Reflections Concerning Innate Moral Principles Henry Bolingbroke, 2014-03 This Is A New Release Of The Original 1752 Edition 1730-1784 Charles Wells Moulton, 1902 The Library of Literary Criticism of English and American Authors: 1730-1784 Charles Wells Moulton, 1902 **Dictionary of National Biography**, 1897 The London Magazine, Or, Gentleman's Monthly Intelligencer, 1752 **Patriotism and Public Spirit** Ian Crowe, 2012-08-22 Patriotism and Public Spirit is an innovative study of the formative influences shaping the early writings of the Irish English statesman Edmund Burke and an early case study of the relationship between the business of bookselling and the politics of criticism and persuasion Through a radical reassessment of the impact of Burke's Irishness and of his relationship with the London based publisher Robert Dodsley the book argues that Burke saw Patriotism as the best way to combine public spirit with the reinforcement of civil order and to combat the use of coded partisan thinking to achieve the dominance of one section of the population over another No other study has drawn so extensively on the literary and commercial network through which Burke's first writings were published to help explain them By linking contemporary reinterpretations of the work of Patriot sympathizers and writers such as Alexander Pope and Lord Bolingbroke with generally neglected trends in religious and literary criticism in the Republic of Letters this book provides new ways of understanding Burke's early publications The results call into question fundamental assumptions about the course of Enlightenment thought and challenge currently dominant post colonialist and Irish nationalist interpretations of the early Burke **1756-1762** Horace Walpole, 1906

Science and Reading in the Eighteenth Century Markman Ellis, 2023-02-23 Science and Reading in the Eighteenth Century studies the reading habits of a group of historians and science administrators known as the Hardwicke Circle The research is based on an analysis of the reading recorded in the Weekly Letter an unpublished private correspondence written from 1741 to 1766 between Thomas Birch 1705 1766 Secretary of the Royal Society and Philip Yorke 1720 1790 later second earl of Hardwicke Birch and Yorke were omnivorous voracious and active readers The analysis uses the Weekly Letter to quantify the texts with which they engaged and explores the role of reading in their intellectual life The research argues that this evidence shows that in the early 1750s the Hardwicke Circle pivoted from a focus on early modern British history to a new concern with the reform and renovation of British intellectual institutions especially the Royal Society **The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800** George Watson, Ian R. Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new

contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries Dictionary of National Biography Leslie Stephen,1897
