Cassidy, Elizabeth Finch, Randall R. Griffey, 2017-03-13 Marsden Hartley had a lifelong personal and aesthetic engagement with Maine where he was born in 1877 and where he died at age sixty six As an important member of the artistic circle promoted by Alfred Stieglitz Hartley began his career by painting the mountains of western Maine He subsequently led a peripatetic life traveling throughout Europe and North America and only occasionally visiting his native state By midlife however his itinerant existence had taken an emotional toll and he confided to Stieglitz that he wanted so earnestly a place to be Finally returning to the state in his later years he transformed his identity from urbane sophisticate to the painter from Maine But while Maine has played a clear and defining role in Hartley's art not until now has this relationship been studied with the breadth and richness it warrants p p1 margin 0 0px 0 0px 0 0px font 14 0px Verdana Marsden Hartley's Maine is the first in depth discussion of Hartley's complex and shifting relationship to his native state Illustrated with works from throughout the painter's career it provides a nuanced understanding of Hartley's artistic range from the exhilarating Post Impressionist landscapes of his early years to the late roughly rendered paintings of Maine and its people The absorbing essays examine Hartley's view of Maine as a place of light and darkness whose spirit imbued his art which encompassed buoyant coastal views mournful mountain vistas and portraits of Mainers An illustrated chronology provides an overview of Hartley's life juxtaposing major personal incidents with concurrent events in Maine's history For Hartley who was strongly influenced by such artists as Paul Cézanne Winslow Homer and Albert Pinkham Ryder Maine was an enduring source of inspiration one powerfully intertwined with his past his cultural milieu and his desire to create a regional expression of American modernism **Marsden Hartley** Wadsworth Atheneum Museum of Art, Hartford, Connecticut, Marsden Hartley, Elizabeth Mankin Kornhauser, Ulrich Birkmaier, Patricia McDonnell, 2002-01-01 Marsden Hartley 1877 1943 was a painter poet writer and pioneer of American modernism Born in Lewiston Maine he lived a peripatetic life working in Paris Berlin New York Mexico New Mexico Bermuda and elsewhere before returning to Maine in 1934 This superbly illustrated book encompasses the extraordinary range and depth of Hartley's creative output Some one hundred and five of his works landscapes still lifes portraits and abstract paintings demonstrate the visual power for which Hartley gained acclaim as well as the development of his art over the

Marsden Hartley Townsend Ludington,1998 A penetrating biography Ludington offers a psychological portrait of an intense contradictory scornful but gentle man who transcended his nineteenth century roots in Lewiston Maine to view Europe as his home and to make a distinctive contribution to modernism Kirkus Reviews Drawing on Hartley s letters and other writings as well as on the correspondence and reminiscences of the artist s friends Ludington traces the restless career of the painter Hartley had troubled friendships with some of the most important artists and writers of his day Gertrude Stein William Carlos Williams Fairfield Porter Eugene O Neill Georgia O Keeffe and others His relationship with Alfred Stieglitz who supported him financially and exhibited his work runs like a leitmotif through the book and indicates Hartley s character demanding touchy often ungrateful but also compelling This frank and unsentimental account of a life of contradictions and paradoxes returns one to the artist s paintings with a fresh eye Publishers Weekly Marsden Hartley 1877 1943 had a virtually unique role as a modernist painter He was notable not only for his powerful canvases but for his poetry and essays Townsend Ludington s astute portrait of the artist focuses upon his cosmopolitan sensibility in a generation melding modern art with an American tradition of mystical idealism Ludington views Hartley as an essential American artist embarked on a spiritual odyssey Robert Taylor Boston Globe

Marsden Hartley and the West Heather Hole,Georgia O'Keeffe Museum,2007-01-01 A revelatory look at Hartley s New Mexico landscapes and the darker side of postwar American modernism Considered to be among the greatest early American modernists the painter Marsden Hartley 1877 1943 traveled the United States and Europe in his search for a distinctive American aesthetic His stay in New Mexico resulted in an extraordinary series of landscape paintings created in New Mexico New York and Europe between 1918 and 1924 that show an evolution in style and thinking that is important for understanding both Hartley s oeuvre and American modernism in the postwar years Marsden Hartley and the West examines this pivotal stage of the painter s career drawing upon his writings and providing illustrations of rarely seen and previously unpublished works The author considers Hartley s involvement with the Stieglitz circle and its soil and spirit philosophy the Taos art colony New York Dada and the impact of historical events such as World War I Within this setting she analyzes the pastels and oil paintings that suggest Hartley s increasingly ambivalent response to the land Beginning with optimistic naturalistic views the New Mexico works grew progressively darker and more tumultuous increasingly reflecting a sense of loss brought on by war The paintings become a site where the landscapes of memory self and nation merge while

