Martyrs And Metaphors:

The Background And Contents Of Paul's Cultic Atonement Metaphors Stephen Finlan,2004 This examination of Gentile and Jewish religious and literary descriptions of sacrificial and expulsion rituals provides a useful background to the study of Paul's metaphorical use of sacrifice and scapegoat to characterize the significance of the death of Jesus In addition to offering an overview of Paul's use of cultic metaphors and an assessment of Paul's synthesis of martyrology and cultic metaphor this work shows how Paul uses still other metaphors acquittal reconciliation adoption to picture the beneficial after effects of that death Paperback edition is available from the Society of Biblical Literature www.sbl-site.org

The Last Times Joseph Augustus Seiss,1878 *The Last Times and the Great Consummation* Joseph Augustus Seiss,1863 *The Roots of Metaphor* Norman Kreitman,2019-05-23 First published in 1999 this study begins with a review of basic biological functions stressing the importance to the organism of various kinds of information The biology of information must consider how the brain reacts to new as contrasted with expected inputs these differences are discussed chiefly in relation to language In language processing predictability is of prime importance but to clarify what this entails it is necessary to consider just how our concepts are organized Personal construct theory throws considerable light on this question but is less informative about fantasy which requires separate exploration The main chapter focuses on the origins and interpretation of metaphor in which quite disparate concepts are united but which we understand nevertheless Existing theories of metaphor are unsatisfactory but personal construct theory again helps resolve the psychological linguistic issues Finally the question is raised as to why a good metaphor produces a response which is recognizably aesthetic in character and its implications for our aesthetic responses to other art forms are explored

Fire Metaphors Jonathan Charteris-Black,2016-11-17 This detailed study of fire metaphors provides a deep understanding of the purposeful work of metaphor in discourse It analyses how and why fire metaphors are used in discourses of awe mythology and religion and authority political speeches and media reports Fire serves as a productive and salient lexical field for metaphors that seek to create awe and impose authority These metaphors offer a rich linguistic and conceptual resource for authors of mythologies theologies literature speeches and journalism and provide insight into the rich interplay of thought language and culture This book explores the purpose of fire metaphors in genres ranging from the Norse sagas to religious texts from Shakespeare to British and American political speeches Ultimately it arrives at an understanding of the rhetorical work that metaphor accomplishes in communicating evaluations and ideologies

Wounds, Flesh, and Metaphor in Seventeenth-Century England S. Covington,2009-08-31 *Wounds Flesh and Metaphor in Seventeenth Century England* explores the theme of physical and symbolic woundedness in mid seventeenth century English literature This book demonstrates the ways in which writers attempted to represent the politically and religiously fractured state of the time and re imagined the nation through language and metaphor in the process By examining the creative permutations of the wound metaphor Covington argues for the centrality of the charged

imagery and language itself in shaping the self representations of an age Metaphors of Confinement Monika Fludernik, 2019-08-13 Metaphors of Confinement The Prison in Fact Fiction and Fantasy offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods **Martyrdom, Mysticism and Dissent** Asghar Seyed-Gohrab, 2021-08-23 This book is the first extensive research on the role of poetry during the Iranian Revolution 1979 and the Iran Iraq War 1980 1988 How can poetry especially peaceful medieval Sufi poems be applied to exalt violence to present death as martyrdom and to process war traumas Examining poetry by both Islamic revolutionary and established dissident poets it demonstrates how poetry spurs people to action even leading them to sacrifice their lives The book's originality lies in fresh analyses of how themes such as martyrdom and violence and mystical themes such as love and wine are integrated in a vehemently political context while showing how Shiite ritual such as the pilgrimage to Mecca clash with Saudi Wahhabi appreciations A distinguishing quality of the book is its examination of how martyrdom was instilled in the minds of Iranians through poetry employing Sufi themes motifs and doctrines to justify death Such inculcation proved effective in mobilising people to the front ready to sacrifice their lives As such the book is a must for readers interested in Iranian culture and history in Sufi poetry in martyrdom and war poetry Those involved with Middle Eastern Studies Iranian Studies Literary Studies Political Philosophy and Religious Studies will benefit from this book From his own memories and expert research the author gives us a ravishing account of a poetry stained with blood violence and death His brilliantly layered analysis of modern Persian poetry shows how it integrates political and religious ideology and motivational propaganda with age old mystical themes for the most traumatic of times for Iran Alan Williams Research Professor of Iranian Studies University of Manchester When Asghar Seyed Gohrab a highly prolific academician publishes a new book you can be certain he has paid attention to an exciting and largely unexplored subject Martyrdom Mysticism and

