Selected Essays Of Gottfried Haberler:

Selected Essays of Gottfried Haberler Gottfried Haberler, 1985 Gottfried Haberler's contributions to the field of international trade and finance began in the 1920s with a seminal paper on comparative costs His continuing contributions to open economy analysis development business cycles and inflation the theory of money and rational expectations are highlighted in this selection of 27 essays spanning the years 1925 to 1980 The essays are divided into five major sections representing the subdisciplines of Haberler's most significant work The first section on international trade contains his work on comparative costs comparative advantage and the location of production and international trade A section on international finance deals with the state of the international monetary system under conditions of world recession control over international reserve U S balance of payments policy currency depreciation and the terms of trade and transfer and price movements The topic of inflation and business cycles is covered in the third section with essays on income policies stagflation and the Great Depression and the international transmission of inflation Section four deals with economic development and the concluding section contains essays on the theory of money and general macroeconomic theory Several articles are translated here for the first time and there is a complete bibliography of Haberler's work up to 1980 Gottfried Haberler is Professor Emeritus of Economics Harvard University and Resident Scholar at the American Enterprise Institute Anthony Koo is Professor of Economics at Michigan State University [The Palgrave Companion to Harvard Economics](#) Robert A. Cord, 2024-07-05 Harvard University has been and continues to be one of the most important global centres for economics With three chapters on themes in Harvard economics and 41 chapters on the lives and work of Harvard economists these two volumes show how economics became established at the University how it produced some of the world's best known economists including Joseph Schumpeter Wassily Leontief and John Kenneth Galbraith and how it remains a global force for the very best in teaching and research in economics With original contributions from a stellar cast the volumes provide economists especially those interested in macroeconomics and the history of economic thought with an in depth analysis of Harvard economics [The Canon in the History of Economics](#) Michalis Psalidopoulos, 2000-03-09 The construction and the role of the economic canon the accepted list of great works and great authors has been the subject of much recent literary and historical debate By contrast the concept of the canon has been largely dormant in the study of the history of economics with the canonical sequence of Smith Ricardo Marx etc constituting t **The Open Economy** **Macromodel: Past, Present and Future** Arie Arnon, Warren Young, 2012-12-06 The impetus for the conference that was the basis for this volume emanated from the influence of two brilliant minds Egon Sohmen and Adam Klug who both died at an early age leaving their families and the professions of economics and economic history with major voids In the course of research on the origins of Open Economy Macroeconomics the significant contributions of Egon Sohmen came to the fore After correspondence with some of those involved in the early development of the Open Economy Macromodel we turned to

Adam Klug for his views on the matter as he had dealt with the history of intertemporal trade models in his Ph D thesis And it was Adam who suggested the idea of a conference bringing together economists and economic historians At this point we want to acknowledge the very generous grant from the Egon Sohmen Foundation and the active participation of Dr Helmut Sohmen and Mrs Renee Sohmen at the conference We also want to thank Prof Sir Aaron Klug Nobel Laureate and the Klug family for their support and the financial contribution of the Adam Klug Memorial Lecture Fund at Ben Gurion University Other institutions that contributed to the conference were the Gianni Foundation Bank of Israel University of North Carolina Department of Economics Faculty of Social Science and Aharon Meir Center for Banking Bar Ilan University Department of Economics and Faculty of Social Science Ben Gurion University of the Negev

Neoclassical International Economics L. Gomes, 1990-02-19 This book is about the history of neoclassical international economics the century old dominant paradigm of teaching and research in the area of international economic relations At a time when in so many of its areas economics is showing a tendency to go back to its roots a critical historical survey of what has been called the queen realm of economics seems most appropriate Befitting its title the prestige of international economics is high among social science disciplines This book tells the story of that achievement from the beginning of the neoclassical period 1890 to contemporary developments a very helpful account of the historical development of the ideas in international economics It covers both the real economy and the financial ie balance of payments aspects As such it provides a useful perspective on what forms the basis of our understanding of international economic relations It will be of help and appeal to students and will provide an additional source for those who wish to add to their knowledge in this field T M Rybczynski

