Mabel Walker Willebrandt A Study Of Power Loyalty And Law

Roger K. Newman

Mabel Walker Willebrandt A Study Of Power Loyalty And Law:

Mabel Walker Willebrandt Dorothy Marie Brown,1984-01-01 **American Women and the Repeal of Prohibition** Kenneth D Rose,1995-11-01 In 1933 Americans did something they had never done before they voted to repeal an amendment to the U S Constitution The Eighteenth Amendment which for 13 years had prohibited the manufacture and sale of alcoholic beverages was nullified by the passage of another amendment the Twenty First Many factors helped create this remarkable turn of events One factor that was essential Kenneth D Rose here argues was the presence of a large number of well organized women promoting repeal Even more remarkable than the appearance of these women on the political scene was the approach they took to the politics of repeal Intriguingly the arguments employed by repeal women and by prohibition women were often mirror images of each other even though the women on the two sides of the issue pursued diametrically opposed political agendas Rose contends that a distinguishing feature of the women s repeal movement was an argument for home protection a social feminist ideology that women repealists shared with the prohibitionist women of the Women s Christian Temperance Union The book surveys the women s movement to repeal national prohibition and places it within the contexts of women s temperance activity women s political activity during the 1920s and the campaign for repeal While recent years have seen much needed attention devoted to the recovery of women s history conservative women have too often been overlooked deliberately ignored or written off as unworthy of scrutiny With *American Women and the Repeal of Prohibition* Kenneth Rose fleshes out a crucial chapter in the history of American women and culture **Unintended**

Consequences of Constitutional Amendment David E. Kyvig,2000 Constitutional amendments like all laws may lead to unanticipated and even undesired outcomes In this collection of original essays a team of distinguished historians political scientists and legal scholars led by award winning constitutional historian David E Kyvig examines significant instances in which reform produced something other than the foreseen result An opening essay examines the intentions of the Constitution s framers in creating an amending mechanism and then explores unexpected uses of that instrument Thereafter authors focus on the Bill of Rights and subsequent amendments addressing such subjects as criminal justice procedures the presidential election system the Civil War s impact on race and gender relations the experiment in national prohibition women s suffrage and finally limits on the presidency Together these contributions illuminate aspects of constitutional stability and evolution challenging current thinking about reform within the formal system of change provided by Article V of the Constitution Forcefully demonstrating that constitutional law is not immune to unanticipated consequences the eight scholars underscore the need for care responsibility and historical awareness in altering the nation s fundamental law

King of the Bootleggers William A. Cook,2014-11-21 As a pharmacist turned lawyer turned master prohibition era bootlegger George Remus is now remembered as one of the most notorious figures of the American prohibition Even though he was a lifelong teetotaler Remus built one of the nation s largest illegal liquor empires with little regard to disguises or

secrecy This biography tells the complete story of Remus private life and public persona focusing especially on the turbulent rise and fall of his bootlegging kingdom It begins with an overview of Remus early life and careers in pharmacy and law and covers his bootlegging career including his overwhelmingly successful early business ventures his 1922 bootlegging conviction his murder of wife Imogene after she had a well publicized affair with prohibition agent Franklin Dodge and Remus subsequent trial for her murder **The Yale Biographical Dictionary of American Law** Roger K.

Newman,2009-01-01 This book is the first to gather in a single volume concise biographies of the most eminent men and women in the history of American law Encompassing a wide range of individuals who have devised replenished expounded and explained law The Yale Biographical Dictionary of American Law presents succinct and lively entries devoted to more than 700 subjects selected for their significant and lasting influence on American law Casting a wide net editor Roger K Newman includes individuals from around the country from colonial times to the present encompassing the spectrum of ideologies from left wing to right and including a diversity of racial ethnic and religious groups Entries are devoted to the living and dead the famous and infamous many who upheld the law and some who broke it Supreme Court justices private practice lawyers presidents professors journalists philosophers novelists prosecutors and others the individuals in the volume are as diverse as the nation itself Entries written by close to 600 expert contributors outline basic biographical facts on their subjects offer well chosen anecdotes and incidents to reveal accomplishments and include brief bibliographies Readers will turn to this dictionary as an authoritative and useful resource but they will also discover a volume that delights and entertains Listed in The Yale Biographical Dictionary of American Law John Ashcroft Robert H Bork Bill Clinton Ruth Bader Ginsburg Patrick Henry J Edgar Hoover James Madison Thurgood Marshall Sandra Day O Connor Janet Reno Franklin D Roosevelt Julius and Ethel Rosenberg John T Scopes O J Simpson Alexis de Tocqueville Scott Turow And more than 700 others American Mafia Thomas Reppetto,2024-03-26 Reppetto s book earns its place among the best he brings fresh

