Para Una Historia De America I Las Estructuras:

Para una historia de América, I. Las estructuras Marcello Carmagnani, Alicia Hernández Chávez, Ruggiero Romano, 2016-10-24 El primer volumen de esta obra presenta las dimensiones estructurales de la evolución americana. Los autores introducen al lector en los procesos básicos que conforman el espacio geohistórico, proponen las formas que adoptaron los componentes económicos y sociales y se abocan a las transformaciones que ocurrieron en el ámbito de la cultura material y de los imaginarios colectivos. Para una historia de América, 1999 *Latin America in Debate* Maristella Svampa, 2025-07-04 Maristella Svampa provides a broad and accessible overview of the key political and intellectual debates in Latin American from the early twentieth century to the present. *Bakers and Basques* Robert Weis, 2012-09-15 Mexico City's colorful panaderías bakeries have long been vital neighborhood institutions. They were also crucial sites where labor subsistence and politics collided. From the 1880s well into the twentieth century Basque immigrants dominated the bread trade to the detriment of small Mexican bakers. By taking us inside the panadería into the heart of bread strikes and through government halls Robert Weis reveals why authorities and organized workers supported the so-called Spanish monopoly in ways that countered the promises of law and ideology. He tells the gritty story of how class struggle and the politics of food shaped the state and the market. More than a book about bread *Bakers and Basques* places food and labor at the center of the upheavals in Mexican history from independence to the aftermath of the Mexican Revolution. The Other West Marcello Carmagnani, 2011-03-23 *The Other West* provides a provocative new interpretation of Latin American history and the region's place in the changing global political economy from the discovery of America into the twenty-first century. Marcello Carmagnani's award-winning and multidisciplinary analysis sheds new light on historical processes and explains how this vast expanse of territory stretching from the American Southwest to the tip of the Southern Cone became Europeanized in the colonial period and how the European and American civilizations transformed one another as they grew together. Carmagnani departs from traditional historical thought by situating his narrative in the context of world history, brilliantly showing how the Iberian populations and cultures both European and American merged and evolved. *Historia de América Andina* Luis Guillermo Lumbreras, Manuel Burga, Margarita Garrido, 1999 En biblioteca v 1 Las sociedades aborígenes En biblioteca v 1 Las sociedades aborígenes **Las lecturas del mal desarrollo. Estudios a partir de la obra de José María Tortosa**, Es posible observar, analizar y prever los problemas sociales y ecológicos a los que la humanidad se enfrenta sin tener en cuenta las cuestiones estructurales que acompañan a los procesos de desigualdad, pobreza y dominación a nivel mundial. El mal desarrollo, concepto central en la obra del sociólogo e investigador para la paz y el desarrollo José María Tortosa Albaida 1943, es una perspectiva crítica muy útil y fructífera como toda la inmensa obra de este autor para estudiarlos. En este libro se recogen un conjunto de ensayos que actualizan este concepto de mal desarrollo mostrando su aplicabilidad para el estudio de la violencia en sus diferentes dimensiones, así como para el abordaje de la paz y el desarrollo. A partir de

este marco de interpretación y análisis este libro trata de asuntos muy diversos efectos del maldesarrollador sistema mundial también en su faceta oculta ocultadora como son la violencia armada la desigualdad y sus efectos sobre la pobreza de las clases populares y de las mujeres la ideología las lenguas minorizadas y las migraciones internacionales Un trabajo colaborativo por parte de un grupo diverso de autores y autoras procedentes de diferentes disciplinas y orígenes que escriben inspirados en los principales libros que Tortosa ha escrito en su larga trayectoria

El campo de la psicología educativa en Colombia: génesis y estructura Álvaro Ramírez Botero, 2021-05-18 La psicología educativa en Colombia junto con la psicología clínica ha sido una de las áreas más tradicionales de esta disciplina Desde sus inicios en el país en la primera mitad del siglo XX la psicología ha mantenido una estrecha relación con la educación Esta relación se ha hecho insoluble y sus mutuas transformaciones las han entramado de tal manera que en la actualidad no se podrá pensar en la educación sin los aportes de la psicología educativa ni en esta sin los de la aquella Sin embargo plantear la psicología educativa como un ámbito independiente de la psicología clínica y de la psicoterapia dentro de las posibilidades de trabajo referido a la psicoshigiene con población predominantemente sana ha implicado que quienes se dedican a ella logren hacer el tránsito de los enfoques individuales a los sociales Bleger 1966 p 44 Ahora hacer el tránsito de la práctica psicológica en educación a los enfoques sociales no ha sido tarea fácil Y en muchas ocasiones las prácticas del psicólogo en la educación han estado más del lado de la intervención clínica que de la educativa Esto ha generado confusión y muchas veces ha sido usado para diferenciar lo que hace un profesional de la psicología en la educación de lo que hacen otros profesionales en esta área

