, 2023-03-13 Exploring the nexus of music and religious education involves fundamental questions regarding music itself its nature its interpretation and its importance in relation to both education and the religious practices into which it is integrated This cross disciplinary volume of essays offers the first comprehensive set of studies to examine the role of music in educational and religious reform and the underlying notions of music in early modern Europe It elucidates the context and manner in which music served as a means of religious teaching and learning during that time thereby identifying the religious cultural and intellectual foundations of early modern European musical phenomena and their significance for exploring the interplay of music and religious education today **Music Education** Robert Walker, 2007 This is an important work that addresses the complex issues surrounding musical meaning and experience and the Western traditional justification for including music in education The chapters in this volume examine the important subjects of tradition innovation social

change the music curriculum music in the twentieth century social strata culture and music education psychology science and music education including musical values and education Additional topics include the origins of mania aesthetics and musical meaning related to concepts that are well known to the ancient Greeks and Romans which are compared to contemporary life The rise of studies of musical behavior by social psychologists has been an important feature for the last two decades and the relevance of this development to music education is explored Articulating the difference between education and entertainment has been central to discussions and debates about the role of music in education since Plato and Aristotle first examined the problem Many of the questions and issues raised by these two Greek philosophers in ancient Greece about the nature of music and its role in education are highly relevant today and these are examined in the context of the twenty first century The writer stresses that music is a product of specific cultural ways of thinking and doing and its inclusion in education can only be justified in terms of the importance a particular culture places on its music as a valued art form The implications for music education are that those teaching music should focus in the ways musicians employ special cultural ways of thinking in their compositions and performance practices whatever the genre Contains 28 illustrations and 2 tables

[Educating African American Students](#) Gloria Swindler Boutte, 2015-08-20 Focused on preparing educators to teach African American students this straightforward and teacher friendly text features a careful balance of published scholarship a framework for culturally relevant and critical pedagogy research based case studies of model teachers and tested culturally relevant practical strategies and actionable steps teachers can adopt Its premise is that teachers who understand Black culture as an asset rather than a liability and utilize teaching techniques that have been shown to work can and do have specific positive impacts on the educational experiences of African American children

**The Politics of Cultural Knowledge** Njoki Wane, Arlo Kempf, Marlon Simmons, 2011-10-25 The advent and implementation of European colonialism have disrupted innumerable epistemological geographies around the globe Countless cultural ways of knowing and local educational practices have in some way been displaced and dislocated within the universalizing project of the Euro Colonial Empire This book revisits the colonial relations of culture and education questions various embedded imperial procedures and extricates the strategic offerings of local ways of knowing which resisted colonial imposition The contributors of this collection are concerned with the ways in which colonial education forms the governing edict for local peoples In The Politics of Cultural Knowledge the authors offer an alternative reading of conventional discussions of culture and what counts as knowledge concerning race class gender sexuality identity and difference in the context of the Diaspora

**The Bible and Bob Marley** Dean MacNeil,2013-08-27 With a Bible and guitar Bob Marley set out to conquer the world of popular music Rising from humble origins to international stardom he worked tirelessly to spread a dual message of resistance and redemption a

message inspired by his reading of scripture Marley's constant reliance on the Bible throughout the stages of his artistic and spiritual paths is an integral part of his story that has not been sufficiently told until now This is the first book written on Bob Marley as biblical interpreter It answers the question What light does biblical scholarship shed on Marley's interpretation and what can Marley teach biblical scholars Focusing on the parts of the Bible that Marley quotes most often in his lyrics MacNeil provides a close analysis of Marley's interpretation For students of Marley this affords a deeper appreciation and understanding of his thought and his art For students of scripture it demonstrates the nature of Marley's unique contribution to the field of biblical interpretation which can be appreciated as an excellent example of what R S Sugirtharajah calls vernacular interpretation of scripture Black Linguistics Arnetha Ball, Sinfree Makoni, Geneva Smitherman, Arthur K. Spears, Foreword by Ngugi wa Thiong'o, 2005-08-19 This groundbreaking collection re-orders the elitist and colonial elements of language studies by drawing together the multiple perspectives of Black language researchers *Ford News*, 1924

**The Planetary Clock** Paul Giles, 2021-02-11 The theme of *The Planetary Clock* is the representation of time in postmodern culture and the way temporality as a global phenomenon manifests itself differently across an antipodean axis To trace postmodernism in an expansive spatial and temporal arc from its formal experimentation in the 1960s to environmental concerns in the twenty first century is to describe a richer and more complex version of this cultural phenomenon Exploring different scales of time from a Southern Hemisphere perspective with a special emphasis on issues of Indigeneity and the Anthropocene *The Planetary Clock* offers a wide ranging revisionist account of postmodernism reinterpreting literature film music and visual art of the post 1960 period within a planetary framework By bringing the culture of Australia and New Zealand into dialogue with other Western narratives it suggests how an antipodean impulse involving the transposition of the world into different spatial and temporal dimensions has long been an integral if generally occluded aspect of postmodernism Taking its title from a Florentine clock designed in 1510 to measure worldly time alongside the rotation of the planets *The Planetary Clock* ranges across well known American postmodernists John Barth Toni Morrison to more recent science fiction writers Octavia Butler Richard Powers while bringing the US tradition into juxtaposition with both its English Philip Larkin Ian McEwan and Australian Les Murray Alexis Wright counterparts By aligning cultural postmodernism with music Messiaen Ligeti Birtwistle the visual arts Hockney Blackman Fiona Hall and cinema Rohmer Haneke Tarantino this volume enlarges our understanding of global postmodernism for the twenty first century Cultural Economy and Television in Jamaica and Ghana Deborah Hickling Gordon, 2020-11-25 This book proposes contemporary decolonization as an approach to developing cultural economies in the Global South It presents the account of the transformation of television in Jamaica and Ghana to audiovisual subsectors from cultural institutions to cultural industries and then subsectors of emerging cultural economies as representative case studies Global changes are presented within five organizing phenomena philosophical ideological and economic change and their impact on governance and the operational transformation of the television sectors of Jamaica and

Ghana This book represents the first critical examination and comparison of cultural and creative industries CCI and economy concepts in the Caribbean and Africa It is an original contribution to the development of strategies that influence processes structures and policies related to the cultural economy concept and those required to improve television industries This process of describing culturally specific characteristics of CCI is designed to be applicable to the CCI of developing countries including those in Africa and the Caribbean where interpretations and implementation suited for advanced industrial nations have been insufficiently questioned and challenged
