Rednecks Eggheads And Blackfellas A Study Of Racial Power And Intimacy In Australia:

Rednecks, Eggheads, and Blackfellas Gillian Cowlshaw, 1999 A narrative through time of how race was lived in rural Australia by both black subjects and white subjects *Rednecks, Eggheads and Blackfellas* Gillian Cowlshaw, 2020-08-02 This lively book brings the reader close to the people from a remote cattle station in far north Australia where black and white peoples lives have been intertwined over the span of 80 years Tracing the humorous savage and ordinary ways in which race structured intimate and everyday relationships across a great divide Gillian Cowlshaw makes startling and original arguments about race relations By investigating specific patterns of interaction on Australia s cultural frontier Rednecks Eggheads and Blackfellas illustrates how anthropologists pastoralists and government officials squabbled about Aborigines as they intruded into their country controlled aspects of their lives and dominated the way they were represented in the public realm The ironic title hints that the difference between redneck pastoralists and egghead anthropologists is not so great as might be imagined Aborigines were central to the projects of both kinds of whitefellas Weaving the shifts in government policy and public opinion with accounts of their sometimes ludicrous impact on outback communities this book brings to life the complexities of living with racial categories And it asks why increasingly enlightened anti racist policies seldom seem to have worked as intended even in this era of self determination This thought provoking work will speak not only to anthropologists and those interested in Aboriginal Australia but to scholars of race more generally especially in the burgeoning field of whiteness studies **The SAGE Handbook of Social Anthropology** Richard Fardon, Oliva Harris, Trevor H J Marchand, Cris Shore, Veronica Strang, Richard Wilson, Mark Nuttall, 2012-07-25 In two volumes the SAGE Handbook of Social Anthropology provides the definitive overview of contemporary research in the discipline It explains the what where and how of current and anticipated work in Social Anthropology With 80 authors contributing more than 60 chapters this is the most comprehensive and up to date statement of research in Social Anthropology available and the essential point of departure for future projects The Handbook is divided into four sections Part I Interfaces examines Social Anthropology s disciplinary connections from Art and Literature to Politics and Economics from Linguistics to Biomedicine from History to Media Studies Part II Places examines place region culture and history from regional area studies to a globalized world Part III Methods examines issues of method from archives to war zones from development projects to art objects and from ethics to comparison Part IV Futures anticipates anthropologies to come in the Brain Sciences in post Development in the Body and Health and in new Technologies and Materialities Edited by the leading figures in social anthropology the Handbook includes a substantive introduction by Richard Fardon a think piece by Jean and John Comaroff and a concluding last word on futures by Marilyn Strathern The authors each at the leading edge of the discipline contribute in depth chapters on both the foundational ideas and the latest research Comprehensive and detailed this magisterial Handbook overviews the last 25 years of the social anthropological imagination It will speak to scholars in Social

Anthropology and its many related disciplines *Historical Dictionary of Australia* Norman Abjorensen, James C. Docherty, 2014-12-05 Australia's development from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large scale immigration. Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by contributing troops to the war in Vietnam and by being part of the coalition of the willing in the US invasion of Iraq in 2003 and in operations in Afghanistan. In recent years it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors. This fourth edition of *Historical Dictionary of Australia* covers its history through a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Australia.

Historical Dictionary of Australian Aborigines Mitchell Rolls, Murray Johnson, 2019-11-05 The Aboriginal Australians first arrived on the continent at least 60,000 years ago, occupying and adapting to a range of environmental conditions from tropical estuarine habitats, densely forested regions, open plains, and arid desert country to cold mountainous and often wet and snowy high country. Cultures adapted according to the different conditions and adapted again to environmental changes brought about by rising sea levels at the end of the last ice age. European colonization of the island continent in 1788 not only introduced diseases to which Aborigines had no immunity but also began an enduring and at times violent conflict over land and resources. Reconciliation between Aborigines and the settler population remains unresolved. This second edition of the *Historical Dictionary of Australian Aborigines* contains a chronology, an introduction, an extensive bibliography, and more than 300 cross-referenced entries on the politics, economy, foreign relations, religion, and culture of the Aborigines. This book is an excellent resource for students, researchers, and anyone wanting to know more about the indigenous people of Australia.

Crime, Justice and Social Democracy K. Carrington, M. Ball, E. O'Brien, J. Tauri, 2012-10-17 This is a provocative collection of timely reflections on the state of social democracy and its inextricable links to crime and justice. Authored by some of the world's leading thinkers from the UK, US, Canada, and Australia, the volume provides an understanding of socially sustainable societies.

