Reflections Of Canada:

Ripostes Philip Marchand, 1998 *Ripostes* is a collection of essays on some salient features of the Canadian literary landscape a number of which were first published in the Toronto Star many of which appear in these pages for the first time Included are essays on Atwood Findley Ondaatje and Margaret Laurence as well as thematic explorations of Canadian literature such as an account of the demise of the Survival school of Canadian writing a look at the recent history of the Writers Union of Canada an examination of the role of fathers in Canadian fiction a study of the strange attraction of many of our writers to the occult and so on The tone is considered and critical rather than celebratory although the essays are respectful of the genuine achievements of Canadian literature in the past few decades They try to clear the air as it were of boosterism political correctness and other attitudes which hinder the appreciation and reception of good writing This is an honest re appraisal of Canadian literature undertaken at a time when we need no longer be overcome with relief and euphoria over the fact that some of our authors are now world famous or at least world famous in Hoboken New Jersey

Wake Up, Canada C. W. Peterson, 2017-09-18 Excerpt from Wake Up Canada Reflections on Vital National Issues There seems to be somewhere an unwritten law to the effect that no man shall write a book on any subject upon which he is not a recognised authority This rule of course is frequently and painfully violated It is going to be flagrantly transgressed in this case Much Of what appears in the following pages has doubtless been said before and probably much more effectively than I am able to say it The whole contents are merely random reflections on leading political and social questions Of the day If I have any apology to Offer for inflicting these upon the public in book form it is that I have perhaps enjoyed somewhat exceptional opportunities in the course Of a wildly varied career Of Observing many Of these problems from more than one angle About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Reflections of a Siamese Twin John Ralston Saul, 1998 In Reflections of a Siamese Twin Saul turns his eye from a reinterpretation of the Western world to an examination of Canada itself Caught up in crises political economic and social Canada continues to flounder unable to solve or even really identify its problems Instead we assert absolute differences between ourselves we are English or we are French Natives or Europeans early immigrants or newly arrived from the east or from the west Or we bow to ideologies and deny all differences in the name of nationalism unity or equality In a startling exercise in reorientation John Ralston Saul makes sense of Canadian myths real false denied and reconciles them with the reality of today's politics culture and economics

Fitzgerald, Valerie Hughes, Mark

Jewett, 2018-06-30 Marking 150 years since Confederation provides an opportunity for Canadian international law practitioners and scholars to reflect on Canada's rich history in international law and governance where we find ourselves today in the community of nations and how we might help shape a future in which Canada's rules based and progressive approach to international law gains ascendancy. This collection of essays, each written in the official language chosen by the authors, provides a thoughtful perspective on Canada's past and present in international law, surveys the challenges that lie before us and offers renewed focus for Canada's pursuit of global justice and the rule of law. Part I explores the history and practice of international law including sources of international law, Indigenous treaties, international treaty diplomacy, domestic reception of international law and Parliament's role in international law. Part II explores Canada's role in international law governance and innovation in the broad fields of economic, environmental and intellectual property law. Part III explores Canadian perspectives on developments in international human rights and humanitarian law including judicial implementation of these obligations, international labour law, business and human rights, international criminal law, war crimes, child soldiers and gender. *Reflections on Canada's Past, Present and Future in International Law* Reflexions sur le passé, le présent et l'avenir du Canada en droit international demonstrates the pivotal role that Canada has played in the development of international law and signals the essential contributions the country is poised to make in the future.

Reflections on Canada's Past, Present and Future in International Law Oonagh E. Fitzgerald, Mark Jewett, Valerie Hughes, 2018-06 *Choosing Canada's Capital* David B. Knight, 1991-05-15 This collection of documents set in a framework of introductory and explanatory comments vividly portrays the vexatious issue and the disparate sectional tensions it bared. Expanded analysis, illustrations, new documents and maps are provided in this re *Speaking Truth to Canadians about Their Public Service* Donald J. Savoie, 2024-09-10 The federal public service plays a vital role in Canada's development by helping to shape public policies and deliver programs and services to Canadians. *Speaking Truth to Canadians about Their Public Service* provides a comprehensive review of the challenges confronting the public service, how the relationship between politicians and career officials has evolved in recent years and what motivates public servants. Donald Savoie calls on Canadians and their politicians to consider what they want from their federal public service. Answering this question requires a fresh look at the government's traditional accountability requirements, how policies are shaped and how government programs and services are delivered. It also requires a review of ambitious modernization and reform measures launched over the past forty years to make the public service more accommodating to political direction and to improve program delivery. Dividing federal public servants into two groups: poets (those who write policy) and plumbers (those who deliver programs and services), the book establishes who has the upper hand. This division sheds new light on the theories that seek to explain the attitudes and behaviours of career government officials. Amid increasingly strong signs that the public service is in need of a reset, *Speaking Truth to Canadians about Their Public Service* concludes with practical

recommendations to assist Canadians and their politicians in defining what they want their public service to be The History of Canadian Rock 'n' Roll Bob Mersereau,2015-03-01 Book Rock and roll was born in the United States during the 1950s Its popularity rapidly grew spreading across the Atlantic to England The Brits transformed rock bringing it back to the States in a new form with the British Invasion Since that time the two countries have dominated headlines and histories in terms of rock music What s often forgotten in these histories is the evolution of Canadian rock and roll during the same period Over the years a huge contingent of Canadian artists has made invaluable contributions to rock and roll The list of innovative Canadian artists is quite impressive Neil Young Joni Mitchell Paul Anka Arcade Fire The Band Bryan Adams Rush Leonard Cohen Celine Dion Diana Krall Gordon Lightfoot Sarah McLachlan Alanis Morissette Tegan and Sara Feist Nickelback and many others not to mention the all star producers such as Daniel Lanois U2 Bob Dylan Peter Gabriel Bob Rock Metallica Aerosmith Bon Jovi Bob Ezrin Pink Floyd Alice Cooper Kiss and David Foster Michael Jackson Celine Dion The history of Canadian rock and roll is a lively entertaining and largely untold tale Bob Mersereau presents a streamlined informative trip through the country s rich history and depth of talent from the 1950s to today covering such topics as Toronto s club scene the folk rock and psychedelic rock of the 1960s Canadian artists who hit major stardom in the United States the challenges and reform of the Canadian broadcasting system the huge hits of the 1970s Canadian artists presence all over the pop charts in the 1990s and Canada s indie rock renaissance of the 2000s Technical Information Pilot ,1951
