American Fiction of the 1990s Jay Prosser, 2016-04-01 *American Fiction of the 1990s* Reflections of History and

Culture brings together essays from international experts to examine one of the most vital and energized decades in American literature. This volume reads the rich body of 1990s American fiction in the context of key cultural concerns of the period. The issues that the contributors identify as especially productive include Immigration and America's geographical borders particularly those with Latin America. Racial tensions, race relations and racial exchanges. Historical memory and the recording of history. Sex scandal and the politicization of sexuality. Postmodern technologies, terrorism and paranoia. American Fiction of the 1990s examines texts by established authors such as Don DeLillo, Toni Morrison, Philip Roth and Thomas Pynchon who write some of their most ambitious work in the period but also by emergent writers such as Sherman Alexie, Chang Rae Lee, E. Annie Proulx, David Foster Wallace and Jonathan Franzen. Offering new insight into both the literature and the culture of the period as well as the interaction between the two in a way that furthers the New American Studies, this volume will be essential reading for students and lecturers of American literature and culture and late twentieth century fiction. Contributors include Timothy Aubry, Alex Blazer, Kasia Boddy, Stephen J. Burn, Andrew Dix, Brian Jarvis, Suzanne W. Jones, Peter Knight, A. Robert Lee, Stacey Olster, Derek Parker, Royal Krishna Sen, Zoe Trodd, Andrew Warnes and Nahem Yousaf.

For every figure, major and minor, from the venerable and canonical to the fresh and innovative, a biographical sketch and chronological list of published works provide comprehensive, concise, up-to-date information. Here, in one convenient source, are the South's novelists and short story writers, poets and dramatists, memoirists and essayists, journalists, scholars, and biographers from the colonial period to the twenty-first century. What constitutes a southern writer is always a matter for debate. Editors Joseph M. Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense. New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication, as well as older talents previously unknown or unacknowledged. For almost every writer found in the previous edition, a new biography has been commissioned. Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners, *Southern Writers* is an indispensable reference book for anyone intrigued by the subject.
