Martheles Soeurs Vatard:

Reality and Illusion in the Novels of J.-K. Huysmans Ruth B. Antosh, 2023-10-16 **Beyond the Paradox of the Nostalgic Modernist** Elisabeth M. Donato, 2004 This investigation of J K Huysmans representation of temporality sheds light on the complex and paradoxical nature of this late nineteenth century novelist and art critic who was a modernist steeped in nostalgia as well as a nostalgic steeped in modernity To unveil and understand the mechanisms and logic of this paradox Elisabeth M Donato examines Huysmans characters dealings with measured time and schedules investigates the failure of des Esseintes aesthetic experiment and relates the novelist s construct of spiritualist naturalism to his increasingly frequent and intense longings for his own medieval utopia Donato s new perspective onto the intricate relationship between modernity and nostalgia underscores Huysmans firm and very modern stance rebours of commonality in his never ending search for a solution to his dilemma *The Mirror of Divinity* Robert Ziegler, 2004-05 Using a multidisciplinary approach this book argues that the operation of art as mirror is the key to the hidden unity of Huysmans fiction The author claims that only the elimination of Huysmans stylistic distortions enabled his art finally to become faithful and clear **The Reader's Digest of Books** Helen Rex Keller, 1917 *The Living Age* , 1918 **The Universal Anthology** Richard Garnett, 1899

Aesthetes and Decadents of the 1890s Karl Beckson, 2005-08-30 The Aesthetic and Decadent Movement of the late 19th century spawned the idea of Art for Art s Sake challenged aesthetic standards and shocked the bourgeoisie From Walter Pater s study *The Renaissance to Salome* the truly decadent collaboration between Oscar Wilde and Aubrey Beardsley Karl Beckson has chosen a full spectrum of works that chronicle the British artistic achievement of the 1890s In this revised edition of a classic anthology *The Ballad of Reading Gaol* has been included in its entirety the bibliography has been completely updated Professor Beckson s notes and commentary have been expanded from the first edition published in 1966 The so called Decadent or Aesthetic period remains one of the most interesting in the history of the arts The poetry and prose of such writers as Yeats Wilde Symons Johnson Dowson Barlas Pater and others are included in this collection along with sixteen of Aubrey Beardsley s drawings **London Quarterly Review** , 1918 **Littell's Living Age** , 1918 *Arthur Symons* Roger Holdsworth, 2020-10-28 Arthur William Symons 1865 1945 is a haunting poet of the modern city catching its dangerous complex beauty in works that first introduced the imagery of the urban underworld into English poetry He was a champion of the French Symbolists Yeats Pound and Eliot acknowledged their debt to him and were influenced by his sense of the city as the essential landscape of modernity As a poet and critic in his own right though Symons has come into his own in recent years This selection is taken from the full range of Symons poetry and prose revealing an experimental writer exploring art literature and music Roger Holdsworth s introduction sets Symons in his context as both an 1890s Decadent and a precursor of Modernism *Struggle for the Soul of the French Novel* Michael Scott, 1989-06-18 This book describes the challenge to traditional Christian beliefs that was inherent in the very concept of literary Realism and presents the

Catholic novel as a series of conscious adaptations of Realist techniques and models Authors studied include Flaubert Bernanos and Mauriac

Edmond de Goncourt and the Novel Katherine Ashley, 2021-11-22 Edmond de Goncourt's four solo novels are not simply extensions of the Goncourt brothers' joint project but attempts to deviate from the Naturalism with which their name had come to be associated By analysing paratexts the relationship between documentation and fiction as well as plot devices and themes this study links the evolution of Goncourt's fiction to wider literary debates surrounding Naturalism Decadence and the renewal of the novel in fin de siècle France In bringing Goncourt's writings to an English speaking public it will be of interest to students and scholars of the literary history of late nineteenth century France *The Portrait of the Contemporary Era in Huysmans' Fiction* James Christopher Babcock, 1971 [The Cambridge Introduction to French Literature](#) Brian Nelson, 2015-06-05 In this highly accessible introduction Brian Nelson provides an overview of French literature its themes and forms traditions and transformations from the Middle Ages to the present Major writers including Francophone authors writing from areas other than France are discussed chronologically in the context of their times to provide a sense of the development of the French literary tradition and the strengths of some of the most influential writers within it Nelson offers close readings of exemplary passages from key works presented in English translation and with the original French The exploration of the work of important writers including Villon Racine Molière Voltaire Balzac Flaubert Zola Proust Sartre and Beckett highlights the richness and diversity of French literature

The Painting of Modern Life T.J. Clark, 2017-06-28 From T.J. Clark comes this provocative study of the origins of modern art in the painting of Parisian life by Édouard Manet and his followers The Paris of the 1860s and 1870s was a brand new city recently adorned with boulevards cafés parks Great Exhibitions and suburban pleasure grounds the birthplace of the habits of commerce and leisure that we ourselves know as modern life A new kind of culture quickly developed in this remade metropolis sights and spectacles avidly appropriated by a new kind of consumer clerks and shopgirls neither working class nor bourgeois inventing their own social position in a system profoundly altered by their very existence Emancipated and rootless these men and women flocked to the bars and nightclubs of Paris went boating on the Seine at Argenteuil strolled the island of La Grande Jatte enacting a charade of community that was to be captured and scrutinized by Manet Degas and Seurat It is Clark's cogently argued and profusely illustrated thesis that modern art emerged from these painters' attempts to represent this new city and its inhabitants Concentrating on three of Manet's greatest works and Seurat's masterpiece Clark traces the appearance and development of the artists' favorite themes and subjects and the technical innovations that they employed to depict a way of life which under its liberated pleasure seeking surface was often awkward and anxious Through their paintings Manet and the Impressionists ask us and force us to ask ourselves Is the freedom offered by modernity a myth Is modern life heroic or monotonous

glittering or tawdry spectacular or dull The Painting of Modern Life illuminates for us the ways both forceful and subtle in which Manet and his followers raised these questions and doubts which are as valid for our time as for the age they portrayed , Encyclopaedia Britannica ,1902 *Mary Berenson Diaries 01 1891-1900* Mary Berenson,2024-03-31
