Catalogue James Tregaskis (Firm), 1913 **Marlborough's America** Stephen Saunders Webb, 2013-01-01 Scholars of British America generally conclude that the early eighteenth century Anglo American empire was commercial in economics liberal in politics and parochial in policy somnambulant in an era of salutary neglect but Stephen Saunders Webb here demonstrates that the American provinces under the spur of war became capitalist coercive and aggressive owing to the vigorous leadership of career army officers trained and nominated to American government by the captain general of the allied armies the first duke of Marlborough and that his influence and that of his legates prevailed through the entire century in America Webb's work follows the duke whom an eloquent enemy described as the greatest statesman and the greatest general that this country or any other country has produced his staff and soldiers through the ten campaigns which by defanging France made the union with Scotland possible and made Great Britain preeminent in the Atlantic world Then Webb demonstrates that the duke's legates transformed American colonies into provinces of empire Marlborough's America fifty years in the making is the fourth volume of The Governors General **Marlborough's War Machine, 1702-1711** James Falkner, 2014-11-30 The author of The War of the Spanish Succession analyzes the inner workings of the army led into battle by General John Churchill Blenheim Ramilles Oudenarde Malplaquet much has been written about the brilliant victories of the Duke of Marlborough's Anglo Dutch army over the armies of Louis XIV of France during the War of the Spanish Succession Less attention has been focused on the men and the military organization that made these achievements possible the soldiers the commanders the army structure and administration the logistics engineering weapons and finance That is why James Falkner's penetrating account of the composition and operation of Marlborough's army is of such value His clear analysis gives a fascinating insight into Marlborough's war machine and into the conduct of war in Europe 300 years ago I thoroughly enjoyed this book and would recommend it particularly if you are embarking on a visit to the battlefields of the War of the Spanish Succession Army Rumour Service This perceptively written book tells us about the war machine that backed up Marlborough's strategic and tactical genius An excellent book Classic Arms and Militaria The author having written a number of books on the period knows his subject and this certainly shows in this his latest contribution to the history of the British army in the early 18th century Military Modelling Magazine *Dod's Peerage, Baronetage and Knightage, of Great Britain and Ireland, for ...* ,1905 **Subject Catalog** Library of Congress, 1979 **Winston Churchill** Chris Wrigley, 2002-10-04 This illustrated A Z biographical companion presents information about all aspects of Winston Churchill's remarkable career spotlighting the events and people with whom he was most closely associated When Winston Churchill was still in his teens he was already a man in a hurry partly due to his fear that like his father he would die young Born into aristocratic politics he sought glory through battle as a means to secure a position in politics fame and money

through the writing of books To promote their careers both he and his father made full use of their family connections and the allure of their social life Among the telling details revealed are that his mother Jennie Jerome Lady Randolph was an American heiress and was his major adviser and reliable friend when he was younger and that his wife Clementine disliked and distrusted many of Winston's political cronies This A Z biographical dictionary covers everything from his grandiose spending trademark agar and whiskey sodas and silk underwear to his mother's many marriages and affairs and his relationships with Edward VIII and Queen Elizabeth II

Military Commanders Nigel Cawthorne, 2004 From ancient Greece to Desert Storm Military Commanders presents a chronological history of great battles and the men who won them Beginning with Leonidas of Sparta who died at Thermopylae and ending with Colin Powell this book includes such world famous leaders as Alexander the Great Napoleon Grant and Lee Patton and Rommel In addition it includes the military theorist Sun Tzu who wrote The Art of War as well as lesser known but important figures such as Red Cloud Shaka Zulu and General Giap Military Commanders containing pertinent quotations anecdotes and detailed facts is a highly readable combination of history and biography
