Seeing The Lord Resurrection And Early Christian Practices:

Seeing the Lord, 1994 *Fair Play: Diversity and Conflicts in Early Christianity* Ismo Dunderberg, Christopher Tuckett, Kari Syreeni, 2014-04-09 This collection of essays in honour of Heikki Rönkä, a New Testament professor at the University of Helsinki, consists of 22 essays written by his colleagues and students on Jesus, the gospels, Paul, early Christianity and biblical interpretation. Rönkä's own research has been characterized by methodological awareness combined with a keen interest in ethical issues. Both these aspects come to expression in his insistence on fair play as a correct scholarly attitude involving an honest dialogue, a real encounter and a recognition of diverging opinions. In this spirit, most of the essays in this book lay emphasis on issues related to early Christian diversity and conflicts and to their challenge in modern society. The book is useful for scholars, academic teachers and students interested in various aspects of the New Testament, early Christianity and hermeneutics.

Mary and Martha Satoko Yamaguchi, 2006-12-26 *Mary and Martha: Women in the World of Jesus* focuses on women as portrayed in the Johannine Gospel, the nature of their lives and their relationship to Jesus.

Of Widows and Meals Reta Halteman Finger, 2007 Though community has become a common byword in the contemporary Western church, the practice of communal sharing has effectively fallen by the wayside. Unfortunately, it is often the poor who are left wanting because we no longer come together. Reta Halteman Finger finds a solution to this modern problem by learning from the ancient Mediterranean Christian culture of community. In the earliest Jerusalem church, in holding the responsibility for preparing and serving communal meals, women were given a place of honor. With the table fellowship and goods sharing of the early church, Luke says there were no needy persons among them (Acts 4:34). Finger thoroughly examines this agape meal tradition, challenging traditional interpretations of the community of goods in the Jerusalem church and proving that the communal sharing lasted for hundreds of years longer than previously assumed. *Of Widows and Meals* begins a discussion of need in community that can revolutionize the contemporary church's interaction with the world at large.

Petitioners, Penitents, and Poets Timothy J. Sandoval, Ariel Feldman, 2020-10-26 This volume contributes to the growing interest in understanding the phenomenon of prayer and praying in the Hebrew Bible, Early Judaism and nascent Christianity. Papers by the leading scholars in these fields revisit long-standing questions and chart new paths of inquiry into the nature, form and practice of addressing the divine in the ancient world. The essays in this volume deal with particular texts of and about prayer, practices of prayer as well as figures and locations, historical and literary, that are associated with prayer and praying. These studies apply a range of methods and theoretical approaches to prayer and the language of prayer in literatures of Early Judaism and Christianity. Some studies apply the classical methods of biblical studies to Second Temple texts of prayer, including form critical and text critical approaches; others engage in literary and narrative analysis of ancient works that recount discourse directed to the divine. Still other studies draw on anthropological and sociological analyses of prayer or marshal particular theories of discourse, ethics and moral agency to offer fresh

interpretations of address to God in the literature of Second Temple Judaism and earliest Christianity **Have Mercy on Me** Glenna Jackson, 2002-12-01 Matthew's gospel begins and ends with the Jewish Gentile debate and at the heart of both the issue and the gospel is the story of the Canaanite woman. It is a story that reveals tension between Jews and proselytes in Matthew's community and responds to the question: What must one do to be a member of the community? This study focuses on the stereotype of the woman as a Canaanite as well as Matthew's sources and the form of the story. The conclusion is that the story reflects a reinforcement of Jewish law that allows gentiles to attain membership in the Matthean community, thus continuing the Jewish tradition that allows gentiles into the faith.

