*Cosmic Christianity* Tim Cleary, 2019-04-04 We are living in a very interesting and unique time in human history The pace of change of technology and

of our society as a whole is dizzying perhaps even disorienting With the rise of artificial intelligence and the decoding of the human genome we stand at the threshold of paradigm shifting discoveries and innovation that may redefine what it means to be human This is an era defined by tension and infighting between the spheres of science and religion Indeed this has been a dominant trend since the nineteenth century For many modern rational thinkers the wisdom of our religious traditions has become outmoded and ought be relegated to the dustbins of history Despite this the human heart continues to long for the profound the meaningful and the sacred things our spiritual heritage has typically provided Cosmic Christianity aims to salvage what is most valuable about these sacred traditions while simultaneously integrating them with more modern trends that center on technological advances and artificial intelligence Moreover it will create a novel synthesis between the values of humanism and mysticism Apart from this Cosmic Christianity aims to integrate the wisdom of every imaginable spiritual tradition From traditional Eastern and Western religions to esoteric new age astrology and spiritualism an all embracing framework is created that comfortably houses all perspectives Finally it sets forth a proposal for the origin of God and the universe You will be inspired and made to ponder by Cosmic Christianity [Straight to the Heart of Joshua, Judges and Ruth](#)
