

# What is Marxist Literary Theory?

- This approach to literature is based on the philosophy of Karl Marx—whoever owns the means of production in a society (the factories) controlled the society (culture).
- Marx felt that the basis for power should be with the large masses who actually operate the factories, not the few elite who owned them
- Marxists believed literature could start a revolution
- Marx believed that social hierarchies caused oppression (for the lower groups, the majority)
