

The background of the cover is a monochromatic purple-tinted image of a Renaissance painting. It depicts a man with a long, dark beard and hair, wearing a dark robe, looking towards the right. In the foreground, a woman's face is visible, looking down. Her hands are positioned near a small, ornate object on a surface. The overall style is characteristic of 16th-century Italian portraiture.

J. P. Lowe, 1998 [Marriage Litigation in the Western Church, 1215-1517](#) Wolfgang P. Müller, 2021-09-16 Examines how late medieval church courts were used for marriage cases and how this varied dramatically across Europe *Women, Sex and Marriage in Early Modern Venice* Daniela Hacke, 2017-05-15 Women Sex and Marriage in Early Modern Venice is the first study to investigate systematically the moral policies of both Church and State in the age of Counter Reformation confessionalisation in Venice Examining ecclesiastical and civil lawsuits related to illicit sex broken marriage promises and disrupted marriages of artisan and ordinary women and men Daniela Hacke can convincingly show how central sexual morality was to the patriarchal society of sixteenth and seventeenth century Venice Drawing on a wide range of archival sources the author skilfully reconstructs what gender difference meant in daily life in courtship rituals marital disputes and in sexual relations In the streets and in the courts women and men fought not only over proper gender behaviour within and outside marriage but also about the meaning of conjugality and of domestic patriarchy Neighbours played an active role in mediating between distressed partners and between children and parents Their interventions and perceptions reveal much about the moral values and the networks of support within a fascinatingly heterogeneous community such as early modern Venice The study makes important contributions to the fields of gender history social history and the history of crime and sexuality *Women and Gender in Medieval Europe* Margaret Schaus, 2006 Publisher description **Sex, Gender, and Illegitimacy in the Castilian Noble Family, 1400-1600** Grace E. Coolidge, 2022-12 Honorable Mention for the 2022 SSEMWG Book Award Sex Gender and Illegitimacy in the Castilian Noble Family 1400 1600 looks at illegitimacy across the fifteenth and sixteenth centuries and analyzes its implications for gender and family structure in the Spanish nobility a class whose actions structure and power had immense implications for the future of the country and empire Grace E Coolidge demonstrates that women and men were able to challenge traditional honor codes repair damaged reputations and manipulate ideals of marriage and sexuality to encompass extramarital sexuality and the nearly constant presence of illegitimate children This flexibility and creativity in their sexual lives enabled members of the nobility to repair strengthen and maintain their otherwise fragile concept of dynasty and lineage using illegitimate children and their mothers to successfully project the noble dynasty into the future even in an age of rampant infant mortality that contributed to the frequent absence of male heirs While benefiting the nobility as a whole the presence of illegitimate children could also be disruptive to the inheritance process and the entire system privileged noblemen and their aims and goals over the lives of women and children This book enriches our understanding of the complex households and families of the Spanish nobility challenging traditional images of a strict patriarchal system by uncovering the hidden lives that made that system function *Convent Theatre in Early Modern Italy*

Elissa B. Weaver, 2002-04-04 This book is a study of convent theatre in Italy an all female tradition Widespread in the early modern period but virtually forgotten today this activity produced a number of talented dramatists and works worthy of remembrance Convent authors actresses and audiences especially in Tuscan houses the plays written and produced and what these reveal about the lives of convent women are the focus of this book Beginning with the earliest known performances of miracle and mystery plays sacre rappresentazioni in the late fifteenth century the book follows the development in the convents at the turn of the sixteenth century of spiritual comedy and of a variety of dramatic forms in the seventeenth century Convent theatre both reflected the high level of literacy among convent women and contributed to it and it attested to the continuing close contact between the secular world and the convents even in the Post Tridentine period Women in Medieval Europe Jennifer Ward, 2014-06-11 Women in Medieval Europe were expected to be submissive but such a broad picture ignores great areas of female experience Between the thirteenth and fifteenth centuries women are found in the workplace as well as the home and some women were numbered among the key rulers saints and mystics of the medieval world Opportunities and activities changed over time and by 1500 the world of work was becoming increasingly restricted for women Women of all social groups were primarily engaged with their families looking after husband and children and running the household Patterns of work varied geographically In the northern towns women engaged in a wide range of crafts with a small number becoming entrepreneurs Many of the poor made a living as servants and labourers Prostitution flourished in many medieval towns Some women turned to the religious life and here opportunities burgeoned in the thirteenth century The Middle Ages are not remote from the twenty first century the lives of medieval women evoke a response today The medieval mother faced similar problems to her modern counterpart The sheer variety of women s experience in the later Middle Ages is fully brought out in this book Regional Variations in Matrimonial Law and Custom in Europe, 1150-1600 Mia Korpiola, 2011-12-09 The book approaches medieval marriage law and custom from a comparative perspective Although concentrating on source material from one region some articles discuss the regionality and universality of matrimonial practices and norms Others compare several regions **The Sacred Home in Renaissance Italy** Abigail Brundin, Deborah Howard, Mary Laven, 2018-07-12 The Sacred Home in Renaissance Italy explores the rich devotional life of the Italian household between 1450 and 1600 Rejecting the enduring stereotype of the Renaissance as a secular age this interdisciplinary study reveals the home to have been an important site of spiritual revitalization Books buildings objects spaces images and archival sources are scrutinized to cast new light on the many ways in which religion infused daily life within the household Acts of devotion from routine prayers to extraordinary religious experiences such as miracles and visions frequently took place at home amid the joys and trials of domestic life from childbirth and marriage to sickness and death Breaking free from the usual focus on Venice Florence and Rome The Sacred Home investigates practices of piety across the Italian peninsula with particular attention paid to the city of Naples the Marche and the Venetian mainland It also

