Intelligence Revolution Steven E. Maffeo, 1988 *The intelligence revolution a historical perspective.* , **On the Fiery March** G. Bruce Strang, 2003-07-30 By the 1930s fascist dictator Benito Mussolini reached the conclusion that Italy faced a clear choice expand its power at the expense of the British and French Empires or face stagnation and decline He believed that the regimes in the democratic West would not be able to contain their inherent hostility toward fascist dynamism while their demographic and political weaknesses provided the opportunity for the younger demographically virile fascist Italy to carve a new empire in the Mediterranean status quo Through his intervention in the Spanish Civil War and his attempts to challenge French Power in Europe and British imperial domination of the Middle East and East Africa Mussolini sought to decisively change Italy's long standing position as the least of the Great Powers Although the Pact of Steel did not always function smoothly Mussolini remained loyal to its principles eventually throwing Italy into the Second World War where he would belatedly discover that his regime had signally failed to prepare his legions for fighting in a modern war *Hitler And Spain* Robert H. Whealey, 2014-07-11 The Spanish Civil War begun in July 1936 was a preliminary round of World War II Hitler's and Mussolini's cooperation with General Franco resulted in the Axis agreement of October 1936 and the subsequent Pact of Steel of May 1939 immediately following the end of the Civil War This study presents comprehensive documentation of Hitler's use of the upheaval in Spain to strengthen the Third Reich diplomatically ideologically economically and militarily While the last great cause drew all eyes to Western Europe and divided the British and especially the French internally Hitler could pursue territorial gains in Eastern Europe This book based on little known German records and recently opened Spanish archives fills a major gap in our understanding of one of the 20th century's most significant conflicts Its comprehensive treatment of German Spanish relations from 1936 through 1939 bringing together diplomatic economic military and naval aspects will be of great value to specialists in European diplomacy and the political economy of Nazi imperialism as well as to all students of the Spanish Civil War **The Allies Strike Back, 1941-1943** James Holland, 2020-02-26 Volume two in this expert anecdote filled thoroughly entertaining history of WWII follows The Rise of Germany as the Allied forces turn the tides Kirkus James Holland's The Rise of Germany the first volume in his War in the West trilogy was widely praised for his impeccable research and lively narrative Covering the dawn of World War II it ended at a point when the Nazi war machine appeared to be unstoppable Germany had taken Poland and France with shocking speed London was bombed and U boats harried shipping on the Atlantic But Germany hadn't actually won the Battle of Britain or the Battle of the Atlantic It was not producing airplanes or submarines fast enough And what looked like victory in Greece and Crete had expended crucial resources in short supply The Allies Strike Back continues the narrative as Germany's invasion of Russia unfolds in the east while in the west the Americans formally enter the war In North Africa following major setbacks at the hands of Rommel the Allies storm to victory Meanwhile the bombing of Germany escalates aiming to not only destroy the its military industrial and economic system but also relentlessly crush civilian morale Comprehensive

