U.S. Geological Survey Circular, 1984 *Sacramento, Heart of the Golden State* Joseph A. McGowan, Terry R. Willis, 1983 **Sacramento and the Catholic Church** Steven Avella, 2008-08-22 This work examines the interplay between the city of Sacramento and the Catholic Church since the 1850s Avella uses Sacramento as a case study of the role of religious denominations in the development of the American West In Sacramento as in other western urban areas churches brought civility and various cultural amenities and they helped to create an atmosphere of stability so important to creating a viable urban community At the same time churches often had to shape themselves to the secularizing tendencies of western cities while trying to remain faithful to their core values and practices Besides the numerous institutions that the Church sponsored it brought together a wide spectrum of the city's diverse ethnic populations and offered them several routes to assimilation Catholic Sacramentans have always played an active role in government and in the city's economy and Catholic institutions provided a matrix for the creation of new communities as the city spread into neighboring suburbs At the same time the Church was forced to adapt itself to the needs and demands of its various ethnic constituents particularly the flood of Spanish speaking newcomers in the late twentieth century **Urban Growth in American Cities** Roger Auch, Janice Taylor, William Acevedo, 2003 **Exhibition Record of the San Francisco Art Association, 1872-1915, Mechanics' Institute, 1857-1899, California State Agricultural Society, 1856-1902** Ellen Halteman, 2000 [Pictorial History of the World's Greatest War and New International Atlas of the World](#), 1919 [A Map and Record Investigation of Historical Sites and Shipwrecks Along the Sacramento River Between Sacramento City and Sherman Island](#), 1988 [California History](#), 1996 **Sacramento Renaissance** William Burg, 2013-08-27 Touted as progress postwar redevelopment spawned a new age in Sacramento California As city planners designated areas of urban blight and directed bulldozers to make way for commercial districts and pedestrian malls the churches jazz clubs and family homes of the West End and Japantown were upended and residents scattered Displaced families and businesses reestablished themselves and redefined their communities around new cultural centers Historian William Burg weaves oral histories with previously unpublished photographs to chronicle the resurgence of Sacramento's art music and activism in the wake of redevelopment Celebrate the