The Palgrave Companion to Chicago

Economics Robert A. Cord, 2023-01-01 The University of Chicago has been and continues to be one of the most important global centres for economics With six chapters on themes in Chicago economics and 33 chapters on the lives and work of Chicago economists this volume shows how economics became established at the University how it produced some of the world's best known economists including Frank Knight Milton Friedman and Robert Lucas and how it remains a global force for the very best in teaching and research in economics With original contributions from a stellar cast this volume provides economists especially those interested in macroeconomics and the history of economic thought with an in depth analysis of Chicago economics *Comparative Advantage, Growth, and the Gains from Trade and Globalization* Robert Mitchell Stern, 2011 Alan Deardorff was 65 years old on June 6 2009 To celebrate this occasion a Festschrift in his honor was held on October 2 3 2009 in the Rackham Amphitheater at the University of Michigan This title includes reprints of many of Professor Deardorff's most important papers that underlie the reflections on his work by the Festschrift panelists The World in Depression, 1929-1939 Charles Poor Kindleberger, 1986 The World in Depression is the best book on the subject and the subject in turn is the economically decisive decade of the century so far John Kenneth Galbraith **The Globalization Of Strategy Research** Joel Baum, Joseph Lampel, 2010-07-02 This volume brings together various emerging perspectives in strategy research for further interaction and debate Contributions address a range of issues related to the globalization of strategy research and chapters examine strategy theory methods and research as well as strategy as practice discourse and reflexive design **Joseph Alois SCHUMPETER** Massimo M. Augello, 2012-12-06 This book is the outcome of a bibliographical research and historical analysis of the evolution of the international literature on J A Schumpeter The research has been carried out in the last few years with the organizational support of the International Joseph A Schumpeter Society and through the establishment of connections with libraries universities and research institutes throughout the world Schumpeter's papers at the Harvard University archives have also been scrutinized The volume includes a historical and critical assessment of the literature on the Austrian economist according to the most important and specific Schumpeterian categories biography methodology development money cycle sociology politics and history The book is characterized by the completeness and richness of its information and by the homogeneous treatment of all the possible sources which could have provided news on Schumpeter Besides Europe and the US the research has been extended to the USSR Latin America Eastern Europe and above all to Japan where the Schumpeterian tradition is very deep rooted Austrian Economics in Transition H. Hagemann, T. Nishizawa, Y. Ikeda, 2010-05-28 This book analyzes both the consistent and changing elements in the Austrian School of Economics since its foundation in the late 19th Century up to the recent offspring of this School It investigates the dynamic metamorphosis of the school mainly with reference to its contact with representatives of history of economic thought *The Routledge Handbook of Heterodox Economics* Tae-Hee Jo, Lynne Chester, Carlo D'Ippoliti, 2017-07-28 The Routledge Handbook of Heterodox Economics presents a comprehensive overview of the latest

work on economic theory and policy from a pluralistic heterodox perspective Contributions throughout the Handbook explore different theoretical perspectives including Marxian radical political economics Post Keynesian Sraffian economics institutionalist evolutionary economics feminist economics social economics Regulation theory the Social Structure of Accumulation approach and ecological economics They explain the structural properties and dynamics of capitalism as well as propose economic and social policies for the benefit of the majority of the population This book aims firstly to provide realistic and coherent theoretical frameworks to understand the capitalist economy in a constructive and forward looking manner Secondly it delineates the future directions as well as the current state of heterodox economics and then provides both heat and light on controversial issues drawing out the commonalities and differences among different heterodox economic approaches The volume also envisions transformative economic and social policies for the majority of the population and explains why economics is and should be treated as a social science This Handbook will be of compelling interest to those including students who wish to learn about alternative economic theories and policies that are rarely found in conventional economics textbooks or discussed in the mainstream media and to critical economists and other social scientists who are concerned with analyzing pressing socio economic issues

Balance of Payments Adjustment Augustine C. Arize, Theologos H. Bonitsis, Ioannis Kallianiotis, Krishna Kasibhatla, John Malindretos, 2000-01-30 The five parts of this collection of essays systematically and thoroughly examine the two competing theories of balance of payments and adjustment namely the Keynesian and the Monetary approaches Each part deals with specific aspects of the two approaches Part I surveys the theories behind these two approaches looking at the presuppositions main theory and policy recommendations which they include Part II examines the empirical literature and describes the numerous models which have been proposed Part III critiques the two theories on their assumptions policy advice and empirical modeling Part IV compares and contrasts the two views both theoretically and empirically Empirical studies on different countries are performed to emphasize the differing set of accounts and variables of the two approaches Part V considers the approaches in a regime of flexible exchange rates Scholars students and researchers will find this collection of great help in understanding the two approaches to balance of payments and adjustment

The International Adjustment Mechanism L. Gomes, 1993-07-20 This book is about the history of thought and policy on the international adjustment mechanism Economics emerged as a discipline in its own right largely out of the accumulated reflections analyses and judgements of a group of writers from the sixteenth to the early nineteenth century who shared a common perspective on matters relating to the adjustment of the balance of payments The present survey starts with the development of the doctrine at that time and continues the story up to the present debate on economic and monetary union in Europe

New Perspectives on Economic Development Fu-Lai Tony Yu, 2011-04-27 This book is the first of its kind to use Austrian subjectivism to analyze issues in economic development Unlike scholars in mainstream neoclassical economics who explain economic development

by quantitative growth models this book attempts to understand economic progress in human agency perspective In this approach human agency is placed at the centre of economic analysis This book begins with a review of the theories of economic development in the history of Austrian economics with the intention of extending the contributions of major Austrian economists to development economics After pointing out the weaknesses in the orthodox neoclassical approach to economic growth the book then puts forward a subjectivist methodology which integrates the contributions of Max Weber Alfred Schutz and Austrian Economists to interpret economic phenomena and policies This chapter also serves as a methodological foundation for arguments elaborated in subsequent chapters The rest of the book discusses important issues in economic development namely entrepreneurial process national capabilities innovation trade government transition and catching up strategies for firms in latecomer economies The book ends with concluding remarks and a proposal for a new research agenda in economic development This book is well written free from mathematics and is highly readable It adds new insights not only in economics but also in management politics and social sciences It will be useful to scholars policy makers and students in economic development entrepreneurship theory of the firm management of innovation government policy economic sociology Austrian and evolutionary economics
