Achaïos Evangelia Papadopoulou,Vassilis Chrysikopoulos,Gioulika Christakopoulou,2016-07-10 In Achaïos thirty five scholars from six different countries have contributed with thirty one papers as a small token of appreciation gratitude and affection to a true scholar who devoted his life studying and revealing the long journeys of the Mycenaeans and their culture

The Rural Landscapes of Archaic Cyprus Catherine Kearns,2022-12-15 Examines the archaeology of landscapes environments and rural communities that constituted the transformative Archaic period on Cyprus **The Past in the Past: the Re-use of Ancient Monuments** Richard Bradley,Howard Williams,2013-11-15 First published in 1998 Routledge is an imprint of Taylor Francis an informa company Ancient Art from Cyprus Metropolitan Museum of Art (New York, N.Y.),Vassos Karageorghis,Joan R. Mertens,Marice E. Rose,2000 The Cesnola Collection in The Metropolitan Museum of Art is the richest and most varied representation outside Cyprus of Cypriot antiquities These works were purchased by the newly established Museum in the mid 1870s from General Luigi Palma di Cesnola a Civil War cavalry officer who had amassed the objects while serving as the American consul on Cyprus This catalogue is published on the occasion of the opening of the Museum's four permanent galleries for ancient art from Cyprus It is also the first scholarly publication since 1914 devoted to the Cesnola Collection which totals approximately six thousand objects The volume features some five hundred pieces from the collection illustrated in new color photography Dating from about 2500 B C to about A D 300 these works rank among the finest examples of Cypriot art from the prehistoric Geometric Archaic Classical Hellenistic and Roman periods Among the objects are monumental sculpture weapons tools and domestic utensils vases lamps and ritual paraphernalia dedicatory figurines engraved sealstones and jewelry and luxury objects BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Beyond Babylon** Metropolitan Museum of Art (New York, N.Y.),2008 This important volume describes the art created in the second millennium B C for royal palaces temples and tombs from Mesopotamia Syria and Anatolia to Cyprus Egypt and the Aegean **Mortuary Ritual and Society in Bronze Age Cyprus** Priscilla Keswani,2004 A ground breaking investigation of burial practices and social transformations in the era when Cypriot agricultural communities moved from village to urban life and became major players in the eastern Mediterranean copper trade The author develops an innovative theoretical and methodological approach that enables her to define and elucidate the shifting spatial relationships between tombs and habitation areas the elaboration of rituals involving secondary treatment

and collective burial and changing patterns of mortuary expenditure and symbolism throughout the Bronze Age Keswani proposes that during the Early Middle Bronze periods the growing elaboration of mortuary festivities and their crucial importance in negotiating status hierarchies contributed to the intensification of Cypriot copper production and the expansion of interregional exchange relations Subsequent changes in mortuary practice suggest that the importance of collective burial rites and traditional modes of ritual display diminished over the course of the Late Bronze Age as urban institutions multiplied and the bases of social prestige were transformed **Phoenicia** J. Brian Peckham, 2014-10-30

