Maria Callas Life And Art:

Maria Callas Maria Callas, Alan Lewen, 1999 *Callas* John Ardoin, Gerald Fitzgerald, 1974 It is 1939 and a shy awkward American girl of sixteen nervously waits her turn to audition before the renowned soprano Elvira de Hidalgo at the Athens Conservatory To de Hidalgo The very idea of that girl wanting to be a singer was laughable She was tall very fat and wore heavy glasses When she removed them she would look at you with huge but vague almost unseeing eyes Her whole being was awkward and her dress was too large buttoned in front and quite formless Not knowing what to do with her hands she sat there quietly biting her nails while waiting her turn to sing Moments later de Hidalgo was to close her eyes and experience violent cascades of sound not yet fully controlled but full of drama and emotion It is 1974 on the stage of Carnegie Hall and an elegant and vibrant woman returning after eight years of self imposed retirement has just completed a gala concert part of an international tour In the balconies the audience stands rooted as wave after wave of applause rocks the hall In the orchestra section a frenzied mass of men and women rush to the footlights to cheer and weep and reach out to touch You are opera someone shouts from the rear and a full house is convulsed with emotion She is Maria Callas Perhaps no performer in this century has generated such adulation stirred such controversy and had so great an impact on the world of opera and the arts as Callas The unrivaled singing actress of our time she is the standard against which all others must measure themselves She brought back a style of singing forgotten for more than a century revived a repertory all but lost and restored to the musical stage the dramatic power that is opera at its grandest En route she created a legend For many that legend lives only in her recordings Others witnessed the great years and the great roles Norma Tosca Medea Violetta Now in eloquent and moving text in hundreds of stunning photographs taken during performance and in the words of those who worked with Callas Gobbi Vickers Corelli Visconti Zeffirelli Bernstein and a host of others her art comes alive again for all to see Here are the triumphs at La Scala Covent Garden the Metropolitan in Chicago Dallas Paris And here are the dramatic stagings created especially for her by such theatrical giants as Visconti and Zeffirelli Here too are the battles that made headlines the personalities who made news Tracing her career from her student days in Athens through her decades as the world's reigning prima donna this book illuminates her power and offers insights into the phenomenon of her art But this book also explores with rare sensitivity the personal needs and fears that led this woman to abandon her art for the playgrounds of the rich the yachts of the famous Drawing on her own words this book creates a remarkable picture of a woman driven by the demands of her art and an artist buffeted by the urgings of the woman Here then is the tragedy and the glory the frailty and the strength Here is Callas Adapted from dust jacket *The Biography Book* Daniel S. Birds Art Life Kyo Maclear, 2017-01-03 A writer's search for inspiration, beauty and solace leads her to birds in this intimate and exuberant meditation on creativity and life. A field guide to things small and significant. When it comes to birds, Kyo Maclear isn't seeking the exotic. Rather, she discovers joy in the seasonal birds that find their way into view in city parks and harbors, along eaves and on wires. In a world that values big and fast, Maclear looks to the small, the steady, the slow accumulations of knowledge and the lulls that leave room for contemplation. A distilled, crystal-like companion to *H* is *For Hawk*. *Birds Art Life* celebrates the particular madness of chasing after birds in the urban environment and explores what happens when the core lessons of birding are applied to other aspects of art and life. Moving with ease between the granular and the grand, peering into the inner landscape as much as the outer one, this is a deeply personal, year-long inquiry into big themes: love, waiting, regrets, endings. If *Birds Art Life* was sprung from Maclear's sense of disconnection, her passions faltering under the strain of daily existence, this book is ultimately about the value of reconnection and how the act of seeking engagement and beauty in small ways can lead us to discover our most satisfying and meaningful lives.

Modern Dramatists Kimball King, 2013-04-03 This comprehensive collection gathers critical essays on the major works of the foremost American and British playwrights of the 20th century, written by leading figures in drama performance studies.

On Art Ilya Kabakov, 2018-12-21 During the 1960s and 1970s, the Russian conceptual artist Ilya Kabakov was a galvanizing figure in Moscow's underground art community, ultimately gaining international prominence as the leader of a band of artists known as the Moscow Conceptual Circle. Throughout this time, he created texts that he would distribute among his friends, and by the late 1990s, his written production amounted to hundreds of pages. Devoted to themes that range from the cosmism of pre-Revolutionary Russian modernism to the philosophical implications of Moscow's garbage, Kabakov's handmade booklets were typed out on paper, then stapled or sewn together using rough butcher paper for their covers. Among these writings are faux Socialist Realist verses, theoretical explorations, art historical analyses, accompaniments to installation projects, and transcripts of dialogues between the artist and literary theorists, critics, journalists, and other artists. This volume offers for the first time in English the most significant texts written by Kabakov. The writings have been expressly selected for this English language volume, and there exists no equivalent work in any language.
