Helmut Gollwitzer was a direct heir of the theological legacy of the great Protestant theologian Karl Barth More than any of Barth's other interpreters Gollwitzer embraced and extended the sociopolitical impulses and implications within Barth's theology In this Gollwitzer embodies a salient and necessary alternative in the American context of increasingly intertwined theological and political discourses This volume the first book length study of Gollwitzer available in English provides a helpful introduction to the life theology and political thought of this crucial theologian and public intellectual **Karl Barth in the Theology of Dietrich Bonhoeffer** Andreas Pangritz, 2018-09-28 This important work explores the complex relationship between two of the twentieth century's most formidable Christian thinkers Karl Barth and Dietrich Bonhoeffer Seizing on a much discussed criticism that Bonhoeffer made of Barth's theology in his prison letters that Barth was guilty of a positivism of revelation Andreas Pangritz challenges scholars who have used this statement despite being left undeveloped by Bonhoeffer as a wedge to separate the two theologians Through a careful study of Barth's and Bonhoeffer's works of their correspondence and of Barth's comments and revisions after Bonhoeffer's death Pangritz clarifies the close yet sometimes strained relationship between Barth and Bonhoeffer and cautiously makes the case that Bonhoeffer's criticism has been overemphasized and did not mark a significant breach between the two great theologians Much more than a study of a disputed discourse in historical theology this engaging volume also raises concerns of continuing relevance regarding the role of theology in our secular society International Handbook of Philosophy of Education Paul Smeyers, 2018-06-09 This handbook presents a comprehensive introduction to the core areas of philosophy of education combined with an up to date selection of the central themes It includes 95 newly commissioned articles that focus on and advance key arguments each essay incorporates essential background material serving to clarify the history and logic of the relevant topic examining the status quo of the discipline with respect to the topic and discussing the possible futures of the field The book provides a state of the art overview of philosophy of education covering a range of topics Voices from the present and the past deals with 36 major figures that philosophers of education rely on Schools of thought addresses 14 stances including Eastern Indigenous and African philosophies of education as well as religiously inspired philosophies of education such as Jewish and Islamic Revisiting enduring educational debates scrutinizes 25 issues heavily debated in the past and the present for example care and justice democracy and the curriculum New areas and developments addresses 17 emerging issues that have garnered considerable attention like neuroscience videogames and radicalization The collection is relevant for lecturers teaching undergraduate and graduate courses in philosophy of education as well as for colleagues in teacher training Moreover it

helps junior researchers in philosophy of education to situate the problems they are addressing within the wider field of philosophy of education and offers a valuable update for experienced scholars dealing with issues in the sub discipline Combined with different conceptions of the purpose of philosophy it discusses various aspects using diverse perspectives to do so Contributing Editors Section 1 Voices from the Present and the Past Nuraan Davids Section 2 Schools of Thought Christiane Thompson and Joris Vlieghe Section 3 Revisiting Enduring Debates Ann Chinnery Naomi Hodgson and Viktor Johansson Section 4 New Areas and Developments Kai Horsthemke Dirk Willem Postma and Claudia Ruitenberg