and impeccably researched Holland brings a fresh eye to the ebb and flow of the conflict in this majestic saga of 20th century history Literary Review UK *Secret Lives of Great Filmmakers* Robert Schnakenberg,2014-02-25 Strange But True Tales of Cross Dressers Drug Addicts Foot Fetishists and Other Legendary Filmmakers With outrageous and uncensored profiles of everyone from D W Griffith to Quentin Tarantino *Secret Lives of Great Filmmakers* reveals the little known secrets of all your favorite directors Why did Charlie Chaplin refuse to bathe for weeks at a time Was Alfred Hitchcock really missing a belly button Is Walt Disney s corpse preserved in a state of suspended animation And why on earth did Francis Ford Coppola direct a 3 D pornographic movie The legends of the silver screen will never be the same *Air University Library Index to Military Periodicals* ,1975 **Vatican Secret Diplomacy** Charles R. Gallagher,2008-06-10 In the corridors of the Vatican on the eve of World War II American Catholic priest Joseph Patrick Hurley found himself in the midst of secret diplomatic dealings and intense debate Hurley s deeply felt American patriotism and fixed ideas about confronting Nazism directly led to a mighty clash with Pope Pius XII It was 1939 the earliest days of Pius s papacy and controversy within the Vatican over policy toward Nazi Germany was already heated This groundbreaking book is both a biography of Joseph Hurley the first American to achieve the rank of nuncio or Vatican ambassador and an insider s view of the alleged silence of the pope on the Holocaust and Nazism Drawing on Hurley s unpublished archives the book documents critical debates in Pope Pius s Vatican secret U S Vatican dealings the influence of Detroit s flamboyant anti Semitic priest Charles E Coughlin and the controversial case of Croatia s Cardinal Stepinac The book also sheds light on the powerful connections between religion and politics in the twentieth century *Secret Societies and Clubs in American History* David Luhrssen,2015-09-09 Grounded in extensive historical research this eye opening survey reveals the long undervalued role secret societies have played in American history Americans are fascinated by secret societies and have devoured exaggerated claims for their influence At the same time scholarly assessments of covert groups that have shaped American social cultural and political history have often undervalued their role or even questioned their existence This survey challenges both the exaggerators and the deniers Freemasons They may not be the hidden rulers of the world but a significant number of America s founders were Masons The Know Nothings Two American presidents joined the movement The Bohemian Grove Republican politicians and corporate leaders really did engage in strange behavior under the redwood trees through the 20th century Revealing fascinating facts about some of the most talked about covert societies including the Mafia the Skull and Bones and the Ku Klux Klan *Secret Societies and Clubs in American History* exposes the truth about the subcultures that made their mark on some of the most important events in the nation s history and contributed to the shaping of the country itself **Mussolini's Propaganda Abroad** Manuela Williams,2006-11-22 This is the first major study in English of Fascist Italy s overseas propaganda Using rare Italian and French captured documents this is also the first investigation into the relationship between Mussolini s regime and Arab nationalist movements This new account covers propaganda and subversive activities engineered by the

Italian government in the Mediterranean and the Middle East from 1935 until 1940 when Italy entered the war. It assesses the nature of the challenge brought by the Fascist regime to British security and colonial interests in the region. Fascist propaganda in particular in the Arab Middle East must be regarded as an expression of Mussolini's foreign policy and his attempts to build an Italian empire that would stretch beyond the Mediterranean, gaining control over the exits Gibraltar and Suez which were in the hands of the British and the French. The activities of individual agents and organizations are carefully reconstructed and analyzed to highlight the seemingly contradictory objectives of the Italian government on the one hand. Rome was courting the Arab nationalist movements in Egypt and Palestine which were seeking the support of external forces capable of providing political, financial and military backing needed to overthrow foreign rulers. On the other, the regime was promoting further territorial expansion in Africa. These aspects build into an excellent picture of this fascinating period of modern history. This book will be of great interest to all students and scholars of politics, media, Italian history and propaganda.

Secrecy and Publicity in Votes and Debates Jon Elster, 2015-06-26. In the spirit of Jeremy Bentham's *Political Tactics*, this volume offers the first comprehensive discussion of the effects of secrecy and publicity on debates and votes in committees and assemblies. The contributors, sociologists, political scientists, historians and legal scholars, consider the micro technology of voting: the devil is in the detail, the historical relations between the secret ballot and universal suffrage, the use and abolition of secret voting in parliamentary decisions and the sometimes perverse effects of the drive for greater openness and transparency in public affairs. The authors also discuss the normative questions of secret versus public voting in national elections and of optimal mixes of secrecy and publicity as well as the opportunities for strategic behavior created by different voting systems. Together with two previous volumes on *Collective Wisdom* (Cambridge 2012) and *Majority Decisions* (Cambridge 2014), the book sets a new standard for interdisciplinary work on collective decision making.
