Rabin and Israel's National Security

Efraim Inbar, 1999-06-17 For more than forty years Yitzhak Rabin played a critical role in shaping Israeli national security policy and military doctrine He began as a soldier in the Palmach the elite underground unit of the Jewish community in Palestine served in the 1948 War of Independence and ultimately became chief of staff of the Israel Defense Force IDF defense minister in several governments ambassador to the United States and twice prime minister As chief of staff Rabin led the IDF to its triumph in the 1967 Six Day War He was assassinated in 1995 as prime minister as he left a peace rally Drawing on unpublished materials and interviews with important sources including Rabin himself Efraim Inbar's work offers a systematic study of Rabin's strategic thinking and his policies Topics include the evolution of Rabin's thinking his contributions to IDF military buildup his stress on Israel's relationship to the United States his attitudes toward the use of force and his approach to Israel's nuclear status in the Middle East Inbar's conclusion evaluates Rabin's contribution to Israel's national security and assesses Rabin's personal transition from warrior to peace maker Because of Rabin's crucial role in Israel's defense establishment at important junctures in its history this book provides an important view into the security challenges Israel

has faced and how the country has responded over four decades *Israeli National Security* Charles David Freilich, 2018 The most comprehensive study to date of Israel's national security It combines an exhaustive analysis of the military diplomatic demographic and societal challenges Israel faces with the responses it has developed to present a detailed proposal for an overall new national security strategy the first such Israeli strategy ever published **Biological Warfare and Disarmament** Susan Wright, 2002 This book proposes fresh approaches and concrete proposals to overcome one of the most intractable security problems of the twenty first century Visit our website for sample chapters **Israeli Secret Services** Frank Clements, 2017-07-05 The Israeli Institute for Intelligence and Special Services the Mossad is probably the best known of the world's intelligence services one of the most suspected and certainly one of the most intriguing However despite its fame the available literature other than Hebrew is limited and scattered amongst a variety of subject areas because the tentacles of the Mossad are similarly varied The aim of this volume is to document the range of English language material available on the Mossad from its pre official origins in Europe during the Second World War to the present period of the Middle East peace process The organization had its origins in the aftermath of the Holocaust being the agency responsible for organizing the illegal Jewish immigration into Palestine before becoming officially constituted in 1951 Since its formation the Mossad has been intimately involved in each of the significant events in Israel's history including actions against its Arab neighbors the hunting of wanted Nazis spectacular actions such as the raid on Entebbe to free the hostages counter terrorist activities and high technology espionage against friend and foe alike This bibliography will be of interest to researchers covering intelligence activities and to students scholars and librarians interested in the history of Israel and its relations with its Arab neighbors The early material on the Mossad will also be of special concern to students of the Holocaust and its aftermath **Strategic Review**, 1990 dedicated to the advancement and understanding of those principles and practices military and political which serve the vital security interests of the United States **Israel's National Security** Efraim Inbar, 2007-12-21 This volume presents a comprehensive analysis of Israel's security challenges since the 1973 October War Efraim Inbar takes the reader on a historical journey through Israel's relations in the Middle East that begins with an analysis of Israel's strategic thinking after 1973 and ends with an important look at the recent Second Lebanese War and the Iranian nuclear challenge Israel's National Security delves not only into Israel's responses but also its relationships in the international community providing a complete picture of how Israel's strategic environment has evolved over time Relevant to today's current political atmosphere the volume dissects the influences of the growing appeal of Islamic extremism on the peace process Israel strategic partnerships with India and Turkey and Israel's relations with the Palestinians *The Global Community Yearbook of International Law and Jurisprudence 2019* Giuliana Ziccardi Capaldo, 2020-08-20 The Global Community Yearbook is a one stop resource for all researchers studying international law generally or international tribunals specifically The Yearbook has established itself as an authoritative source of reference on global legal issues and

The Oxford Handbook of Israeli Politics and Society Reuven Y. Hazan, Alan Dowty, Menachem Hofnung, Gideon Rahat, 2021 Few countries receive as much attention as Israel and are at the same time as misunderstood The Oxford Handbook of Israeli Politics and Society brings together leading Israeli and international figures to offer the most wide ranging treatment available of an intriguing country It serves as a comprehensive reference for the growing field of Israel studies and is also a significant resource for students and scholars of comparative politics recognizing that in many ways Israel is not unique but rather a test case of democracy in deeply divided societies and states engaged in intense

conflict The handbook presents an overview of the historical development of Israeli democracy through chapters examining the country's history contemporary society political institutions international relations and most pressing political issues It outlines the most relevant developments over time while not shying away from the strife both in and around Israel It presents opposed narratives in full force enabling readers to make their own judgments *Bulletin of the Atomic Scientists* ,1985-09

The Arab-Israeli Conflict

Transformed Hemda Ben-Yehuda, Shmuel Sandler, 2012-02-01 The Middle East conflict be it between the state of Israel and Arab states or between Jews and Palestinians is a staple of international news Utilizing both theoretical approaches and empirical evidence Hemda Ben Yehuda and Shmuel Sandler argue that despite the recent upswing in violence particularly over the Palestinian issue conflict has gradually been giving way since the 1970s to a more orderly regime of conflict management By integrating ethnonational theoretical literature into their analysis the authors move beyond the current International Relations debate over the relative merits of realist neo realist approaches versus neo liberal institutional approaches Ethnic state disputes are the primary source for failing to terminate the Arab Israeli conflict Cascade of Arms

Andrew J. Pierre, 1997-11-01 With the post cold war emphasis on the proliferation of weapons of mass destruction the neglected dimension has been the spread of advanced conventional arms Yet these are the arms most likely to be used in conflict They present the greatest diversion from economic and social development and are the centerpiece of regional security balances This book examines the policies and practices of the major arms supplying nations looks at the impact of weapons purchases on the principal recipient regions and the possibilities for regional arms control and dissects the economics of arms exports for the producer nations in both the developing and industrialized worlds The book thoroughly discusses the opportunities for and obstacles to achieving multilateral restraint on arms In addition to the editor contributors are Ian Anthony Stockholm International Peace Research Institute Nicole Ball Overseas Development Council Julian Cooper University of Birmingham Lawrence Freedman and Martin Navias King's College London Rodney Jones Policy Architects International Ethan Kapstein University of Minnesota Michael Klare Five College Program in Peace and World Security Studies Andrew Mack Australian National University Abdel Monem Said Aly Center for Political and Strategic Studies Cairo Janne Nolan Brookings Institution Andrew Ross Naval War College Gerald Segal International Institute for Strategic Studies and Gerald Steinberg Bar Ilan University Israel Copublished with the World Peace Foundation **Holy War** David S.
