residents who made the Shasta Lake region what it is today America's master dam builder Frank T Crowe and his band of dam builders diverted the Sacramento River and began the massive job of excavating millions of yards of dirt and rock. Meanwhile boomtowns housing dam workers and their families rapidly expanded developing both commercial and residential zones. Work on the dam was completed in 1945 and the question arose: Would the boomtowns survive? Featuring images from the United States Bureau of Reclamation and the Shasta Lake Historical Society, this new book focuses on both towns that no longer exist and some that still thrive including Redding, Toyon, Shasta Dam Village, Project City, Summit City, and Central Valley.
