the Nemean Games

A Companion to the Archaeology of Early Greece and the Mediterranean, 2 Volume Set Irene S. Lemos, Antonis Kotsonas, 2020-01-09 A Companion that examines together two pivotal periods of Greek archaeology and offers a rich analysis of early Greek culture A Companion to the Archaeology of Early Greece and the Mediterranean offers an original and inclusive review of two key periods of Greek archaeology which are typically treated separately the Late Bronze Age and the Early Iron Age It presents an in depth exploration of the society and material culture of Greece and the Mediterranean from the 14th to the early 7th centuries BC The two volume companion sets Aegean developments within their broader geographic and cultural context and presents the wide ranging interactions with the Mediterranean The companion bridges the gap that typically exists between Prehistoric and Classical Archaeology and examines material culture and social practice across Greece and the Mediterranean A number of specialists examine the environment and demography and analyze a range of textual and archaeological evidence to shed light on socio political and cultural developments The companion also emphasizes regionalism in the archaeology of early Greece and examines the responses of different regions to major phenomena such as state formation literacy migration and colonization Comprehensive in scope this important companion Outlines major developments in the two key phases of early Greece the Late Bronze Age and the Early Iron Age Includes studies of the geography chronology and demography of early Greece Explores the development of early Greek state and society and examines economy religion art and material culture Sets Aegean developments within their Mediterranean context Written for students and scholars interested in the material

culture of the era A Companion to the Archaeology of Early Greece and the Mediterranean offers a comprehensive and authoritative guide that bridges the gap between the Late Bronze Age and the Early Iron Age 2020 CHOICE Outstanding Academic Title Winner

Panagia Houses At Mycenae Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Panagia Houses At Mycenae**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
