Secrets of Winning Fast Break Basketball Aubrey R. Bonham, Burrall Paye, 1984      **The Secret Game** Scott Ellsworth, 2015-03-10 Winner of the 2016 PEN ESPN Award for Literary Sports Writing The true story of the game that never should have happened and of a nation on the brink of monumental change In the fall of 1943 at the little known North Carolina College for Negroes Coach John McLendon was on the verge of changing basketball forever A protégé of James Naismith the game's inventor McLendon taught his team to play the full court press and run a fast break that no one could catch His Eagles would become the highest scoring college team in America a basketball juggernaut that shattered its opponents by as many as sixty points per game Yet his players faced danger whenever they traveled backcountry roads Across town at Duke University the best basketball squad on campus wasn't the Blue Devils but an all white military team from the Duke medical school Composed of former college stars from across the country the team dismantled everyone they faced including the Duke varsity They were prepared to take on anyone until an audacious invitation arrived one that was years ahead of anything the South had ever seen before What happened next wasn't on anyone's schedule Based on years of research **The Secret Game** is a story of courage and determination and of an incredible long buried moment in the nation's sporting past The riveting true account of a remarkable season it is the story of how a group of forgotten college basketball players aided by a pair of refugees from Nazi Germany and a group of daring student activists not only blazed a trail for a new kind of America but helped create one of the most meaningful moments in basketball history      **Secrets of Winning Post Play Basketball** Rich Grawer, 1980      **Scholastic Coach**, 1987      Athletic Journal, 1925 Vols 9 10 include proceedings of the 8th 11th annual meeting of the American Football Coaches Association and of the 3d 6th annual meeting of the National Association of the Basketball Coaches of the United States      **Game Changer** John Coy, 2015-10-01 When they piled into cars and drove through Durham North Carolina the members of the Duke University Medical School basketball team only knew that they were going somewhere to play basketball They didn't know whom they would play against But when they came face to face with their opponents they quickly realized this secret game was going to make history Discover the true story of how in 1944 Coach John McLendon orchestrated a secret game between the best players from a white college and his team from the North Carolina College of Negroes At a time of widespread segregation and rampant racism this illegal gathering changed the sport of basketball forever      **Basketball Everyone** Larry David Isaacs, 1993      **The Cumulative Book Index**, 1985 A world list of books in the English language      African American Lives Henry Louis Gates Jr., Evelyn Brooks Higginbotham, 2004-04-29 African American Lives offers up to date authoritative biographies of some 600 noteworthy African Americans These 1 000 3 000 word biographies selected from over five thousand entries in the forthcoming eight volume African American National Biography illuminate African American history through the immediacy of individual experience From Esteban the earliest known African to set foot in North America in 1528 right

up to the continuing careers of Venus and Serena Williams these stories of the renowned and the near forgotten give us a new view of American history Our past is revealed from personal perspectives that in turn inspire move entertain and even infuriate the reader Subjects include slaves and abolitionists writers politicians and business people musicians and dancers artists and athletes victims of injustice and the lawyers journalists and civil rights leaders who gave them a voice Their experiences and accomplishments combine to expose the complexity of race as an overriding issue in America s past and present African American Lives features frequent cross references among related entries over 300 illustrations and a general index supplemented by indexes organized by chronology occupation or area of renown and winners of particular honors such as the Spingarn Medal Nobel Prize and Pulitzer Prize Best Kept Secrets Charles Thomas Jr.,2019-08-28 Best Kept Secrets was written by an athlete for athletes and those with an athletic or personal development mindset At the macro level this book is for people who have felt or feel marginalized and or ostracized because they aren t the superstar in their respective space At the micro and more personal level Best Kept Secrets is a book by a walk on for walk ons about walk ons and the power that we possess to move from feelings of invisibility to life champions While the context of Best Kept Secrets highlights the sports journey it is not only about sports It is also about life The life game we play is not for the weak It is for the battle tested It is for the courageous It is for those who understand their why Transitioning from best kept secret to life champion is about more than throwing a ball through a hoop lifting weights running a ball into an end zone kicking a ball into or hitting a ball over a net The transition is about the journey from caterpillar to butterfly In order to become a life champion significant effort is required Craftsmanship and personal mastery are foundational The mandates to become artisans of our own fortunes the best of the best examples of human potential and love personified are calls to action Fear and love cannot live in the same place To transition from best kept secret to life champion a willingness to carry on despite the odds stacked against you is imperative Best Kept Secrets is an outpouring of love This is a manifesto for my forgotten tribe members This is a clarion call for athletes and non athletes who aspire to summit their chosen mountains Committed to Victory Richard E. Holl,2015-10-09 When World War II broke out in Europe in September 1939 Kentucky was still plagued by the Great Depression Even though the inevitability of war had become increasingly apparent earlier that year the citizens of the Commonwealth continued to view foreign affairs as a lesser concern compared to issues such as the lingering economic depression the approaching planting season and the upcoming gubernatorial race It was only the Japanese attack on Pearl Harbor that destroyed any lingering illusions of peace In Committed to Victory The Kentucky Home Front During World War II author Richard Holl offers the first comprehensive examination of the Commonwealth s civilian sector during this pivotal era in the state s history National mobilization efforts rapidly created centers of war production and activity in Louisville Paducah and Richmond producing new economic prosperity in the struggling region The war effort also spurred significant societal changes including the emergence of female and minority workforces in the state In the Bluegrass this trend found its