context to a familiar story worth retelling The New York Times Book Review Organized crime the Italian American kind has long been a source of popular entertainment and legend Now Thomas Reppetto provides a balanced history of the Mafia s rise from the 1880s to the post WWII era that is as exciting and readable as it is authoritative Structuring his narrative around a series of case histories featuring such infamous characters as Lucky Luciano and Al Capone Reppetto draws on a lifetime of field experience and access to unseen documents to show us a locally grown Mafia It wasn t until the 1920s thanks to Prohibition that the Mafia assumed what we now consider its defining characteristics especially its octopuslike tendency to infiltrate industry and government At mid century the Kefauver Commission declared the Mafia synonymous with Union Siciliana in the 1960s the FBI finally admitted the Mafia s existence under the name La Cosa Nostra American Mafia is a fascinating look at America s most compelling criminal subculture from an author who is intimately acquainted with both sides of the street **Liberated Spirits** Hugh Ambrose,John Schuttler,2018 A provocative new take on the women behind a

perennially fascinating subject Prohibition by bestselling author and historian Hugh Ambrose The passage of the 18th Amendment banning the sale of alcohol and the 19th women s suffrage in the same year is no coincidence These two Constitutional Amendments enabled women to redefine themselves and their place in society in a way historians have neglected to explore Liberated Spirits describes how the fight both to pass and later to repeal Prohibition was driven by women as exemplified by two remarkable women in particular With fierce drive and acumen Mabel Willebrandt transcended the tremendous hurdles facing women lawyers and was appointed Assistant Attorney General Though never a Prohibition campaigner once in office she zealously pursued enforcement despite a corrupt and ineffectual agency Wealthy Pauline Sabin had no formal education in law or government but she too fought entrenched discrimination to rise in the ranks of the Republican Party While Prohibition meant little to her personally aristocrats never lost access to booze she seized the fight to repeal it as a platform to bring newly enfranchised women into the political process and compete on an equal footing with men Along with a colorful cast of supporting characters from rumrunners and Prohibition agents on the take to senators and feuding society matrons Liberated Spirits brings the Roaring Twenties to life in a brand new way Helen Morgan

Christopher S. Connelly,2024-09-03 An emotive soprano voice heartrending melodies about unrequited love and a draped over the piano persona made Helen Morgan 1902 1941 the original torch singer but she was so much more The versatile actress appeared on Broadway in film and on radio In a number of stage revues she danced sang and excelled in sketch comedy She played Julie in Kern and Hammerstein s Broadway musical Show Boat 1927 and also starred in the duo s Sweet Adeline in 1929 That same year Morgan appeared in Rouben Mamoulian s classic film Applause When the Great Depression made theater roles scarce she headed the CBS radio program Broadway Melodies and worked in the emerging medium of television Yet Morgan s life was one of extremes She earned a million dollars throughout her career but remained in constant debt She was one of the most universally beloved people in her profession but a stable romantic relationship eluded her until the very end of her life She was a protofeminist who aided women facing unplanned pregnancies yet she also sought respite in a man whose financial support would allow her to retire from the stage Through it all she battled alcoholism brandy would eventually extinguish her flame in 1941 Helen Morgan The Original Torch Singer and Ziegfeld s Last Star is the first biography of the gifted performer since 1974 Author Christopher Connelly utilizes interviews newspaper articles and family scrapbooks to present an honest and unflinching look at Morgan s life Connelly s meticulous research addresses Morgan s troubled childhood including her mother s six marriages and the trauma of her stepfather s arrest and conviction for manslaughter in 1913 Also revealed are details regarding her early career in vaudeville and silent film insights into the speakeasy and supper club culture that served as a backdrop to Morgan s career and accounts of her outstanding accomplishments philanthropic actions and enduring popularity This gripping narrative presents the brief but brilliant life of a complex talented and iconic entertainer **The Money Trail** Robert G. Folsom,2010 The untold story of the man who

followed the money to bust Al Capone and clean up America's first great crime wave Prohibition's Greatest Myths
Michael Lewis, Richard Hamm, 2020-04-01 The word prohibition tends to conjure up images of smoky basement speakeasies dancing flappers and hardened gangsters bootlegging whiskey Such stereotypes a prominent historian recently noted in the Washington Post confirm that Americans common understanding of the prohibition era is based more on folklore than fact Popular culture has given us a very strong and very wrong picture of what the period was like Prohibition's Greatest Myths The Distilled Truth about America's Anti Alcohol Crusade aims to correct common misperceptions with ten essays by scholars who have spent their careers studying different aspects of the era Each contributor unravels one myth revealing the historical evidence that supports complicates or refutes our long held beliefs about the Eighteenth Amendment H Paul Thompson Jr Joe L Coker Lisa M F Andersen and Ann Marie E Szymanski examine the political and religious factors in early twentieth century America that led to the push for prohibition including the temperance movement the influences of religious conservatism and liberalism the legislation of individual behavior and the lingering effects of World War I From there several contributors analyze how the laws of prohibition were enforced Michael Lewis discredits the idea that alcohol consumption increased during the era while Richard F Hamm clarifies the connections between prohibition and organized crime and Thomas R Pegram demonstrates that issues other than the failure of prohibition contributed to the amendment's repeal Finally contributors turn to prohibition's legacy Mark Lawrence Schrad Garrett Peck and Bob L Beach discuss the reach of prohibition beyond the United States the influence of anti alcohol legislation on Americans longterm drinking habits and efforts to link prohibition with today's debates over the legalization of marijuana Together these essays debunk many of the myths surrounding the Noble Experiment not only providing a more in depth analysis of prohibition but also allowing readers to engage more meaningfully in contemporary debates about alcohol and drug policy