Historia contemporánea de América Antoni Marimon Riutort, Josep Miquel Santacreu Soler, 2015-05-16 En aquest llibre s'ha defugit la temptació de convertir la història contemporània d'Amèrica en un mosaic inconnex de petites històries nacionals de cada país i s'han abordat per contra i de forma innovadora els grans problemes històrics continentals des de finals del segle XVIII fins a l'actualitat més estricta

La ¿nueva? estructura social de América Latina Gabriela Benza, Gabriel Kessler, 2020-05-01 Están quienes creen que los gobiernos progresistas de principios del siglo XXI en América Latina representaron un avance socioeconómico indiscutible para masas de personas postergadas por décadas Otros por el contrario están convencidos de que esos gobiernos fueron la concreción de un populismo que condenó a la región al atraso la prebenda y la demagogia Este libro necesario y revelador viene a llenar con datos y análisis los vacíos de esa discusión y logra cambiar de raíz nuestro sentido común sobre América Latina y su desigualdad característica Al sistematizar la información más actualizada sobre la estructura social de Latinoamérica los autores recorren las grandes tendencias demográficas distribución etaria y geográfica migraciones mortalidad y fecundidad la distribución de los ingresos el trabajo la educación la salud y la vivienda en toda la región y las políticas públicas desarrolladas en cada ámbito Así demuestran que aunque los gobiernos posneoliberales efectivamente lograron crear una red de protección básica para los más excluidos no alteraron las bases estructurales de las inequidades persistentes Los datos y su

Encounters in Video Art in Latin America Elena Shtromberg,Glenn Phillips,2023-02-14 With insightful essays and interviews this volume examines how artists have experimented with the medium of video across different regions of Latin America since the 1960s The emergence of video art in Latin America is marked by multiple points of development across more than a dozen artistic centers over a period of more than twenty five years When it was first introduced during the 1960s video was seen as empowering the portability of early equipment and the possibility of instant playback allowed artists to challenge and at times subvert the mainstream media Video art in Latin America was and still is closely related to the desire for social change Themes related to gender ethnic and racial identity as well as the consequences of social inequality and ecological disasters have been fundamental to many artists practices This compendium explores the history and current state of artistic experimentation with video throughout Latin America Departing from the relatively small body of existing scholarship in English much of which focuses on individual countries this volume approaches the topic thematically positioning video artworks from different periods and regions throughout Latin America in dialogue with each other Organized in four broad sections Encounters Networks and Archives Memory and Crisis and Indigenous Perspectives the book s essays and interviews encourage readers to examine the medium of video across varied chronologies and geographies

Sustaining Empire Edward P. Pompeian,2022-04-26 Why did trade with the United States prolong Spanish colonial rule during the Venezuelan independence struggles From 1790 to 1815 much of the Atlantic World was roiled by European imperial wars While the citizens of the United States profited from the waste of blood and treasure Spanish American colonists struggled to preserve their prosperity on an imperial periphery Along the Caribbean coast of South America colonial elites and officials fought to secure Venezuela from threats of foreign

invasion slave rebellion and revolution For these elites trading with the United States and other neutral nations was not a way to subvert colonial rule but to safeguard the prosperity and happiness of loyal subjects of the Spanish Crown Food insecurity deprivation and political uncertainty left Venezuela vulnerable to revolution however In Sustaining Empire Edward P Pompeian lets readers see liberal free trade just as colonial Venezuelans did From the vantage point of the slave holding elite to which revolutionary figures like Sim n Bol var belonged neutral commerce was a valuable and effectual way to conserve the colonial status quo But after Spain s crisis of sovereignty in 1808 it proved an impediment to Venezuelan independence Analyzing the diplomatic and economic linkages between the new US republic and revolutionary Latin American governments Pompeian reminds us that the United States did not and does not exist in a vacuum and that the historic relationships between nations mattered then and matters now Examining an overlooked region Pompeian offers a novel interpretation of early United States relations with Latin America showing how US merchants executed government contracts and established flour tobacco and slave trading monopolies that facilitated the maintenance of colonial rule and the Spanish Empire Trading with the United States Pompeian argues kept both colony and empire under a tenuous hold despite revolutionary circumstances A fascinating revisionist history Sustaining Empire challenges long standing assertions that this commerce served primarily as a vector for the one way transmission of revolutionary liberal ideas from the North to South Atlantic
