The Rhetoric of Affirmative Resistance Julian Wolfreys, 1997-09-12 In this wide ranging challenging theoretical study Julian Wolfreys offers close readings of films novels and poetry in order to draw attention to the ways in which texts resist acts of reading by performing their own idiomatic wayward identities Looking at the construction of identity in Lewis Carroll Charlotte Perkins Gilman James Joyce Maya Deren Sylvie Germain Jacques Derrida Michel Deguy and George Eliot Wolfreys asks the reader to reassess the textual performance of identity by attending to a rhetoric which is simultaneously both resistant to mastery and affirmative of dissonance

Glossalalia Julian Wolfreys, 2003 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

Deconstruction - Derrida Julian Wolfreys, 1998-06-22 Deconstruction Derrida contests the notion that what Jacques Derrida does can be turned into a theory for literary interpretation It also questions the idea that there is a critical methodology called deconstruction which can be applied to literary texts in a programmatic fashion In this introductory study to the work of Jacques Derrida Julian Wolfreys introduces the reader to a range of Derrida s interests and concerns while offering readings informed by Derrida s thought of canonical and less well known literary works

Applying: To Derrida J. Brannigan, Ruth Robbins, Julian Wolfreys, 1997-01-12 Striking out from a number of new headings and in a number of new directions each of the essays in this collection pushes at the borders of their topics disciplines and ways of thinking providing innovative and inventive insights into the work and application of Jacques Derrida on a diverse range of themes including Irish identity communication ethics love tele technology Victorian studies the limits of philosophy translation otherness and literature demonstrating that today despite repeated accusations over recent years that the work of Derrida has become passe there is more vitality and spirit in engaging with the writings of Derrida than ever before

The Derrida Reader Jacques Derrida, 1998-01-01 In the English speaking world Jacques Derrida s writings have most influenced the discipline of literary studies Yet what has emerged since the initial phase of Derrida s influence on the study of English literature classed under the rubric of deconstruction has often been disowned by Derrida What then can Derrida teach us about literary language about the rhetoric of literature and about questions concerning style form and structure The Derrida Reader draws together a number of Derrida s most interesting and idiosyncratic essays that treat literary language the idea of the literary and questions of poetics and poetry The essays discuss single tropes or concepts a figure such as metaphor the ideas of titles and

signatures proper names and Derrida's thinking on such subjects as undecidability or aporia. The editor's introduction is a demonstration in practice of how Derrida reads and how he adapts the act of reading to the text or figure in question. The introduction also outlines each essay's main points, its usefulness for reading literary texts and its particular area of interest. The *Derrida Reader* thus provides students of literature with a focused, contextualized and readily understandable volume.

Victorian Gothic J. Wolfreys, R. Robbins, 2000-09-24 To what extent did the Gothic haunt the nineteenth century? Victorian Gothic seeks to answer this as it introduces the reader to a timely revision of notions of the Gothic in all its manifestations. The Gothic is found to haunt all aspects of Victorian literature and culture. Moreover, Victorian Gothic connects its disparate areas of research in returning repeatedly to the question of the constitution of the subject in a study of the Victorians from the 1830s to the 1890s.

Writing London J. Wolfreys, 2004-08-11 Following on from Julian Wolfrey's successful *Writing London* 1998, this second volume extends Wolfrey's original argument that a new urban sensibility in the nineteenth century had been developed which established new ways of writing about and responding to the city. *Writing London* Volume 2 explores through a range of readings of twentieth-century films and texts the complex relationship between the experience of the city, the pleasures of the urban text and the solitary nature of these pleasures. The book has a broad focus in part dictated not only by the transformation of literary production in the twentieth century but also by the need to respond to the changes in both urban representation and London itself. Writers discussed include Virginia Woolf, Elizabeth Bowen, Maureen Duffy, Peter Ackroyd, Iain Sinclair and Michael Moorcock. The volume covers texts from the late nineteenth century to the end of the twentieth in a critical reading that incorporates the theoretical insights of Walter Benjamin, Guy Debord and Jacques Derrida.