The Broken Body Sarah Coakley, 2024-04-09 A fascinating collection of essays exploring a fresh contemporary approach to the person and doctrine of Jesus Christ. How should Christians think about the person of Jesus Christ today? In this volume Sarah Coakley argues that this question has to be broken open in new and unexpected ways by an awareness of the deep spiritual demands of the christological task and its strikingly apophatic dimensions by a probing of the paradoxical ways in which Judaism and Christianity are drawn together in Christ even by those issues which seem to break them most decisively apart and by an exploration of the mode of Christ's presence in the eucharist with its intensification, breaking and re-gathering of human desires. In this sequel to her celebrated earlier volume of essays *Powers and Submissions* Coakley returns to its unifying theme of divine power and contemplative submission and weaves a new web of christological outcomes which remain replete with controversial implications for gender spirituality and ethics. *The Broken Body* will be of interest to those working in the fields of systematic theology, philosophy of religion, early Christian studies, Jewish-Christian relations and feminist and gender theory. Fusing biblical and patristic theology, analytic philosophy and spiritual tradition, Sarah Coakley has produced a fascinating, inspiring and compelling account of Christ's identity and its importance for questions of life. Professor Mark Wynn, University of Oxford. Coakley argues that good Christology arises only from intellectual and spiritual postures learnt by encountering Christ openly. This volume subtly and powerfully facilitates such encounter with God and in him with our neighbours, especially the Jewish people. Professor Judith Wolfe, University of St Andrews. Everything we have come to expect from Sarah Coakley is here in this extraordinary collection: wonderful clarity, startling and fruitful comparisons within and beyond the theological canon, a brisk defiance of feminist conventions that in turn sharpens and deepens feminist analysis, a resistance to cheap theological certainties and an abiding faithfulness anchored in Christ, borne aloft by the Spirit. Christology is here shown to embrace abjection and jouissance, to advocate sacrifice that is itself the end of patriarchal violence and to demand a eucharistic sharing that is incomplete without solidarity to the outcast and the poor themselves, the face of the living Christ. In these essays Coakley exemplifies the semiotic richness of priest and scholar, a breaking open of theological reserves that will transgress, startle, renew, instruct. This is sacrifice re-made. Professor Katherine Sonderegger, Virginia Theological Seminary.

Handbook of Early Christianity Anthony J. Blasi, Jean Duhaime, Paul-André Turcotte, 2002-08-27. The Christian movement emerged amidst complex social tensions power politics ethnic diversity economic stress and cultural changes. Both biblical scholars and social scientists find that a social scientific study of early Christian phenomena yields fascinating results. However biblical scholars are sometimes unaware of the breadth of the useful social scientific concepts and techniques and social scientists sometimes lack the most basic background in literary research methods. The Handbook of Early Christianity provides a much needed overview for biblical scholars and social scientists alike. Drawing on perspectives from anthropology archaeology economics history literary analysis psychology political science and sociology the Handbook shows the myriad and complementary approaches that shed light on Christianity's formation and early development. Twenty seven chapters from leading scholars along with a comprehensive bibliography make this an essential reference for anyone wishing to understand the social dynamics of Christianity's birth. **Holy People** Gordon W. Lathrop, This sequel to Gordon Lathrop's highly successful *Holy Things* is an exercise in liturgical theology viewing the activities of worship as a means of defining and discussing the concept church. It centers on community and assembly to discuss the sacraments. It focuses on ecumenism and inculturation as central test cases for a liturgically derived idea of church. In hopes of invigorating the local church Lathrop

explores the meaning of the term church the relationship of the local liturgical assembly and other Christian assemblies catholicity the personal and communal character of liturgical assembly the unity of the churches the critical principles of liturgy and culture openness to what is radically other and liturgical evangelization Lathrop s work grounds a notion of church that is personal yet communal universal but not triumphalistic

Reid, OP, Shelly Matthews, 2021-01-15 Because there are more women in the Gospel of Luke than in any other gospel feminists have given it much attention In this commentary Shelly Matthews and Barbara Reid show that feminist analysis demands much more than counting the number of female characters Feminist biblical interpretation examines how the female characters function in the narrative and also scrutinizes the workings of power with respect to empire to anti Judaism and to other forms of othering Matthews and Reid draw attention to the ambiguities of the text both the liberative possibilities and the ways that Luke upholds the patriarchal status quo and guide readers to empowering reading strategies
