the Canadian criminal justice system As accepted and widespread though the practice is there has been little critique or debate of this practice in a broad public forum on the potential infringement of individual rights or civil liberties Neil Gerlach s *The Genetic Imaginary* takes up this challenge critically examining the social legal and criminal justice origins and effects of DNA testing and banking Drawing on risk analysis Gerlach explains why Canadians have accepted DNA technology with barely a ripple of public outcry Despite promises of better crime control and protections for existing privacy rights Gerlach s

examination of police practices courtroom decisions and the changing role of scientific expertise in legal decision making reveals that DNA testing and banking have indeed led to a measurable erosion of individual rights Biogovernance and the biotechnology of surveillance almost inevitably lead to the empowerment of state agent control and away from due process and legal protection The Genetic Imaginary demonstrates that the overall effect of these changes to the criminal justice system has been to emphasize the importance of community security at the expense of individual rights The privatization and politicization of biogovernance will certainly have profound future implications for all Canadians Redrum Boston George,2012-04-24 Kendu leads the life of an average hustler with his beautiful wife Diamond at home and a smooth operation that he runs with his best friend Deuce When Kendu and Deuce cross the wrong person though Kendu s life suddenly takes a turn for the worst Now in debt to his enemy Kendu must choose his next move wisely or it could cost him everything Add to the mix a concerned wife a disloyal partner and Perry a successful businessman by day and a coldhearted serial killer by night and you ve got a recipe for pure mayhem Follow Boston George as he takes you on an unforgettable journey reminding you that it s not always wise to keep your enemies close **Justice Miscarried** Helena Katz,2011-06-14 Former bank manager Ronald Dalton never got to watch his three young children grow up In 1989 he was convicted for a crime that never happened His wife Brenda was later ruled to have choked to death on breakfast cereal not strangled as a pathologist had initially claimed Dalton s daughter Alison was in kindergarten when he was charged with second degree murder in 1988 He attended her high school graduation on June 26 2000 two days after his conviction was finally overturned Behind the proud facade of Canada s criminal justice system lie the shattered lives of the people unjustly caught within its web Justice Miscarried tells the heartwrenching stories of twelve innocent Canadians including David Milgaard Donald Marshall Guy Paul Morin Clayton Johnson William Mullins Johnson and Thomas Sophonow who were wrongly convicted and the errors in the nations justice system that changed their lives forever **The Criminal Law Quarterly** ,1999 *Real Justice: Guilty of Being Weird* Cynthia J. Faryon,2012-09-12 At twenty four Guy Paul Morin was considered a bit strange He still lived at home drove his parents car kept bees in the backyard and grew flowers to encourage the hives He played the saxophone and clarinet in three bands and loved the swing music of the 1940s In the small Ontario town where he lived this meant Guy Paul stood out So when the nine year old girl next door went missing the police were convinced that Morin was responsible for the little girl s murder Over the course of eight years police manipulated witnesses and tampered with evidence to target and convict an innocent man It took ten years and the just developed science of DNA testing to finally clear his name This book tells his story showing how the justice system not only failed to help an innocent young man but conspired to convict him It also shows how a determined group of people dug up the evidence and forced the judicial system to give him the justice he deserved Distributed in the U S by Lerner Publishing Group **Hangman** Michael Slade,2024-10-08 A harrowing tale of revenge Hangman is a hardboiled police procedural Readers come away not only

Anderson,2021-01-11T00:00:00Z Manufacturing Guilt 2nd edition updates the cases presented in the first edition and includes two new chapters one concerning the case of James Driskell and another regarding Dr Charles Smith whose role in forensic pathology evidence led to several wrongful convictions In this new edition the authors demonstrate that the same factors at play in the criminalization of the powerless and marginalized are found in cases of wrongful conviction Contrary to popular belief wrongful convictions are not due simply to unintended errors but rather are too often the result of the deliberate actions of those working in the criminal justice system Using Canadian cases of miscarriages of justice the authors argue that understanding wrongful convictions and how to prevent them is incomplete outside the broader societal context in which they occur particularly regarding racial and social inequality     *Proceedings of the Standing Senate Committee on*
