An Illustrated History of the Mandala Kimiaki Tanaka, 2018-12-04 Everyone s heard of mandalas now we have a uniquely rich history and explanation of their history and meaning This book is a history of the genesis and development of

the mandala from the fifth and sixth centuries when the mandala first appeared in India to the eleventh century when the Kalacakra tantra appeared just before the disappearance of Buddhism in India. The 600 years of Indian esoteric Buddhism that concluded the 1700-year history of Indian Buddhism could be said to have been the history of the development of the mandala. The Kalacakra tantra integrated earlier mandala theories into a single system and established a monumental system unprecedented in the history of esoteric Buddhism. It was thus the culmination of the development of Indian Buddhism over a period of 1700 years. The analysis is at the micro level and includes numerous illustrations and charts. Particular attention is paid to proper names, mudras and mantras that have been overlooked by scholars in philosophy and doctrine, and the author tackles issues that cannot be explained solely from a historical viewpoint such as geometric patterns, the arrangement of deities, the colors and their meaning in Buddhist doctrine.

Dandarona, burjatského buddhisty a buddhologa, a existovala až do jeho úmrtí v roce 1972. Byl odsouzen na pět let nucených prací a ve věku edesťáckých let v roce 1947 v pracovním úmrtí.
