Reflections on Reformational Theology Kimlyn J. Bender, 2021-07-29 The essays in this volume examine some of the fundamental doctrinal convictions of Martin Luther and the Reformation legacy as well as the maturation and development of these convictions in the theology of Karl Barth. The broad evangelical vision that spans its various confessional tributaries is presented in the essays of this volume. Together these studies serve as a cumulative argument for the ongoing coherence, meaning, and consequence of that vision, one that at its heart is constructive and ecumenical rather than narrowly polemical. Kimlyn J. Bender examines a variety of topics such as the relation of Christ and the Church as understood in the theology of Luther and Barth, the centrality of Christ to an understanding of all the solas of the Reformation, the place and significance of the Reformers in Barth's own thought, and Barth's theology in conversation with distant descendants of the Reformation often neglected, including Baptists in America, Pietists in Europe, and Barth's own complicated relationship with Kierkegaard. Bender concludes his discussion by presenting constructive proposals for a Church and university on the way and thus ever reforming.

A Time for Reflection Jason Cannon, 2025-02-04 A fascinating look back at the incredible lives and careers of baseball Hall of Famers Willie McCovey and Billy Williams. Professional baseball has featured a bevy of superstars over the past century and a half, but only a few of them have impacted their sport and cities as deeply as Willie McCovey and Billy Williams. Born just a handful of miles apart in 1938, they grew up in and around one of the sport's true cradles, Mobile, Alabama, on their way to producing two iconic careers in Major League Baseball. In **A Time for Reflection: The Parallel Legacies of Baseball Icons Willie McCovey and Billy Williams**, Jason Cannon examines these two legends of the game. Overcoming the heinous racism of the Jim Crow South as part of the second generation of African American major leaguers who followed in the footsteps of Jackie Robinson, they became two of baseball's all-time greatest players. Off the field, they took impactful stands for racial progress that continue to resonate today. Their personal resolve, leadership in the clubhouse, and dedication to their baseball communities endeared them to teammates and fans alike. Featuring original interviews with family members, friends, teammates, and Williams himself, **A Time for Reflection** brings to life their monumental accomplishments on the diamond while also detailing how McCovey and Williams grew into pillars of San Francisco and Chicago and inspired future generations of ballplayers.

Reflection in Action Kimberly A. Kline, 2023-07-03 This guidebook aims to stimulate student affairs professionals and higher education faculty alike to adopt new approaches when discussing sensitive or controversial topics with their students. professional practice The text is organized in three overarching themes Part One Existing Theories Examining Claims and Proposing New Understandings Part Two Concrete Tools and Safe Spaces for Practicing Difficult Dialogues in Professional Practice and Part Three Professional Development Action Research and Social Agency In Part Four Moving Forward the book concludes with a chapter on implications for daily life and practice The action oriented research model provides strategies and frameworks for using social science research to engage in critical social and educational problem solving The emphasis is on moving colleges and universities to widen their moral and ethical lenses beyond understanding diversity to developing multicultural competence and enriching their campus communities Written for faculty in higher education and student affairs professionals along with master s and doctoral students in these fields this book provides a framework that is grounded in research and sound pedagogies and theories

Refusals and Reflections ,2024-11-04 Though qualitative research methods shape scholarship around the globe and institutions worldwide offer qualitative coursework there is very little explicit discussion on how to effectively teach qualitative research Instead a standard approach is for instructors to gain in depth expertise in qualitative methodologies with little or no pedagogical training The effect is a continuous and nearly exclusive emphasis on content knowledge that undermines the preparation of novice researchers as both teachers and learners This book works to fill that gap by offering perspectives strategies and applications from instructor and student perspectives based on a semester long class emphasizing social justice in qualitative research This edited volume offers sections on pedagogical strategies students responses to and applications of those concepts and then instructor reflections The goal is to offer an important starting point for explicit discussions on how qualitative research might be taught and learned in addition to how it might be thoughtfully and ethically conducted Contributors are Erica T Campbell Sun Young Gu Kelsey H Guy Aimee J Hackney April M Jones Alison N Kearley Caran Kennedy Amon Neely Cowan Allyson Pitzel Diana Quito Erin E Rich Stephanie Anne Shelton Ashley Salter Virgin and Venus Trevaee Watson