Re: Joyce J. Brannigan, Julian Wolfreys, Geoff Ward, 1998-05-15 *Re: Joyce* offers readers of James Joyce a significant collection of new essays from an international array of prominent and emerging Joyce scholars from around the world. Combining a wide range of theoretical approaches, this collection intervenes with current debates about Joyce's work and the place of Joyce in the academy while addressing all principal areas of Joycean scholarship. In addition to this, the volume raises issues relevant to the study of Joyce in the context of modernism. Grouped thematically, the essays which comprise *Re: Joyce* offer all students of Joyce an exciting range of in-depth encounters with the pre-eminent writer of the twentieth century.

Literary Theories Julian Wolfreys, 1999-09 The first reader and introductory guide to literary theory includes close readings and a full glossary and bibliography. *Literary Theories* is the first reader and introductory guide in one volume. Divided into 12 sections covering structuralism, feminism, marxism, reader response theory, psychoanalysis, deconstruction, post-structuralism, postmodernism, new historicism, postcolonialism, gay studies and queer theory and cultural studies, *Literary Theories* introduces the reader to the most challenging and engaging aspects of critical studies in the humanities today. Classic essays representing the different theoretical positions and offering striking examples of close readings of literature are preceded by new introductions which present the theory in question and discuss its main

currents With a full glossary and detailed bibliography *Literary Theories* is the perfect introductory guide and reader in one volume Included are essays by Roland Barthes Jean Baudrillard Homi K Bhabha Judith Butler Terry Castle Iain Chambers Rey Chow Paul de Man Jacques Derrida Jonathan Dollimore Terry Eagleton Catherine Gallagher Stephen Heath Wolfgang Iser Fredric Jameson Hans Robert Jauss Claire Kahane Gail Ching Liang Low Mary Lydon Jean Fran ois Lyotard James M Mellard D A Miller J Hillis Miller Louis Adrian Montrose Michael Riffaterre Avital Ronell Nicholas Royle Eve Kosofsky Sedgwick Alan Sinfield and Raymond Williams

Compelling Confessions Suzanne Diamond, 2010-12-10 *Compelling Confessions The Politics of Personal Disclosure* is a collection of essays whose shared purpose is to offer an accessible interdisciplinary exploration of the social dynamics behind confessional discourse As various contributors to this collection demonstrate confession is ubiquitous in contemporary culture not only within psychological or therapeutic frameworks or literary analysis but also in internet discussion groups in the criminal justice system in political rhetoric in so called reality and interview style television programming in writing pedagogy and increasingly in the testimonial strain observable in contemporary scholarship Yet telling one s story raises questions not only about authorial intent or authenticity but also about the pressures disclosure can impose upon its audiences Far less ubiquitous than confessions themselves as these contributors suggest are the critical tools that general audiences might

employ in order to better evaluate the rhetoric of personal disclosure It is in fact the shortage of such tools responses and procedures that could be stated plainly and implemented by any reader or viewer that *Compelling Confessions* sets out to address

The Urban Gaze: Exploring Urbanity through Art, Architecture, Music, Fashion, Film and Media Silvia Mazzucotelli Salice,2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 This volume is designed to introduce readers to the interactions and crossovers between culture and the city The volume in fact intends to investigate urbanity as a cultural form on the basis of a broader and geographically representative collection of case studies In particular it offers a stimulating range of inter disciplinary perspectives showing that urban space manifests itself as an interpretative gaze anchored in human life not just as something to look at but as a cultural form to live in socially

Solitudes of the Workplace Elvi Whittaker,2015-12-01 *Solitudes of the Workplace* focuses on experiences of marginalization uncertainty and segregation created by the hierarchical structures of categories in universities and by gendered identities Studying a wider range of women s roles in universities than prior research the experiences of support staff senior administrators researchers non academic administrators and contract teachers are added to those of faculty and students The essays show how attempts to introduce new knowledge are manoeuvred and the resistance this process can encounter as well as the ways in which institutional policies can blur and change identities Addressing longstanding issues such as the entanglement of gender and the assessment of merit attention is also given to how new identities are claimed and successfully projected Essays presenting workers points of view reveal the confusion that occurs when official policy and everyday knowledge conflict when processes like tenure and other status changes create troublesome realities and when it becomes routine to experience status denigration Within the social order of the university and its existing boundaries gender issues of past decades sometimes surface but all too often remain an unspoken presence *Solitudes of the Workplace* is a revealing look at the isolating experiences and inequities inherent in these institutional environments