Bureaucratic Occupation Julie Lahn, Elizabeth Strakosch, Patrick Sullivan, 2024-12-31 This volume explores Aboriginal and Torres Strait Islander peoples' interactions with public sector bureaucracies. The authors featured here consider how bureaucracy relates to colonialism, race, and sovereignty in a post-neoliberal world. They also consider the diverse ways in which Aboriginal and Torres Strait Islander people working within and across these sectors negotiate and engage with bureaucratic structures. Some contributors offer critiques of bureaucratic hierarchies, and others provide insights into the complexity of bureaucratic culture, drawing attention to the complex strategies of Indigenous people who aim to make bureaucracy work for themselves and their communities. The volume overall provides a nuanced and substantive analysis of the relation of Aboriginal and

Torres Strait Islander peoples to the contemporary administrative state and an innovative perspective from which to examine Indigenous settler relations For those concerned with Indigenous policymaking this volume puts forward a new approach that focuses on policy relationships rather than processes or outcomes **Making Settler Colonial Space** Tracey Banivanua Mar, P. Edmonds, 2010-05-07 Charts the making of colonial spaces in settler colonies of the Pacific Rim during the last two centuries Contributions journey through time place and region and piece together interwoven but discrete studies that illuminate transnational and local experiences violent ideological and cultural that produced settler colonial space

Haunting Biology Emma Kowal, 2023-10-13 In *Haunting Biology* Emma Kowal recounts the troubled history of Western biological studies of Indigenous Australians and asks how we now might see contemporary genomics especially that conducted by Aboriginal and Torres Strait Islander scientists Kowal illustrates how the material persistence of samples over decades and centuries folds together the fates of different scientific methodologies Blood bones hair comparative anatomy human biology physiology and anthropological genetics all haunt each other across time and space together with the many racial theories they produced and sustained The stories Kowal tells feature a variety of ghostly presences a dead anatomist a fetishized piece of hair hidden away in a war trunk and an elusive white Indigenous person By linking this history to contemporary genomics and twenty first century Indigeneity Kowal outlines the fraught complexities perils and potentials of studying Indigenous biological difference in the twenty first century Racism Albert J. Wheeler, 2000 Of all mankind's vices racism is one of the most pervasive and stubborn Success in overcoming racism has been achieved from time to time but victories have been limited thus far because mankind has focused on personal economic gain or power grabs ignoring generosity of the soul This bibliography brings together the literature providing access by subject groupings as well as author and subject indexes Contents Racial Attitudes Racism and Poverty Hate Groups Racial Justice Racism and Politics Race Discrimination Racial Identity Racism Around the World **Shape Shifters** Lily Anne Y. Welty Tamai, Ingrid Dineen-Wimberly, Paul Spickard, 2020-01-01 *Shape Shifters* presents a wide ranging array of essays that examine peoples of mixed racial identity Moving beyond the static either/or categories of racial identification found within typical insular conversations about mixed race peoples *Shape Shifters* explores these mixed race identities as fluid ambiguous contingent multiple and malleable This volume expands our understandings of how individuals and ethnic groups identify themselves within their own sociohistorical contexts The essays in *Shape Shifters* explore different historical eras and reach across the globe from the Roman and Chinese borderlands of classical antiquity to medieval Eurasian shape shifters the Native peoples of the missions of Spanish California and racial shape shifting among African Americans in the post civil rights era At different times in their lives or over generations in their families racial shape shifters have moved from one social context to another And as new social contexts were imposed on them identities have even changed from one group to another This is not racial ethnic or religious imposture It is simply the way that people's lives unfold in fluid sociohistorical circumstances

With contributions by Ryan Abrecht George J Sanchez Laura Moore and Margaret Hunter among others *Shape Shifters* explores the forces of migration borderlands trade warfare occupation colonial imposition and the creation and dissolution of states and empires to highlight the historically contingent basis of identification among mixed race peoples across time and space

Indigenous Experience Today Marisol de la Cadena, Orin Starn, 2020-05-18 A century ago the idea of indigenous people as an active force in the contemporary world was unthinkable It was assumed that native societies everywhere would be swept away by the forward march of the West and its own peculiar brand of progress and civilization Nothing could be further from the truth Indigenous social movements wield new power and groups as diverse as Australian Aborigines Ecuadorian Quichuas and New Zealand Maoris have found their own distinctive and assertive ways of living in the present world *Indigenous Experience Today* draws together essays by prominent scholars in anthropology and other fields examining the varied face of indigenous politics in Bolivia Botswana Canada Chile China Indonesia and the United States amongst others The book challenges accepted notions of indigeneity as it examines the transnational dynamics of contemporary native culture and politics around the world

Planning in Indigenous Australia Sue Jackson, Libby Porter, Louise C. Johnson, 2017-07-28 Planning in settler colonial countries is always taking place on the lands of Indigenous peoples While Indigenous rights identity and cultural values are increasingly being discussed within planning its mainstream accounts virtually ignore the colonial roots and legacies of the discipline s assumptions techniques and methods This ground breaking book exposes the imperial origins of the planning canon profession and practice in the settler colonial country of Australia By documenting the role of planning in the history of Australia s relations with Indigenous peoples the book maps the enduring effects of colonisation It provides a new historical account of colonial planning practices and rewrites the urban planning histories of major Australian cities Contemporary land rights native title and cultural heritage frameworks are analysed in light of their critical importance to planning practice today with detailed case illustrations In reframing Australian planning from a postcolonial perspective the book shatters orthodox accounts revising the story that planning has told itself for over 100 years New ways to think and practise planning in Indigenous Australia are advanced *Planning in Indigenous Australia* makes a major contribution towards the decolonisation of planning It is essential reading for students and teachers in tertiary planning programmes as well as those in geography development studies postcolonial studies anthropology and environmental management It is also vital reading for professional planners in the public private and community sectors