Dissent The Poetry of the 1979 Iranian Revolution and the Iran Iraq War 1980 1988 is no exception in the sense that he combines a few different cultural religious mystic and political aspects of Iranian life to present a vivid picture and thorough analysis of the development and effect of what became known as the revolutionary poetry of the late 1970s and early 1980s This time he has even enriched his narrative by inserting his voice into his analysis It is a thoughtful book and a fantastic read Professor Kamran Talattof University of Arizona

Adoption in Galatians and Romans Erin M. Heim,2017-03-06 In a new study on the Pauline adoption metaphors Erin Heim applies a wide array of contemporary theories of metaphor in a fresh exegesis of the four instances of adoption huiiothesia metaphors in Galatians and Romans Though many investigations into biblical metaphors treat only their historical background Heim argues that the meaning of a metaphor lies in the interanimation of a metaphor and the range of possible backgrounds it draws upon Using insights from contemporary theories Heim convincingly demonstrates that the Pauline adoption metaphors are instrumental in shaping the perceptions emotions and identity of Paul s first century audiences

The Metaphorical Use of Language in Deuterocanonical and Cognate Literature Markus Witte,Sven Behnke,2014-12-17 Metaphors are a vital linguistic component of religious speech and serve as a cultural indicator of how groups understand themselves and the world The essays compiled in this volume analyze the use function and structure of metaphors in Jewish writings from the Hellenistic Roman period including the works of Philo and the texts of Qumran as well as in apocryphal early Christian texts and inscriptions

The Corporeal Imagination Patricia Cox Miller,2012-02-28 With few exceptions the scholarship on religion in late antiquity has emphasized its tendencies toward transcendence abstraction and spirit at the expense of matter In The Corporeal Imagination Patricia Cox Miller argues instead that ancient Christianity took a material turn between the fourth and seventh centuries During this period Miller contends there occurred a major shift in the ways in which the human being was oriented in relation to the divine a shift that reconfigured the relationship between materiality and meaning in a positive direction The Corporeal Imagination is a groundbreaking investigation into the theological poetics of material substance in late ancient Christian texts From hagiographies to literary descriptions of sacred paintings to treatises on relics and theurgy Miller examines a wide variety of ancient texts to reveal how Christian writers increasingly described the matter of the world as invested with divine power By appealing to the reader s sensory imagination Christian texts endowed phenomena like relics saints bodies in hagiography and saints presence in icons with a visual and tactile presence The book draws on a variety of contemporary theoretical models to elucidate the significance of all these materials in ancient religious life and imagination

Argument is War: Relevance-Theoretic Comprehension of the Conceptual Metaphor of War in the Apocalypse Clifford Winters,2020-09-25 In Argument is War Relevance Theoretic Comprehension of the Conceptual Metaphor of War in the Apocalypse Clifford T Winters demonstrates that the apparent war in the Apocalypse is rather telling the story of the gospel how Christ will restore Israel and through them the rest of the world When Revelation is viewed through the corrective lens

of cognitive linguistics its violence becomes victory its violent characters become Christ and its bloody end becomes the blessed beginning of the New Jerusalem Revelation is simply telling the story of the early church the Gospels and Acts to the early church and it is using a conceptual metaphor ARGUMENT IS WAR to do it The Wiley Blackwell Companion to Christian Martyrdom Paul Middleton, 2020-04-06 A unique wide ranging volume exploring the historical religious cultural political and social aspects of Christian martyrdom Although a well studied and researched topic in early Christianity martyrdom had become a relatively neglected subject of scholarship by the latter half of the 20th century However in the years following the attack on the Twin Towers on September 11 2001 the study of martyrdom has experienced a remarkable resurgence Heightened cultural religious and political debates about Islamic martyrdom have in a large part prompted increased interest in the role of martyrdom in the Christian tradition The Wiley Blackwell Companion to Christian Martyrdom is a comprehensive examination of the phenomenon from its beginnings to its role in the present day This timely volume presents essays written by 30 prominent scholars that explore the fundamental concepts key questions and contemporary debates surrounding martyrdom in Christianity Broad in scope this volume explores topics ranging from the origins influences and theology of martyrdom in the early church with particular emphasis placed on the Martyr Acts to contemporary issues of gender identity construction and the place of martyrdom in the modern church Essays address the role of martyrdom after the establishment of Christendom especially its crucial contribution during and after the Reformation period in the development of Christian and European national building as well as its role in forming Christian identities in Asia Africa and the Americas This important contribution to Christian scholarship Offers the first comprehensive reference work to examine the topic of martyrdom throughout Christian history Includes an exploration of martyrdom and its links to traditions in Judaism and Islam Covers extensive geographical zones time periods and perspectives Provides topical commentary on Islamic martyrdom and its parallels to the Christian church Discusses hotly debated topics such as the extent of the Roman persecution of early Christians The Wiley Blackwell Companion to Christian Martyrdom is an invaluable resource for scholars and students of religious studies theology and Christian history as well as readers with interest in the topic of Christian martyrdom *Irish University Review* ,2004 Plowshares Kristen Tobey, 2016-09-01 In September 1980 eight Catholic activists made their way into a Pennsylvania General Electric plant housing parts for nuclear missiles Evading security guards these activists pounded on missile nose cones with hammers and then covered the cones in their own blood This act of nonviolent resistance was their answer to calls for prophetic witness in the Old Testament They shall beat their swords into plowshares and their spears into pruning hooks Nation shall not take up sword against nation they shall never again know war Plowshares explores the closely interwoven religious and social significance of the group s use of performance to achieve its goals It looks at the group s acts of civil disobedience such as that undertaken at the GE plant in 1980 and the Plowshares behavior at the legal trials that result from these protests Interpreting the Bible as a mandate to