looks beyond the elite to consider artisanal and lower status households and reveals gender and age as factors that powerfully conditioned religious experience Recovering a host of lost voices and compelling narratives at the intersection between the divine and the everyday The Sacred Home offers unprecedented glimpses through the keyhole into the spiritual lives of Renaissance Italians **Public Justice and the Criminal Trial in Late Medieval Italy** Joanna Carraway

Vitiello,2016-02-02 In Public Justice and the Criminal Trial in Late Medieval Italy Reggio Emilia in the Visconti Age Joanna Carraway Vitiello examines the criminal trial at the end of the fourteenth century Inquisition procedure in which a powerful judge largely controlled the trial process was in regular use in the criminal court at Reggio Yet during the period considered in this study technical procedural developments combined with the political realities of the town to create a system of justice that prosecuted crime but also encouraged dispute resolution Following the stages of the process including investigation denunciation the weighing of evidence and the verdict this study investigates the court s complex role as a vehicle for both personal justice and prosecution in the public interest *Finding the Family in Medieval and Early Modern Scotland*

Elizabeth Ewan,Janay Nugent,2017-03-02 In this interdisciplinary collaboration an international group of scholars have come together to suggest new directions for the study of the family in Scotland circa 1300 1750 Contributors apply tools from across a range of disciplines including art history literature music gender studies anthropology history and religious studies to assess creatively the broad range of sources which inform our understanding of the pre modern Scottish family A central purpose of this volume is to encourage further studies in this area by highlighting the types of sources available as well as actively engaging in broader historiographical debates to demonstrate how important and effective family studies are to advancing our understanding of the past Articles in the first section demonstrate the richness and variety of sources that exist for studies of the Scottish family These essays clearly highlight the uniqueness feasibility and value of family studies for pre industrial Scotland The second and third sections expand upon the arguments made in part one to demonstrate the importance of family studies for engaging in broader historiographical issues The focus of section two is internal to the family These articles assess specific family roles and how they interact with broader social forces issues In the final section the authors explore issues of kinship ties an issue particularly associated with popular images of Scotland to examine how family networks are used as a vehicle for social organization **The Renaissance of Marriage in Fifteenth-Century Italy**

Anthony F. D'Elia,2004 Weddings in 15th century Italian courts were grand sumptuous affairs often requiring guests to listen to lengthy orations given in Latin D Elia shows how Italian humanists used these orations to support claims of legitimacy and assertions of superiority among families jockeying for power as well as to advocate for marriage and sexual pleasure

Gender and Family Networks in Early Modern Italy Megan Moran,2025-10-01 Women from the Ricasoli and Spinelli families formed a wide variety of social networks within and beyond Florence through their letters as they negotiated interpersonal relationships and lineage concerns to actively contribute to their families in early modern Italy Women were

located at the center of social networks through their work in bridging their natal and marital families cultivating commercial contacts negotiating family obligations and the demands of religious institutions facilitating introductions for family and friends and forming political patronage ties This book argues that a network model offers a framework of analysis in which to deconstruct patriarchy as a single system of institutionalized dominance in early modern Italy Networks account for female agency as an interactive force that shaped the kinships ties affective relationships material connections and political positions of these elite families as women constructed their own narratives and negotiated their own positions in family life

Time, Space, and Women's Lives in Early Modern Europe Anne Jacobson Schutte, Thomas Kuehn, Silvana Seidel Menchi, 2001-09-01 This collection offers a variety of approaches to aspects of women's lives It moves beyond men's prescriptive pronouncements about female nature to women's lived experiences replacing the singular woman with plural women and illuminating female agency The contributors show that women's lives changed over the life course and differed according to region and social class They also demonstrate that in the early modern period the largely private spaces in women's lives were not enclosed worlds isolated from the public spaces in which men operated Contributors to this important collection are leading international scholars and offer strong substantial and archival based research
