defeated Great Britain We see how Lafayette s reputation rose to great heights during the American Revolution but collapsed during the French that when the Bastille fell on July 14 1789 Parisians hailed Lafayette as the French Washington and appointed him commander of their National Guard hoping that he would be able to restore order to a city wracked by starvation and violence As revolutionaries hurtled in radical directions and staunch monarchists dug in their heels Lafayette lost control remaining steadfast in his belief that the French monarchy needed to be reformed but not abolished and doing everything in his power to prevent an American style republic from taking root in his native land Formerly seen as France s heroic figure Lafayette was now viewed as opportunistic a dreamer and a traitor to his nation and today remains a murky figure in French memory In America Lafayette s momentous departure from his homeland for the War of Independence has long been hailed as the start of an extraordinary career to be celebrated for generations In France it is often seen as just one of his many misbegotten undertakings Yet no one has managed to offer a satisfactory answer to the crucial question of why Why did Americans shower Lafayette with so much acclaim in his own time that he remains a hero today being named an honorary U S citizen in 2002 becoming only the seventh person ever granted this distinction And why in contrast does his memory continue to be denigrated in his own land Auricchio drawing on substantial new research conducted in libraries archives museums and private homes in France and the United States gives us history on a grand scale as she answers these crucial questions revealing the man and his complex life and challenging and exploring the complicated myths that have surrounded his name for more than two centuries Marie Joseph Paul Yves Roch Gilbert Du Motier, Marquis de Lafayette to Unknown Regarding a Counter-revolution in France, 17 September 1829 Marie-Joseph Paul Yves Roch Gilbert Du Motier Marquis de Lafayette, 1829 Opposed to a counter revolution in France and mentions attacks on himself The papers will inform you of the toiles in which France has Been Unexpectedly thrown by a Counter Revolutionary intrigue and of the necessity we are under to oppose it Also in the Gazette and gardiène you may find among many lies the effusions of disappointment and Rage and Lafayette himself has Been a principal bull of these feelings because he is considered as a principal obstacle to these designs you will easily conceive Also gives an introduction for an acquaintance who will be doing business in the United States Mounted to backer board The recipient has a nephew who works at the American Consulate in Lyon a post held at that time by Cornelius Bradford
