Mills,2000 Birds are indicators of vegetation structure and ecological conditions The singing activity of birds declines during late morning periods which can affect estimates of abundance and conclusions regarding vegetative conditions indexed by birds Therefore it is important to quantify periods of bird activity so biologists can plan studies We determined hourly detections from singing males of 22 nongame bird species in ponderosa pine quaking aspen and grassland vegetation types in the Black Hills of South Dakota Detections of 12 of 22 species differed among 1 hr intervals after sunrise Detections of yellowrumped warblers Townsends solitaires red breasted nuthatches western tanagers and American robins decreased on count episodes more than 4 hrs after sunrise Detections of dusky flycatchers declined on count episodes more than 3 hrs after sunrise and detections of black capped chickadees were greatest during the first hour after sunrise and declined afterward Detections of many other species from songs or calls decreased on count episodes more than 5 hrs after sunrise We recommend that bird counts in the Black Hills be completed within 4 hrs after sunrise so estimates of bird abundance are not affected by reduced singing among males **Wood Use in Colorado at the Turn of the Twenty-first Century** Dennis Lee Lynch,2001 *Sadie's Highlander* Maeve Greyson,2017-09-12 The Highland Protector series brings to life four mouthwatering Celtic brothers in twenty first century North Carolina where the lasses are anything but tamed Highland warrior Alec MacDara and his brothers traveled forward in time to protect the sacred Heartstone Their cover Owners and operators of a theme park called Highland Life and Legends As the chairman Alec has been fending off requests to film at the breathtaking property It s only because of the charming correspondence from an enterprising production assistant that he agrees to a meeting at all That s when Alec meets a woman whose lush curves make him forget for the first time all about tenth century Scotland A lowly assistant for her sister s motion picture company wannabe screenwriter Sadie

Willis,2022-05-06 The seventeen stories in *Of Starfish Tides and Other Tales* take place at the edges of this world some veering more deeply into it others towards worlds on the other side With elements of fairy tales and folklore and occasional forays into dystopian futures its constant theme is a search for home and belonging and the darkness at the heart of that search Women stalk through these pages looking for the keeper of human hearts and a cruel map that will answer only to its true owner Faeries are more likely to seek revenge or a human soul than they are to grant wishes A man washes up on a pebbled beach his only means of communication being the haunting songs he plays on an old piano Elsewhere music is the language of love and sorrow and sometimes a weapon Stay awhile here and learn the secrets of a city built for a long gone lover and how to find the land of the dead Learn what it means to chart stories on human skin But remember that between these covers getting what one needs is often different from what one wants Suzanne J Willis is a chronicler of note a documenter of the glorious strange a creator of such wonders and horrors as might make a heart sing or the blood curdle from the introduction by Angela Slatter
