

MARXISM. AN HISTORICAL AND CRITICAL STUDY

G. Lichtheim*

por Peter Bristow

I. CONTENIDO DE LA OBRA.

La moda entre los comentaristas actuales, según George Lichtheim, es exponer el sistema de Karl Marx y analizar su compatibilidad con el pensamiento de hoy. Pero el autor considera que el marxismo es, en primer lugar, un fenómeno histórico, y así pretende presentarlo en el presente libro. Un análisis crítico del sistema a la luz del pensamiento moderno queda relegado a un segundo lugar. En consecuencia el punto de partida no es el "materialismo dialéctico", sino la Revolución Francesa y su influencia en Alemania a principios del siglo XIX. Con frecuencia se ha dicho que el marxismo representa un puente entre las revoluciones francesa y rusa, el autor apoya esta hipótesis y sigue paso a paso los acontecimientos de este período.

El libro está dividido en seis grandes apartados: a) Revisión histórica y filosófica de los cincuenta años que median entre 1789 y el inicio del desarrollo del sistema marxista. b) Descripción de la primera doctrina de Marx entre 1840 y 1848. c) Consideración del papel que jugaron los acontecimientos, entre

1848-71, en Alemania y Francia, en el completo desenvolvimiento del sistema de Karl Marx. d) Estudio del núcleo de la doctrina marxista, tratando los puntos referentes al "materialismo histórico", la sociedad burguesa y la política y economía marxistas. e) Prospección histórica de las corrientes e interpretaciones sobre Marx desde 1871 hasta la primera guerra mundial. Y, por último, f) Análisis de la disolución del marxismo, considerado como sistema, hasta nuestros días.

Una vez situado el marxismo en su coyuntura histórica, el autor aborda —como objetivo secundario— el análisis crítico. Se plantea si hay elementos del marxismo original que han conservado su importancia a lo largo del tiempo y, más específicamente, considera la importancia que tiene hoy la realización de una crítica de la economía liberal, centrándose en lo que llama primer intento de hacer una teoría unitaria del Estado.

El autor, George Lichtheim, es un alemán educado en Berlín y Heidelberg, que ha residido en Inglaterra desde 1945. Ha sido redactor de la revista *Soviet Survey*. Afirma que el libro no está escrito desde ninguna

Marxism An Historical Critical Study:

Marxism, an Historical and Critical Study George Lichtheim, 1965 Marxism presents an authoritative analytic survey of the course of Marxism from its origins in the late eighteenth century through the post World War II period A classic of political history this work is the culminating achievement of one of the leading historians of socialism *Companion to Historiography* Michael Bentley, 2006-02-27 The Companion to Historiography is an original analysis of the moods and trends in historical writing throughout its phases of development and explores the assumptions and procedures that have formed the creation of historical perspectives Contributed by a distinguished panel of academics each essay conveys in direct jargon free language a genuinely international wide angled view of the ideas traditions and institutions that lie behind the contemporary urgency of world history *Fourth World Conflicts* Janusz Bugajski, 2019-03-07 This study consists of a comprehensive examination of Communist policies toward rural populations and indigenous societies in a cross section of developing Third World states It explores the universal threads and national adaptations of Communist or Marxist Leninist theory and praxis *Karl Marx* Kevin B. Anderson, 2017-05-15 Marx s approach to analyzing society and especially his critique of capitalist society continues to influence the work of a large number of scholars world wide Unfortunately there are relatively few clear accounts of what this approach is and how to put it to use And despite the many attempts to use Marx s method to study a variety of subjects there are relatively few that can serve as useful models In the present volume the internationally renowned Marxist scholar Bertell Ollman and the social theorist Kevin B Anderson have brought together a sampling of the best writings of the past hundred years that illustrate and critique Marx s method as well as explain what it is and how to put it to work Anyone wishing to understand better Marx s dialectical method along of course with the theories created with its help or to revise this method or to criticize it or to use it in their own work will find this collection invaluable

Varieties of Marxism Shlomo Avineri,2012-12-06 The essays included in this volume are based on papers delivered at the International Symposium on Varieties of Marxism held at the Van Leer Jerusalem Foundation on June 16 19 1974 and dedicated to the memory of George Lichtheim When the idea of such a symposium was first raised the organizers planned to have George Lichtheim as one of the main speakers at the event In our last and brief meeting in London I suggested this to him and Lichtheim gave his consent to attend the symposium though at that time no date was yet fixed His tragic death a few months later left a gap not only in the program of the symposium but in Marxist studies generally it was felt that per haps one way of paying tribute to his contribution to the study of a subject so near to his mind would be to name the symposium in his memory and devote an introductory paper to an attempt at an intellectual portrait of George Lichtheim as an historian of ideas The volume as published includes all papers delivered at the symposium with the excep tion of the papers of J L Talmon Jerusalem on Marxism and Nationalism and Gajo Petrovic Zagreb on Yugo slav Marxism Appended is also a short obituary written by me on Lichtheim for the journal Political Science published by the American Political Science Association