reflecting broader modernist debates about American ness and a usable past **Renegade Regionalists** James M. Dennis,1998 **Representation, Heterodoxy, and Aesthetics** Ashley Marshall,2014-12-23 The chapters constituting this book are different in subject and method striking testimony to the range of Paulson s interests and the versatility of his critical powers In his prolific career he has produced extensive analysis of art poetry fiction and aesthetics produced in England between 1650 and 1830 Paulson s unique contribution has to do with his understanding of seeing and reading as closely related enterprises and popular forms in art and literature as intimately connected connections illustrated by literary critics and art historians here Every essay shares some of the concerns and methods that characterize Paulson s wonderfully idiosyncratic thought except for the final essay an attempt systematically to analyze Paulson s critical principles and methods Recurrent themes are a concern with satire in the eighteenth century a connection between verbal and visual reading an insistence on the importance of individual artistic choices to the history of culture an attention to the aims and motives of individual makers of art and a sensitivity to the crucial links between high and low art This volume offers rich explorations of a range of subjects Swift s relationship to Congreve Zoffany s condemnation of Gillray and Hogarth and broader implications for the role of art in public discourse the presentation of mourning in the work of the Welsh artist and writer Edward Pugh G M Woodward s Coffee House Characters representing a turn from satire on morals towards satire on manners Adam Smith s evolving aesthetic program Samuel Richardson s notions of social reading The discussions represent a variety of exemplifications of the Paulsonesque showing a concern with satiric representation in mixed media with different forms of heterodoxy and iconoclasm and with the values of producers of popular and polite culture in this period **Bits & Pieces Put Together to Present a Semblance of a Whole** Walker Art Center,Joan Rothfuss,Elizabeth Carpenter,2005 One of the premier institutions of contemporary art in the country the Walker Art Center also holds an important collection of over 11 000 objects from the early twentieth century to the present These holdings reflect the Center s renowned multidisciplinary program and include paintings sculpture prints photography film video installations and digital arts that range in date from classic early Modernist to cutting edge contemporary **A Place in the Sun** Thomas Brent Smith,2016-01-20 Of the hundreds of foreign students who attended the Munich Art Academy between 1910 and 1915 Walter Ufer 1876 1936 and E Martin Hennings 1886 1956 returned to the United States to foster the development of a national art They ultimately established their reputations in the American Southwest The two German American artists shared much in common and both would gain membership in the celebrated Taos Society of Artists Featuring nearly 150 color plates and historical photographs A Place in the Sun is a long overdue tribute to the lives achievements and artistic legacy of these two important artists In tracing the lifelong friendship and intersecting careers of Ufer and Hennings the contributors to this volume explore the social and artistic implications of the artists German heritage and training Following their training in Munich both men hoped to build careers in the spirited art environment of Chicago Both were sponsored by wealthy businessmen

many of German descent The support of these patrons allowed Ufer and Hennings to travel to the American Southwest where they like so many other talented artists fell under the spell of Taos and its picturesque scenery They also encountered the region's Native peoples and Hispanic culture that inspired many of their paintings Despite their mutual interests Ufer and Hennings were not identical by any means Each artist had a distinct artistic style and as the essays in this volume reveal the two men could not have had more different personalities or career trajectories Connoisseurs of southwestern art have long admired the masterworks of Ufer and Hennings By offering a rich sampling of their paintings alongside informative essays by noted art historians *A Place in the Sun* ensures that their significant contributions to American art will be long remembered *A Place in the Sun* is published in cooperation with the Denver Art Museum **George Platt Lynes** Allen

Scribner Ames, 1972 *Marsden Hartley* Marsden Hartley, 1969 *Mission Underway* Ray Broadus Browne, 2002 The history of the study of popular culture in American academic since its re introduction in 1967 is filled with misunderstanding and opposition From the first proponents of the study of this major portion of American culture made clear that they were interested in making popular culture a supplement to the usual courses in such fields as literature sociology history philosophy and the other humanities and social sciences nobody proposed that study of popular culture replace the other disciplines but many suggested that it was time to reexamine the accepted courses and see if they were still viable

Opposition to the status quo always causes anxiety and opposition but when the issues are clarified often opposition and anxiety melt away as they are now doing *Painting Gender, Constructing Theory* Marcia Brennan, 2001 Focusing on the key historical criticism and art works Brennan shows how the identities of all five Stieglitz circle artists were presented in terms of the masculinity and femininity and the heterosexuality and homosexuality thought to be embedded in their work Brennan also discusses Stieglitz's relation to competing artistic and critical movements including Thomas Hart Benton's regionalist art and Clement Greenberg's reformulation of formalism Jacket
