

The background of the book cover is a vibrant, abstract illustration. It features a deep blue sky at the top, transitioning into a bright orange and yellow horizon. Below the horizon, there are stylized, wavy lines in shades of blue and white, suggesting water or clouds. In the lower center, a family of four is depicted: a man in a dark jacket and red pants, a woman in a red dress, and two children, one in a grey shirt and the other in a blue shirt. They are standing on a green, grassy patch and holding hands, looking out towards the horizon. The overall mood is hopeful and contemplative.

*Voices from the Pagan Census* Helen A. Berger, Evan A. Leach, Leigh S. Shaffer, 2021-11-24 A compelling portrait of an emerging religious group *Voices from the Pagan Census* provides unprecedented insight into the expanding but largely unstudied religious movement of Neo Paganism in the United States Helen A Berger Evan A Leach and Leigh S Shaffer present the findings of The Pagan Census which was created and distributed by Berger and Andras Corban Arthen of the Earthspirit Community Analyzing the most comprehensive and largest scale survey of Neo Pagans to date the authors offer a portrait of this emerging religious community including an examination of Neo Pagan political activism educational achievements family life worship methods experiences with the paranormal and beliefs about such issues as life after death A collection of religious groups whose practices evolved from Great Britain's Wicca movement of the 1940s Neo Paganism spread to the United States in the 1960s While the number of people who identify themselves with the religion has continued to rise quantitative study of Neo Paganism has been difficult given the movement's lack of centralized leadership and doctrine and its development as scattered independent groups and individuals Endorsed by all major Neo Pagan leaders The Pagan Census generated a demographically diverse response In contrast to most previous surveys which were limited to Neo Pagan festivals this survey incorporates input from the large population of practitioners who do not participate in such events Keenly anticipated by the academic and Neo Pagan communities the results of the census provide the most in depth information about the group yet assembled Comparing Neo Pagans with American society at large Berger Leach and Shaffer show that although the two groups share certain statistical characteristics there are differences as well The scholars also identify variations within the Neo Pagan population including those related to geography and to the movement's multiple spiritual paths      **The Routledge Handbook of Family Communication** Anita L.
