Seeing The Gawain Poet:

Seeing the Gawain-Poet Sarah Stanbury, 2016-11-11 Offers the full length study of the descriptive art found in four medieval poems Sir Gawain and the Green Knight Pearl Purity and Patience **The Medieval Poetics of the Reliquary** S. Chaganti, 2008-09-29 Through interdisciplinary readings of medieval literature and devotional artifacts The Medieval Poetics of the Reliquary shows how reliquaries shaped ideas about poetry and poetics in late medieval England **The Signifying Power of Pearl** Jane Beal, 2016-12-08 This book enhances our understanding of the exquisitely beautiful fourteenth century Middle English dream vision poem Pearl Situating the study in the contexts of medieval literary criticism and contemporary genre theory Beal argues that the poet intended Pearl to be read at four levels of meaning and in four corresponding genres literally an elegy spiritually an allegory morally a consolation and anagogically a revelation The book addresses cruxes and scholarly debates about the poem's genre and meaning including key questions that have been unresolved in Pearl studies for over a century What is the nature of the relationship between the Dreamer and the Maiden What is the significance of allusions to Ovidian love stories and the use of liturgical time in the poem How does avian symbolism like that of the central symbol of the pearl develop transform and add meaning throughout the dream vision What is the nature of God portrayed in the poem and how does the portrayal of the Maiden's intimate relationship to God her spiritual marriage to the Lamb connect to the poet's purpose in writing Noting that the poem is open to many interpretations Beal also considers folktale genre patterns in Pearl including those drawn from parable fable and fairy tale The conclusion considers Pearl in the light of modern psychological theories of grieving and trauma This book makes a compelling case for re-reading Pearl and recognizing the poem's signifying power Given the ongoing possibility of new interpretations it will appeal to those who specialize in Pearl as well as scholars of Middle English Medieval Literature Genre Theory and Literature and Religion

The gift of narrative in medieval England Nicholas Perkins, 2021-02-23 This invigorating study places medieval romance narrative in dialogue with theories and practices of gift and exchange opening new approaches to questions of storytelling agency gender and materiality in some of the most engaging literature from the Middle Ages It argues that the dynamics of the gift are powerfully at work in romances through exchanges of objects and people repeated patterns of love loyalty and revenge promises made or broken and the complex effects that time works on such objects exchanges and promises Ranging from the twelfth century to the fifteenth and including close discussions of poetry by Chaucer the Gawain Poet and romances in the Auchinleck Manuscript this book will prompt new ideas and debate amongst students and scholars of medieval literature as well as anyone curious about the pleasures that romance narratives bring *Manuscript, Narrative, Lexicon* Robert Boenig, Kathleen Davis, 2000 Each of these essays considers the convoluted nature of the transmission process in question and reconsiders the historical framework that has informed our own reception of it **BOOK JACKET** *Art of the Gawain-poet* W. A. Davenport, 2001-07-01 Starting from the assumption that Pearl Purity Patience and

Sir Gawain and the Green knight are by one poet W A Davenport seeks to define the nature of his art He makes a close analysis of each poem considering the four not so much in their historical context as for their immediate poetic effect

Savage Economy Walter Wadiak, 2016-12-15 In *Savage Economy The Returns of Middle English Romance* Walter Wadiak traces the evolution of the medieval English romance from its thirteenth century origins to 1500 and from a genre that affirmed aristocratic identity to one that appealed more broadly to an array of late medieval communities Essential to this literary evolution is the concept and practice of noble gift giving which binds together knights and commoners in ways that both echo and displace the notorious violence of many of these stories Wadiak begins with the assumption that romance names a particular kind of chivalric fantasy to which violence is central just as violence was instrumental to the formation and identity of the medieval warrior aristocracy A traditional view is that the violence of romance stories is an expression of aristocratic privilege wielded by a military caste in its relations with one another as well as with those lower on the social scale In this sense violence is the aristocratic gift that underwrites and reaffirms the feudal power of a privileged group with the noble gift performing the symbolic violence on which romance depends in order to present itself as both a coded threat and an expression of chivalric values Well known examples of romance in Middle English such as *Sir Gawain and the Green Knight* and Chaucer's *Knight's Tale* are considered alongside more popular examples of the genre to demonstrate a surprising continuity of function across a range of social contexts Wadiak charts a trajectory from violence aimed directly at securing feudal domination to the subtler and more diffuse modes of coercion that later English romances explore Ultimately this is a book about the ways in which romance lives on as an idea even as the genre itself begins to lose ground at the close of the Middle Ages
