Scott,2018-11-20 This story is mainly set in and around the small Perthshire town of Pitlochry during the Second World War It gives an accurate picture of wartime civilian life with all the irksome restrictions of the severe food rationing and many other grim shortages This terrible war is seen through the eyes of some ageing parents whose young sons and daughters are serving in Britain's Armed Forces and face the constant threat of sudden death For six long years of this endless seeming war these anxious parents had lived in fear that one fateful day they would receive that dreaded telegram from the War Office the Admiralty or the Air Ministry informing them that their soldier sailor or airman son had been killed in action For three of these aging fathers old friends who had survived the horrors of Flanders in the First World War this apparently remote Second World War suddenly erupted with dramatic force and violent death in the heart of what had almost seemed a tranquil rural scene Then the immediate post war years bring huge changes to Pitlochry      *The Old Man'selle Secret. After the German of E. Marlitt [pseud.] ...* Eugene John,Annis Lee Wister,1882      *Secrets of the Dark Mound* Dr. Roger Matthews,2002 Excavations in the 1920s at Jemdet Nasr 100 km south of Baghdad exposed a large building with an intriguing assemblage of painted pots stylised cylinder seals and a uniquely important collection of early cuneiform tablets all dating to around 3 000 BC The distinctiveness of this material assemblage meant that the site gave its name to the Jemdet Nasr period of early Mesopotamian history The excavations were not fully published at the time and since the 1920s there has been considerable debate about the value and significance of the excavation results Following two seasons of renewed excavations at Jemdet Nasr in the late 1980s a programme of recording and analysis of the 1920s material has been underway now resulting in this final publication of all non textual objects excavated at Jemdet Nasr in the 1920s seasons excluding some items now in the Iraq Museum Baghdad The bulk of this material has not been adequately published before and its publication will add to the body of evidence relevant to the study of early society at the time of the development of urban literate civilisation on the south Mesopotamian plains      **Austin and the Secret of Karnak House** Stuart Taylor,2011-12-10 This book is the sequel to Book 1 of The Austin Chronicles Austin Intended for readers over nine to adult this is a classic adventure story set both in the present day and the Second World War The lavish plot deals with spies secret codes and Austin's career in the British Secret Service as part of a mysterious expedition to be the first nation to find the lost continent of Atlantis and an awesome mystic force known only to the ancient Atlanteans that can both heal and destroy Though set largely in the present day the story also glimpses a time where computer development was in its infancy where mechanical computers look set to prevail and where the horrific

consequences of racial persecution are made real to young readers Like the first book in the Austin Chronicles Austin and the Secret of Karnak House is an anthropomorphic tale with animal characters whose humorous antics and conversation provide light hearted contrast to some of the darker human activities in this book Closely Harbored Secrets Bree
