**Ireland and Empire** Stephen Howe, 2000-04-06 A growing band of historians political commentators and cultural critics has sought to analyse Ireland's past and present in colonial terms For some including Irish Republicans it is the only proper framework for understanding Ireland Others reject the very use of the colonial label for Ireland's history while using the term for the present arouses outrage especially amongst Ulster Unionists This book evaluates and analyses these controversies ranging from debates over the ancient and medieval past to those in current literary and postcolonial theory Scholarly at times polemical it is the most comprehensive study of these themes ever to appear and will undoubtedly stimulate discussion for years to come

*Versions Of Ireland* Éoin Flannery, 2021-03-04 Versions of Ireland brings a refined postcolonial theoretical optic to bear on many of the most urgent questions within contemporary Irish cultural studies Drawing on and extending the most advanced critical work within the discipline the book offers a subtle critical genealogy of the development of Ireland's diverse postcolonial projects Furthermore it reflects on the relevance and the effectiveness of postcolonial and subaltern historiographical methodologies in an Irish context interrogating the ethical and political problematics of such discursive importation Flannery's work highlights the operative dynamics of imperial modernity together with its representational agents in Ireland and also divines moments of explicit and implicit resistance to modernity's rationalising and accumulative urges The book is pioneering in the facility and ease with which it navigates the interdisciplinary terrain of Irish studies Flannery provides enabling and challenging new readings of the poetry of the bi lingual poet Michael Hartnett the politically imaginative vistas of the republican mural tradition in the North of Ireland the gothic anxieties inherent in the fiction of Eugene McCabe and the semi fictional writing of Seamus Deane and the differential codes of visual surveillance apparent in Irish tourist posters and late nineteenth century photography in Ireland Versions of Ireland does not dwell on the exclusively theoretical but offers rich critical analyses of a range of Irish cultural artefacts in terms of Ireland's protracted colonial

history and contested postcolonial condition      *Plural Identities--singular Narratives* Máiréad Nic Craith, 2002 Northern Ireland is frequently characterised in terms of a two traditions paradigm representing the conflict as being between two discrete cultures Demonstrating the reductionist nature of this argument this book highlights the complexity of reality