face in Pulaski County native Rose Will Monroe who was discovered as she assembled B 24 and B 29 bombers and was cast as Rosie the Riveter in films supporting the war effort Revealing the struggles and triumphs of civilians during World War II Holl illuminates the personal costs of the war the black market for rationed foods and products and even the inspiration that coach Adolph Rupp and the University of Kentucky basketball team offered to a struggling state Committed to Victory is a timely and engaging account that fills a significant gap in the literature on a crucial period of American history **13. 1984** Centre de Documentation pour le Sport,1984 **Catalog of Copyright Entries. **Jump for Joy** Gena Caponi-Tabery, 2008 If the 1930s was the Swing Era then the years from 1937 on might well be called the Jump Era That summer Count Basie recorded *Jumping at the Woodside* and suddenly jump tunes seemed to be everywhere Along with the bouncy beat came a new dance step the high flying aerials of the jitterbuggers and the basketball games that took place in the dance halls of African America became faster higher and flashier Duke Ellington and a cast of hundreds put the buoyant spirit of the era on stage with their 1941 musical revue *Jump for Joy* a title that captured the momentum and direction of the new culture of exuberance Several high profile public victories accompanied this increasing optimism the spectacular successes of African American athletes at the 1936 Olympics the 1937 union victory of the Brotherhood of Sleeping Car Porters and Joe Louis's 1937 and 1938 heavyweight championship fights For the first time in history black Americans emerged as cultural heroes and ambassadors and many felt a new pride in citizenship In this book Gena Caponi Tabery chronicles these triumphs and shows how they shaped American music sports and dance of the 1930s and beyond But she also shows how they emboldened ordinary African Americans to push for greater recognition and civil liberties how cultural change preceded and catalyzed political action Tracing the path of one symbolic gesture the jump across cultural and disciplinary boundaries Caponi Tabery provides a unique political intellectual and artistic analysis of the years immediately preceding World War II

**Tales from the Indiana High School Basketball Locker Room** Jeff Washburn, 2013-08-01 It is often said that while Dr James Naismith invented basketball in Massachusetts the sport was raised and ultimately came of age in the high schools of Indiana the state where politics religion and sweet corn fall in line behind the game played with the round orange ball *Tales from Indiana High School Basketball* now newly revised centers on those special people who have played the game their stories their passion their drive for excellence their laughs and their tears This is a book about Lebanon schoolboy hero Rick Mount the first prep basketball player ever featured on the cover of *Sports Illustrated* it's about Gene Cato the Indiana High School Athletic Association's former commissioner whose father his high school coach would not put the young scoring phenomenon into a game until his team's fans demanded it it's also about Marion's Purple Reign consecutive state championships in 1985 1986 and 1987 when the Giants were the most important game on every opponent's schedule John Wooden Bobby Plump Steve Alford Damon Bailey it's as easy for an Indiana high school basketball fan to roll the names off the tongue as it is to find the broadcast of a high school game on AM radio on any Friday night during an Indiana winter *Tales from Indiana High School Basketball* is not so much about statistics and winning streaks as it is about the personalities and emotions of those who created a phenomenon that became a way of life in the Hoosier State
