Sergel Och Hans Romerska Krets Europeiska Terrakottor 17601814:

Returns to Pompeii Shelley Hales, Anne-Marie Leander Touati, 2016 This volume presents a series of case studies that trace the ways in which audiences across Europe have attempted to return to Pompeii by emulating its interior decorations since the city's rediscovery in the mid eighteenth century. As such it is about both the impact of Pompeian antiquity on the present and the reception in the present of that antique past exploring the variety of ways in which Pompeian domestic space and decoration have been revived and for what purposes and audiences. The contributions to the volume compare the ways in which Pompeian wall decorations were interpreted and adapted given new context and put to serve new social and political purposes both close to their place of discovery in the Kingdom of Naples and in the far off European periphery represented by Denmark and Sweden. *Sergel och hans romerska krets* Magnus Olausson, 2004 *Sergel och hans romerska krets*, 2003
