Young People and the Shaping of Public Space in Melbourne, 1870-1914 Simon Sleight, 2016-02-11 Baby booms have a long history In 1870 colonial Melbourne was perspiring juvenile humanity with an astonishing 42 per cent of the city's inhabitants aged 14 and under a demographic anomaly resulting from the gold rushes of the 1850s Within this context Simon Sleight enters the heated debate concerning the future prospects of Young Australia and the place of the colonial child within the incipient Australian nation Looking beyond those institutional sites so often assessed by historians of childhood he ranges across the outdoor city to chart the relationship between a discourse about youth youthful experience and the shaping of new urban spaces Play street work consumerism courtship gang related activities and public parades are examined using a plethora of historical sources to reveal a hitherto hidden layer of city life Capturing the voices of young people as well as those of their parents Sleight alerts us to the ways in which young people shaped the emergent metropolis by appropriating space and attempting to impress upon the city their own desires Here a dynamic youth culture flourished well before the discovery of the teenager in the mid twentieth century here young people and the city grew up together Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1889 Komos ,1973 Marvellous Melbourne ,1981

Lawyers in the Alice Jon Faine, Jonathan Faine, 1993 Much has been said and written about race relations in Australia much remains to be explored Part of that uncharted territory is the story of how Australian Aboriginals began to exercise their rights under the white legal system Part a central part of that story is the story of how legal aid began in Alice Springs And that's the story this book tells the tale of how an outback town was changed for ever Jon Faine has talked to many of

those involved in the early days of Aboriginal legal aid in Alice Springs and a couple of lawyers who practised there before that He tells the story of Aboriginal people deciding to organise and embark on political campaigns of the success of CAALAS being the springboard for health centres land councils and other community organisations of changes in priorities from criminal law to land rights and commercial law of lawyers employed by CAALAS moving on to play major roles in Aboriginal and legal affairs This is oral history at its best personal and evocative passionate and reflective entertaining and informative

today's workplaces The nine instincts explain the reasons and the solutions to the challenges that leaders commonly face Based on the author's wide experience in large organisations combined with witty true stories of chimps from Gombe Tanzania and Taronga Zoo Sydney *Hardwired Humans* explains the psychology behind the human instincts of social behaviour As you read this entertaining book you will learn how the instincts of clan connections hierarchy gossip politics snap judgments status displays and sexual competition continue to drive modern office interactions just as they have driven human interaction for millennia The book shares a practical framework that helps makes sense of human behaviour and allows leaders to manage more effectively In a note introducing the book Dr Jane Goodall calls it a compelling book The Australian Financial Review Boss magazine highly recommends the book as one that will captivate anyone who finds the people stuff confounding
