## **Marriage Magic Find It Keep It Make It Last:**

*Marriage Magic!* Karen Sherman, Dale Klein, 2004-08 MARRIAGE MAGIC Find It Keep It Make It Last is a refreshingly unique self help book that speaks to those couples who stay together but whose relationship has become stale and flat While many self help books focus on teaching good communication skills these authors unique approach is to identify something that is missing in the readers relationship We have discovered in our respective practices that to gain a sense of authenticity people must first become aware of their own emotions and deal with them This allows communication to truly serve its purpose without the burden of emotional barriers So often the couples that stay unhappily married feel lost in their relationship with no sense of how they got where they are and no idea where to go next It is as though they have set out on a journey and have lost their bearings with no map to get them back on course As one or both partners read MARRIAGE MAGIC with each ensuing chapter they will begin to see their journey come into focus As a psychologist and a communications expert we have each provided valuable tools to help people function in day to day situations offering a renewed sense of hope

**Make Yourself Gods** Peter Coviello, 2024-05-31 From the perspective of Protestant America nineteenth century Mormons were the victims of a peculiar zealotry a population deranged socially sexually even racially by the extravagances of belief they called religion Make Yourself Gods offers a counter history of early Mormon theology and practice tracking the Saints from their emergence as a dissident sect to their renunciation of polygamy at century s end Over these turbulent decades Mormons would appear by turns as heretics sex radicals refugees anti imperialists colonizers and

eventually reluctant monogamists and enfranchised citizens Reading Mormonism through a synthesis of religious history political theology native studies and queer theory Peter Coviello deftly crafts a new framework for imagining orthodoxy citizenship and the fate of the flesh in nineteenth century America What emerges is a story about the violence wild beauty and extravagant imaginative power of this era of Mormonism an impassioned book with a keen interest in the racial history of sexuality and the unfinished business of American secularism , *The Magic of Faith* Arthur J Levine,2004-12

**"Matter of Glorious Trial"** N. K. Sugimura, 2009-01-01 This groundbreaking book the first to examine Milton's thinking about matter and substance throughout his entire poetic career seeks to alter the prevailing critical view that Milton was a monist materialist one who believes that all things are composed of material and all phenomena including consciousness are the result of material interactions Based on her close study of the philosophical movements of Milton's mind Sugimura discovers the fluid intermediaries in his poetry that are neither strictly material nor immaterial In doing so Sugimura uses *Paradise Lost* as a fascinating window into the intersection of literature and philosophy and of literary studies and intellectual history Sugimura finds that Milton displays a tense and ambiguous relationship with the idealistic dualism of Plato and the materialism of Aristotle and she argues for a more nuanced interpretation of Milton's metaphysics
