Literary Communication as Dialogue Roger D. Sell,2020-11-15 As traced by Roger D Sell literary communication is a process of community making As long as literary authors and those responding to them respect each other s human autonomy literature flourishes as an enjoyable though often challenging mode of interaction that is truly dialogical in spirit This gives rise to author respondent communities whose members represent existential commonalities blended together with historical differences These heterogeneous literary communities have a larger social significance in that they have long served as counterweights to the hegemonic tendencies of modernity and more recently to postmodernity s well intentioned but restrictive politics of identity In post postmodern times their ethos is increasingly one of pleasurable egalitarianism The despondent anti hedonism of the twentieth century intelligentsia can now seem rather dated Some of the papers selected for

this volume develop Sell s ideas in mainly theoretical terms But most of them offer detailed criticism of particular anglophone writers ranging from Shakespeare Ben Jonson and other poets and dramatists of the early modern period through Wordsworth and Coleridge to Dickens Pinter and Rushdie      *The Neo-Latin Epigram* Susanna de Beer, K. A. E. Enenkel, David Rijser, 2009 The epigram is certainly one of the most intriguing while at the same time most elusive genres of Neo Latin literature From the end of the fifteenth century almost every humanist writer who regarded himself a true poeta had composed a respectable number of epigrams Given our sense of poetical aesthetics be it idealistic postidealistic modern or postmodern the epigrammatic genre is difficult to understand Because of its close ties with the historical and social context it does not fit any of these aesthetic approaches By presenting various epigram writers collections and subgenres from the fifteenth to the seventeenth century this volume offers a first step toward a better understanding of some of the features of humanist epigram literature      *The Epigrams of Sir John Harington* Sir John Harington, 2009 This is the first complete edition of Harington s Epigrams Based solely on the three manuscripts arranged and revised by the author it reveals Harington s elaborate theological and political design which the distortions of posthumous editions have concealed for four centuries With an extensive introduction commentary and critical apparatus and a text that highlights Harington s own revisions this volume enables the reader for the first time to see Harington s Epigrams as an intricate and complex work of art      **Ancient Roman Sports, A-Z** David Matz, 2019-10-31 Chariot races Gladiatorial combat Fishing Hunting Swimming The ancient Romans enjoyed these sports sometimes with fanatical enthusiasm This reference book contains more than 100 entries covering sporting events and activities of the era and the Romans who sponsored competed in and attended them Charioteer Appuleius Diocles in a career spanning 24 years competed in 4 257 races winning an astounding 1 462 of them Alypius the young friend of St Augustine was both drawn to and repulsed by gladiatorial battles and struggled to shake his mania for the spectacle of blood sport Brief abstracts of the entries are included for quick reference along with an expansive glossary and biographical notes on the ancient authors cited      *Epigrams* Martial, 1993 It was to celebrate the opening of the Roman Colosseum in A D 80 that Martial published his first book of poems On the Spectacles Written with satiric wit and a talent for the memorable phrase the poems in this collection record the broad spectacle of shows in the new arena The great Latin epigrammatist s twelve subsequent books capture the spirit of Roman life both public and private in vivid detail Fortune hunters and busybodies orators and lawyers schoolmasters and street hawkers jugglers and acrobats doctors and plagiarists beautiful slaves and generous hosts are among the diverse characters who populate his verses Martial is a keen and sharp tongued observer of Roman Society His pen brings into crisp relief a wide variety of scenes and events the theater and public games life in the countryside a rich debauchee s banquet lions in the amphitheater the eruption of Vesuvius The epigrams are sometimes obscene in the tradition of the genre sometimes warmly affectionate or amusing and always pointed Like his contemporary Statius though Martial shamelessly flatters his patron Domitian one of Rome s worst

reputed emperor D R Shackleton Bailey now gives us in three volumes a reliable modern translation of Martial's often difficult Latin eliminating many misunderstandings in previous versions The text is mainly that of his highly praised Teubner edition of 1990
