Sutton, 2020-09-17 The purpose of this book is to help mental health professionals increase their cultural competence to better serve Pentecostal and Charismatic Christians who are congregants in the world s fastest growing religious movement My focus is twofold First I aim to increase the reader s awareness and knowledge about Christians who live their faith within Pentecostal cultures Second I hope to increase the reader s knowledge about the assessment and treatment of Pentecostal and Charismatic Christians with mental health needs based on a review of research and recommendations from experienced clinicians My approach to assessment and treatment is the commonly held view that best practices are holistic Therefore I will attempt to integrate Pentecostal and Charismatic spirituality with assessment and treatment in ways that respect the spirituality of the person seeking treatment and enhances therapeutic outcomes The first part of the book can help all readers understand people who live into that religion The second part of the book is a practical and insightful guide to effective helping for psychological difficulties I highly recommend this book to anyone who seeks to understand and help Pentecostals and Charismatics Everett L Worthington Jr Commonwealth Professor Emeritus a well written comprehensive and very helpful guide to understanding and counseling Pentecostal and Charismatic Christians It is a substantial and unique contribution to Christian counseling and also to the field of counseling and psychotherapy I highly recommend it as essential reading for everyone interested or involved in counseling Pentecostal and Charismatic Christians Rev Siang Yang Tan PhD Senior Professor of Psychology Fuller Theological Seminary and author of *Counseling and Psychotherapy A Christian Perspective* and *Shepherding God s People* a must read not only for Pentecostal and Charismatic counselors but for anyone in the mental health field Tony Richie D Min Ph D Associate Professor of Theology Pentecostal Theological Seminary Cleveland TN      **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1987      **Recording for the Blind & Dyslexic, ... not on the same subject only function to avoid the real questions The real questions may be scary or our training since childhood may not prepare us to ask them As you read through this manual and explore the questions under Can we talk here at the end of each chapter you will discover new ways to approach these important questions First of all consider whether some of the questions below touch on major issues that you are not discussing but should be As you read these questions how do you feel Can you picture asking your partner these questions Also consider these same questions in terms of how you view your partner Are you happy How do you feel about me Am I your best friend Am I safe with you Do you want the best for me Do you choose me above all others including your family friends colleagues and so on Do I still turn you on When do you most enjoy time with me Do you respect my intelligence Do you believe that I respect you Do you love me Do you envision being with me for the rest of our lives This manual offers quick overviews of many concepts goals and problems in committed relationships I hope that by the time you have worked through these chapters you will have built greater trust and will be able to ask such challenging questions with confidence in addition to brief descriptions of common marital issues you will find some basic questions to consider and discuss and targeted references for each of these issues The goal is to get some quick ideas and at least begin your healing When couples are struggling or facing painful situations they often cannot wade through entire books or wait for counseling appointments to get some relief Don Ferguson has created a hands on guide for couples who want more out of their relationship Filled with keen insight sage advice and subtle humor The Couples Manual draws on the author s extensive experience with helping couples work together to create the relationship they want but that eludes them due to the myriad challenges all couples face If you re ready to dig in and help your relationship thrive The Couples Manual is a fabulous resource Henry Emmons MD author of The Chemistry of Joy and The Chemistry of Calm
