Department of Printed Books, 1886 A Bibliography of the State of Maine from the **Earliest Period to 1891** Joseph Williamson, 1896 The Monroe Doctrine and the Greek Revolution Aristotle Tziampiris, 2023-07-20 This book attempts to explain why despite widespread popular support the Greek Fire in the United States of America for the Greek Revolution the promulgation in 1823 of the Monroe Doctrine led to Washington D C s non recognition of the Hellenic efforts It examines the origins and tradition of the diplomatic doctrine of neutrality and argues that the Monroe Doctrine represents its full realization The new foreign policy doctrine is placed within its proper diplomatic framework while the role of Secretary of State John Quincy Adams is highlighted What remains remarkable is how high on the U S policy agenda the Greek War of Independence was and how close it came to being politically vindicated The epilogue of this book demonstrates based on specific historical episodes that the Greek Fire and the Monroe Doctrine set in many ways the political framework that came to define Hellenic American relations for almost the next two centuries New

The Common School Awakening David Komline, 2020-08-24 A statue of Horace Mann erected in front of the Boston State House in 1863 declares him the Father of the American Public School System For over a century and a half most narratives about early American education have taken this epithet as the truth As Mann looms over the Boston Common so he has also loomed over discussions of early American schooling Other scholarship has emphasized economic factors as the main reason for the emergence of public schools The Common School Awakening offers a new narrative about the rise of public schools in America that counters these conceptions In this book David Komline explains how a broad and distinctly American religious consensus emerged in the first half of the nineteenth century allowing people from across the religious spectrum to cooperate in systematizing and professionalizing America's schools in an effort to Christianize the country At the height of this movement several states introduced state sponsored teacher training colleges and concentrated government oversight of schools in offices such as the one held by Mann Shortly thereafter the religious consensus that had served as the foundation for this common school system disintegrated But the system itself remained the legacy of not just one man but of a whole network of reformers who put into motion a transatlantic and transdenominational religious movement the Common School Awakening Norton's Literary Gazette and Publishers' Circular ,1851 The American Cyclopaedia George Ripley, Charles Anderson Dana, 1874 The American Cyclopædia George Ripley, Charles Anderson Dana, 1874
