Global City 2.0 Kristin Ljungkvist, 2015-08-27 Global cities all over the world are taking on new roles as they increasingly participate directly and independently in international affairs and global politics So far surprisingly few studies have analyzed the role of the Global City beyond its already well explicated role in the globalized economy How is it that local governments of Global Cities claim international political authority and develop what appears to be their own independent foreign and security policies despite the fact that such policy areas have traditionally been considered to be the core function of nation states and central governments What does it mean to be and to govern the contemporary Global City In this book Kristin Ljungkvist claims that we can better understand why local governments find it to be in their Global City s interest to claim international political authority by exploring how the city s role in the globalized world is constructed and narrated locally A core claim is that Global City hood as a specific type of collective identity can play a constitutive part in such interest formation Combining insights from International Relations and Urban Studies scholarship and with the help of a case study on New York City Ljungkvist develops a new analytical framework for studying the Global City as an international political actor The Global City 2 0 shows that even as the Global City engages in various global issues such as global environmental governance or counterterrorism such pursuit will be framed and rationalized in terms of the city s economic growth The quest for growth and global competitiveness are not necessarily the only available meanings attached to the being and governing of the contemporary Global City However there seems to be a remarkable persistency and attraction in economic ideas and an economic conception of the Global City **Non-Disclosure** George Dapra, 2017-06-29 In this compelling human event story Dapra takes us on a fascinating life journey beginning with his childhood growing up in a large

Italian American family with immigrant parents From the military college and employment at the world famous Hotel Plaza Dapra shares vignettes of all life s emotions The climax is Dapra s employment as an Inspector with the United States Marshal s Witness Security Program in New York City at the height of the government s war against organized crime Dapra also describes other protective details including the much publicized Elian Gonzalez case Non Disclosure is the first sneak peek authorized by the United States Department of Justice into the secret government program so fasten your seat belts and don t forget to pass the parmesan An absolutely riveting account of the U S Marshal Service s Witness Security Division during the tumultuous final decades of the twentieth century George Dapra s first hand experience as a United States Marshal in the battle against the Organized Crime Syndicate and al Qaeda is as compelling as it is engaging A truly masterful read Colonel Cole C Kingseed co author of the New York Times best selling Beyond Band of Brothers The War Memoirs of Major Dick Winters
