American Poetry Stephen Cushman, 2014-07-14 In the 1830s Alexis de Tocqueville prophesied that American writers would slight even despise form that they would favor the sensational over rational order He suggested that this attitude was linked to a distinct concept of democracy in America Exposing the inaccuracies of such claims when applied to poetry Stephen Cushman maintains that American poets tend to overvalue the formal aspects of their art and in turn overestimate the relationship between those formal aspects and various ideas of America In this book Cushman examines poems and prose statements in which poets as diverse as Emily Dickinson and Ezra Pound describe their own poetic forms and he investigates links and analogies between poets notions of form and their notions of Americanness The book begins with a brief discussion of Whitman who said The United States themselves are essentially the greatest poem Cushman takes this to mean that American poetry has succeeded in making fictions about itself which persuade its readers that its uniqueness transcends merely geographical boundaries He explores the truth of this statement by considering the Americanness of Emily Dickinson Ezra Pound Elizabeth Bishop and A R Ammons He concludes that the uniqueness of American poetry lies not so much in its forms as in its formalism and in the various attitudes that formalism reveals Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Expressivity in Modern Poetry Donald Wellman, 2019-02-26 Expressivity in Modern Poetry explores three interrelated subjects The first is a general exposition of the radical or deeply realistic aspects of the poetry and visual arts of the modern period The focus is on the works of Ezra Pound as understood through a prism of postmodern thought The second subject is the poetry and poetics of Charles Olson a pivotal figure during the transition from modernism to postmodernism The third subject is contemporary innovative poetry with special attention to transcultural neobarroco and language centered aspects of composition The grounding for this section is found in the works of William Carlos Williams Aime Cesaire and Jose Lezama Lima A reversal of the relation between the center and periphery decentering the New York to Paris vector is crucial for understanding the Caribbean as a seedbed for both innovative and identity based poetics Wellman s purpose is to amplify the cultural importance of expressivity in a field where critical discussion is often dominated by constructivism and conceptualism Expressivity in Modern Poetry offers a new reading of the relation between twentieth century modernism and contemporary poetic practice

Essays and Interviews on Contemporary American Poets, Poetry, and Pedagogy Daniel Morris, 2024-09-10 In sixteen chapters devoted to avant garde contemporary American poets including Kenneth Goldsmith Adeena Karasick Tyrone Williams Hannah Weiner and Barrett Watten prolific scholar and Purdue University professor Daniel Morris engages in a form of cultural repurposing by learning twice about how to attend

to writers whose aesthetic contributions were not part of his education as a student in Boston and Chicago in the 1980s and 1990s when new formalism and post confessional modes reigned supreme Morris's study demonstrates his interest in moving beyond formalism to offer what Stephen Fredman calls a wider cultural interpretation of literature that emphasizes the new historicist concerns with hybridity ethnicity power relations material culture politics and religion Essays address from multiple perspectives prophetic diasporic ethical the vexing problems and sublime potential of disseminating lyrics the ancient form of transmission and preservation of the singular private human voice across time and space to an individual reader in an environment in which e poetry and digitalized poetics pose a crisis understood as both opportunity and threat to traditional page poetry

Writing Home Eli Goldblatt, 2012-04-12 In this engrossing memoir poet and literacy scholar Eli Goldblatt shares the intimate ways reading and writing influenced the first thirty years of his life in the classroom but mostly outside it *Writing Home: A Literacy Autobiography* traces Goldblatt's search for home and his growing recognition that only through his writing life can he fully contextualize the world he inhabits Goldblatt connects his educational journey as a poet and a teacher to his conception of literacy and assesses his intellectual emotional and political development through undergraduate and postgraduate experiences alongside the social imperatives of the era He explores his decision to leave medical school after he realized that he could not compartmentalize work and creative life or follow in his surgeon father's footsteps A brief first marriage rearranged his understanding of gender and sexuality and a job teaching in an innercity school initiated him into racial politics Literacy became a dramatic social reality when he witnessed the start of the national literacy campaign in postrevolutionary Nicaragua and spent two months finding his bearings while writing poetry in Mexico City Goldblatt presents a thoughtful and exquisitely crafted narrative of his life to illustrate that literacy exists at the intersection of individual and social life and is practiced in relationship to others While the concept of literacy autobiography is a common assignment in undergraduate and graduate writing courses few books model the exercise *Writing Home* helps fill that void and with Goldblatt's emphasis on out of school literacy fosters an understanding of literacy as a social practice

Finding List of Books and Periodicals in the Central Library, 1890 *Pastoral Elegy in Contemporary British and Irish Poetry* Iain Twiddy, 2012-03-15 Defying critical suggestions that the pastoral elegy is obsolete Iain Twiddy reveals the popularity of the form in the work of major contemporary poets Seamus Heaney Ted Hughes and Paul Muldoon Michael Longley Douglas Dunn and Peter Reading As Twiddy outlines the development of the form he identifies its characteristics and functions But more importantly his study accounts for the enduring appeal of the pastoral elegy why poets look to its conventions during times of personal distress and social disharmony and how it allows them to recover from grief loss and destruction Informed by current debates and contemporary theories of mourning Twiddy discusses themes of war and peace social pastoral and environmental change draws on the enduring influence of both Classical and Romantic poetics and explores poets changing relationships with pastoral elegy throughout their careers The result is a study that demonstrates

why the pastoral elegy is still a flourishing and dynamic form in contemporary British and Irish poetry **Finding list, central library. the importance of everyday poems as events in our lives