Phoenicia has long been known as the homeland of the Mediterranean seafarers who gave the Greeks their alphabet But along with this fairly well known reality many mysteries remain in part because the record of the coastal cities and regions that the people of Phoenicia inhabited is fragmentary and episodic In this magnum opus the late Brian Peckham examines all of the evidence currently available to paint as complete a portrait as is possible of the land its history its people and its culture In fact it was not the Phoenicians but the Canaanites who invented the alphabet what distinguished the Phoenicians in their turn was the transmission of the alphabet which was a revolutionary invention to everyone they met The Phoenicians were traders and merchants the Tyrians especially thriving in the back and forth of barter in copper for Levantine produce They were artists especially the Sidonians known for gold and silver masterpieces engraved with scenes from the stories they told and which they exchanged for iron and eventually steel and they were builders like the Byblians who taught the alphabet and numbers as elements of their trade When the Greeks went west the Phoenicians went with them Italy was the first destination settlements in Spain eventually followed but Carthage in North Africa was a uniquely Phoenician foundation The Atlantic Spanish settlements retained their Phoenician character but the Mediterranean settlements in Spain Sicily Sardinia and Malta were quickly converted into resource centers for the North African colony of Carthage a colony that came to eclipse the influence of the Levantine coastal city states An emerging independent Western Phoenicia left Tyre free to consolidate its hegemony in the East It became the sole west Asiatic agent of the Assyrian Empire But then the Babylonians let it all slip away and the Persians intent on war and world domination wasted their own and everyone's time trying to dominate the irascible and indomitable Greeks The Punic West Carthage made the same mistake until it was handed off to the Romans But Phoenicia had been born in a Greek matrix and in time had the sense and good grace to slip quietly into the dominant and sustaining Occidental culture This complicated history shows up in episodes and anecdotes along a frangible and fractured timeline Individual men and women come forward in their artifacts amulets or seals There are king lists and alliances companies and city assemblies Years or centuries are skipped in the twinkling of any eye and only occasionally recovered Phoenicia like all history is a construct a product of historiography an answer to questions The history of Phoenicia is the history of its cities in relationship to each other and to the peoples cities and kingdoms who nourished their curiosity and their ambition It is written by deduction and extrapolation by shaping hard data into malleable evidence by working from

the peripheries of their worlds to the centers where they lived by trying to uncover their mentalities plans beliefs suppositions and dreams in the residue of their products and accomplishments For this reason the subtitle Episodes and Anecdotes from the Ancient Mediterranean is a particularly appropriate description of Peckham s masterful posthumous volume the fruit of a lifetime of research into the history and culture of the Phoenicians **Journal of Mediterranean Archaeology**,1990 **Mycenaean Civilization** Bryan Feuer,2003-12-31 Classical Greeks considered the Mycenaean civilization to be the basis of their glorious and heroic heritage but its material existence was not confirmed until the excavations of Heinrich Schliemann in the late nineteenth century In the ensuing years as with the field of archaeology in general emphasis has shifted from revealing monuments and finding treasure to dealing with less glamorous more scientifically oriented investigations concerning aspects such as social and political organization economic functions and settlement patterns With its more than 2000 entries this reference work serves as both an introduction to and a summary of the study of ancient Mycenaean civilization Considerably expanded from the first edition there are 500 new entries representing materials published since 1991 The largest part of the book is made up of annotated bibliography entries arranged topically with introductory material for each section The book also includes a general introduction to Mycenaean civilization a glossary and author place and subject indexes **Report of the Department of Antiquities, Cyprus** Cyprus. Tmēma Archaïotētōn,2008 **Cypriote Antiquities in Australian Collections** Jennifer M. Webb,1997 *The Bronze Age Cemeteries at Deneia in Cyprus* David Frankel,Jennifer M. Webb,2007 Acts of the International Archaeological Symposium "Cyprus Between the Orient and the Occident," Nicosia, 8-14 September 1985 Vassos Karageorghis,1986 **The Connected Iron Age** Jonathan M. Hall,James F. Osborne,2022-12-09 An interdisciplinary consideration of how eastern Mediterranean cultures in the first millennium BCE were meaningfully connected The early first millennium BCE marks one of the most culturally diverse periods in the history of the eastern Mediterranean Surveying the region from Greece to Iraq one finds a host of cultures and political formations all distinct yet all visibly connected in meaningful ways These include the early polities of Geometric period Greece the Phrygian kingdom of central Anatolia the Syro Anatolian city states the seafaring Phoenicians and the biblical Israelites of the southern Levant Egypt s Twenty first through Twenty fifth Dynasties the Urartian kingdom of the eastern Anatolian highlands and the expansionary Neo Assyrian Empire of northern Mesopotamia This volume adopts an interdisciplinary approach to understanding the social and political significance of how interregional networks operated within and between Mediterranean cultures during that era *Marki Alonia* David Frankel,Jennifer M. Webb,2006 Accompanying DVD ROM provides access to the Marki Alonia website and contains databases in several formats documenting all the archaeological finds mentioned in the book **Maroni de Chypre** Jane Johnson,1962