Public Policy and Indigenous Futures Nikki Moodie, Sarah Maddison, 2023-03-01 This book focuses on

Indigenous self determined and community owned responses to complex socioeconomic and political challenges in Australia and explores Indigenous policy development and policy expertise It critically considers current practices and issues central to policy change and Indigenous futures The book foregrounds the resurgence that is taking place in Indigenous governing and policy making providing case studies of local and community based policy development and implementation The chapters highlight new Australian work on what is an international phenomenon This book brings together senior and early career political scientists and policy scholars and Indigenous and non Indigenous scholars working on problems of Indigenous policy and governance

Geographies of Australian Heritages Dr Brian J Shaw, Professor Roy Jones, 2012-11-28 In any settler and or postcolonial society heritage is a complex and contested topic that involves indigenous imperial and other migrant components In Australia this situation is compounded by the unique characteristics of the country s natural environment the considerable diversity of its migrant intake and the demographic and technological imbalances between its indigenous and settler populations This volume brings together internationally recognized academics and emerging scholars whose expertise extends through the areas of tourism planning heritage management environmental studies and state and local government Through a representative set of case studies from across the country s states and capital cities the contributors demonstrate the range and diversity of heritage issues currently confronting Australia and consider possible ways of resolving these

Culture, Economy and Governance in Aboriginal Australia Diane J. Austin-Broos, Gaynor Macdonald, 2005 Aboriginal and Torres Strait Islander peoples are advised that this resource may contain images transcripts or names of Aboriginal and Torres Strait Islander peoples now deceased It may also contain historically and culturally sensitive words terms and descriptions

Questioning Indigenous-Settler Relations Sarah Maddison, Sana Nakata, 2019-08-30 This book examines contemporary Indigenous affairs through questions of relationality presenting a range of interdisciplinary perspectives on the what who when where and why of Indigenous settler relations It also explores relationality a key analytical framework with which to explore Indigenous settler relations in terms of what the relational characteristics are who steps into these relations and how the different temporal and historical moments in which these relations take place and to what effect where these relations exist around the world and the variations they take on in different places and why these relations are important for the examination of social and political life in the 21st century Its unique approach represents a deliberate move away from both settler colonial studies which examines historical and present impacts of settler states on Indigenous peoples and from postcolonial and decolonial scholarship which predominantly focuses on how Indigenous peoples speak back to the settler state It explores the issues that inform shape and give social legal and political life to relations between Indigenous and non Indigenous peoples both in Australia and globally

The Ashgate Research Companion to Critical Geopolitics Merje Kuus, 2016-04-01 Since the late 1980s critical geopolitics has gone from being a radical critical perspective on the disciplines of political geography and international relations theory to becoming a recognised area of research in its own right

Influenced by poststructuralist concerns with the politics of representation critical geopolitics considers the ways in which the use of particular discourses shape political practices Initially critical geopolitics analysed the practical geopolitical language of the elites and intellectuals of statecraft Subsequent iterations have considered the role that popular representations of the international political world play As critical geopolitics has become a more established part of political geography it has attracted ever more critique from feminists for its apparent blindness to the embodied effects of geopolitical praxis and from those who have been uncomfortable about its textual focus while others have challenged critical geopolitics to address alternative resistant forms of geopolitical practice Again critical geopolitics has been reworked to incorporate these challenges and the latest iterations have encompassed normative agendas non representational theory emotional geographies and affect It is against the vibrant backdrop of this intellectual development of critical geopolitics as a subdiscipline that this Companion is set Bringing together leading researchers associated with the different forms of critical geopolitics this volume produces an overview of its achievements limitations and areas of new and potential future development The Companion is designed to serve as a key resource for an interdisciplinary group of scholars and practitioners interested in the spatiality of politics

The Language of Emotions Maïa Ponsonnet, 2014-12-15 The Language of Emotions The case of Dalabon Australia is the first extensive study of the linguistic encoding of emotions in an Australian language and further in an endangered non European language Based on first hand data collected using innovative methods the monograph describes and analyzes how Dalabon speakers express emotions using interjections prosody evaluative morphology and the words they use to describe and discuss emotions Like many languages Dalabon makes broad use of body part words in descriptions of emotions The volume analyzes the figurative functions of these body part words as well as their non figurative functions Correlations between linguistic features and cultural patterns are systematically questioned Beyond Australianists and linguists working on emotions the book will be of interest to anthropological linguists cognitive linguists or linguists working on discourse and communication for instance It is accessible also to non linguists with an interest in language in particular anthropologists and psychologists