enact God's kingdom through political resistance the Plowshares work toward symbolic disarmament with the aim of eradicating nuclear weapons Plowshares activists continue to carry out such divine obediences against facilities where equipment used in the production or deployment of nuclear weapons is manufactured or stored Whether one agrees or disagrees with their actions this volume helps us better understand their motivations logic identity and ultimate goal

Reading Colm Tóibín Paul Delaney, 2008 To date no full length studies of Colm Toibin's work have been published in Ireland or overseas and only a few short essays have appeared in specialist academic journals and general surveys of recent Irish literature This collection of essays fills this noticeable gap in contemporary criticism and provides an illuminating exploration of many of the themes and concerns which have engaged Toibin ever since the publication of his first book *Walking Along the Border* 1987 The collection provides a series of reflections and includes essays by some of the most prominent figures currently working in Irish Studies The book also includes a lengthy interview of Toibin conducted by his former Magill associate Fintan O Toole **BOOK JACKET** **The First World War and the Mobilization of Biblical Scholarship** Andrew Mein, Nathan MacDonald, Matthew A. Collins, 2019-02-07 This fascinating collection of essays charts for the first time the range of responses by scholars on both sides of the conflict to the outbreak of war in August 1914 The volume examines how biblical scholars like their compatriots from every walk of life responded to the great crisis they faced and with relatively few exceptions were keen to contribute to the war effort Some joined up as soldiers More commonly however biblical scholars and theologians put pen to paper as part of the torrent of patriotic publication that arose both in the United Kingdom and in Germany The contributors reveal that in many cases scholars were repeating or refining common arguments about the responsibility for the war In Germany and Britain where the Bible was still central to a Protestant national culture we also find numerous more specialized works where biblical scholars brought their own disciplinary expertise to bear on the matter of war in general and this war in particular The volume's contributors thus offer new insights into the place of both the Bible and biblical scholarship in early 20th century culture **The Noble Death** David Seeley, 1990-01-01 For Paul Jesus death is vicarious But in what way precisely The author critically reviews the various possibilities offering evidence that in Paul's thought Jesus is understood as fulfilling a martyr's role rather than as a cultic sacrifice or as patterned after biblical models such as the Suffering Servant or the Isaac figure The essential aspects of the concept of the Noble Death found in the martyr stories of 2 and 4 Maccabees and in Graeco Roman literature are clearly discernible also in Paul's interpretation of the death of Jesus Paul was very much a man of his time and the concept was a natural one for him to use in relation to Jesus death **Religious Metaphor and Expression** Esq. W. H. COLLINS, 1868

Jewish Martyrdom in Antiquity Yair Furstenberg, Jan Willem van Henten, Friedrich Avemarie, 2023-03-06 This volume offers a comprehensive discussion of all relevant sources concerning Jewish martyrdom in Antiquity By viewing these narratives together tracing their development and comparing them to other traditions the authors seek to explore how Jewish

is Jewish martyrdom To this end they analyse the impact of the changing social and religious cultural circumstances and the interactions with Graeco Roman and Christian traditions This results in the identification of important continuities and discontinuities Consequently while political ideals that are prominent in 2 and 4 Maccabees are remarkably absent from rabbinic sources the latter reveal a growing awareness of Christian motifs and discourse
