colleague during this time At a decisive juncture Steiner broke from the Theosophical Society to found the Anthroposophical Society through which he would continue the development of modern spiritual science more freely in accord with his original intentions This volume covers the period during which Steiner wrote some of his foundational works Christianity as Mystical Fact Theosophy Knowledge of the Higher Worlds and An Outline of Esoteric Science Peter Selg also describes the building of the first Goetheanum in Dornach as an artistic embodiment of esoteric wisdom giving rise to an international working community as well as the performance of the mystery dramas and Rudolf Steiner's profound Christological lectures known as the Fifth Gospel

The Spiritual Guidance of the Individual and Humanity Rudolf Steiner, 1992-04 The spirit is very near Only turn ask and listen When her first book of guidance Turning was published anonymously in 1994 many readers responded gratefully to its message It quickly became one of those secret books of consolation that is passed from heart to heart In Becoming a treasury of meditations received in the soul Claire Blatchford leads us more deeply into a way of spiritual trust and confidence and will be a further source of growth and renewal for many in times of need Becoming is a wonderful gift for yourself or for a friend in need of inspiration and courage in life

Moses Emil Bock, 1986-09 Acknowledging his debt to Rudolf Steiner Bock draws a parallel between spiritual research and ancient texts to reveal the esoteric history of Moses He discusses cosmic history mythological history and human history and shows how all three stages constitute the path of our still evolving consciousness