Deep South Allison Davis,Burleigh Bradford Gardner,Mary R. Gardner,2009 First published in 1941 Deep South is the cooperative effort of a team of social anthropologists to document the economic racial and cultural character of the Jim Crow South through a study of a representative rural Mississippi community Researchers Allison Davis Burleigh B Gardner and Mary R Gardner lived among the people of Natchez Mississippi as they investigated how class and caste informed daily life in a typical southern community This Southern Classics edition of their study offers contemporary students of history a provocative collection of primary material gathered by conscientious and well trained participant observers who found then as now intertwined social and economic inequalities at the root of racial tensions Expanding on earlier studies of community stratification by social class researchers in the Deep South Project introduced the additional concept of caste which parsed a community through rigid social ranks assigned at birth and unalterable through life a concept readily identifiable in the racial divisions of the Jim Crow South As African American researchers Davis and his wife Elizabeth along with his assistant St Clair Drake were able

to gain unrivaled access to the black community in rural Mississippi unavailable to their white counterparts Through their interviews and experiences the authors vividly capture the nuances in caste enforcing systems of tenant landlord relations local government and law enforcement But the chief achievement of Deep South is its rich analysis of how the southern economic system and sharecropping in particular functioned to maintain rigid caste divisions along racial lines In the new introduction to this edition Jennifer Jensen Wallach situates this germinal study within the field of social anthropology and against the backdrop of similar community studies of the era She also details the subsequent careers of this distinguished team of researchers

Rearview Mirror Reflections Frances Wright,2013-03-15

Rearview Mirror Reflections depicts the family biographical reflections of one who was born and reared in the Deep South during the late 1940s This narrative presents a collection of illuminating short stories and incidents that reveals the delightful difficult and sometimes complicated experiences of my childhood These informative reflected stories events people and places were collected as the remembrance of them flowed from my richly endowed memories However the presentation of them will not always be arranged in the order in which these experiences occurred Life has a way of beckoning at us from our past Reflections of it show up as bright as the noonday sun alluding to the fact that it has in some way shaped our present day Experiences and lessons learned stare toward us with clear perceptions of those former days The joys and the sorrows of our family still stand out as markers of progressiveness and accomplishments Nowhere has it been known of as having a childhood such as ours As I was growing up I did not have anything to compare my life with So I simply accepted things as they were Nevertheless my growing up years holds many fond memories that I would not have traded for anything else Therefore many of my reflections may seem somewhat amusing and maybe incredible to believe by some or even a bit absurd Nevertheless they all identify my youth as I reflect upon my childhood It is my hope that you will enjoy reading my family biographical reflections as well as I did in sharing them with you

Daily Life in the Colonial City Keith T. Krawczynski, 2013-02-20 An exploration of day to day urban life in colonial America The American city was an integral part of the colonial experience Although the five largest cities in colonial America Philadelphia New York Boston Charles Town and Newport held less than ten percent of the American population on the eve of the American Revolution they were particularly significant for a people who resided mostly in rural areas and wilderness These cities and other urban hubs contained and preserved the European traditions habits customs and institutions from which their residents had emerged They were also centers of commerce transportation and communication held seats of colonial government and were conduits for the transfer of Old World cultures With a focus

on the five largest cities but also including life in smaller urban centers Krawczynski's nuanced treatment will fill a significant gap on the reference shelves and serve as an essential source for students of American history sociology and culture In depth thematic chapters explore many aspects of urban life in colonial America including working conditions for men women children free blacks and slaves as well as strikes and labor issues the class hierarchy and its purpose in urban society childbirth courtship family and death housing styles and urban diet and the threat of disease and the growth of poverty

Life and Death Matters Robert Baldwin, 2008-06-01 Dr Robert Baldwin would be the first to tell you that he used to be an average white Southern male a family man with conservative ideals and a growing medical practice he was living out his life without too much introspection In 1997 however Baldwin was diagnosed with the autoimmune disease myasthenia gravis In his compelling new memoir *Life and Death Matters* Baldwin discusses his health scare and his subsequent search for truth in both the Christian church and society at large Baldwin goes on to tackle one of the most precarious moral issues of our time the death penalty with statistical fact and thoughtful religious sympathy While volunteering as a prison minister Baldwin immerses himself in this issue proving himself to be a most thoughtful individual with an eye for social injustice and an ear for those in most need of counsel
